Encompass Onsite 401(k) Plan
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Encompass Onsite 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Encompass Onsite 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Encompass Onsite 401(k) Plan's ability to continue as a going concern for one year after the date the 2021 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Encompass Onsite 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Encompass Onsite 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

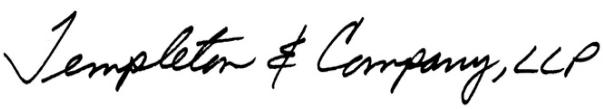

In forming our opinion on the supplemental information, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. In our report, dated December 21, 2022, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Encompass Onsite 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan established on October 15, 2019. The Plan covers substantially all of the employees of Encompass Onsite Solutions, LLC (the Company, Employer or Plan Sponsor). Eligible employees enter the Plan after completing the minimum service requirement of ninety (90) days of credited service, as defined.

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company), a member of Principal Financial Group, acts as the Plan's Trustee, holds the Plan's investments, and executes investment transactions. The Company is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). For the year ended December 31, 2021, individual participant contributions were limited to $19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,500 for the year ended December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals.

The Employer may make a discretionary matching contribution to the Plan. Participants must complete ninety days of service and be employed on the last day of the Plan year in order to be eligible for the Employer's discretionary matching contributions. For the year ended December 31, 2021, the Employer did not make any such contributions. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any) and (b) Plan earnings or losses thereon, and is charged with his or her withdrawals and an allocation of administrative expenses, as defined in the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting of benefits

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their account, plus earnings or losses thereon, is based on years of continuous service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is 100% vested the Employer's contributions after three (3) years of credited service. Regardless of years of service, participants are 100% vested upon reaching normal retirement age (65), becoming disabled, Plan termination, or upon death.

Note 1 – Description of Plan, Continued

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce Employer contributions. There were no forfeitures utilized or available for use as of December 31, 2021 and 2020 or for the year ended December 31, 2021.

Payment of benefits

Upon termination from service due to death, disability, or qualifying under certain “hardship” rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. If a participant terminates employment for any reason and his or her vested account balance does not exceed $5,000, the Plan Administrator may distribute such amount in a lump sum payment without consent of the participant. Distributions before normal retirement age may only be in the form of a single lump-sum payment or a rollover into another qualified plan. Distributions after normal retirement age may be in the form of a single lump-sum payment, installments with respect to lifetime minimum required distributions, or a rollover into another qualified plan. Additionally, participants reaching the age of 59½ may receive in-service withdrawals, as defined.

Participant notes receivable

Participants may borrow from their accounts between $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. Loans are secured by the balance in a participant’s account and bear interest at rates determined by the Plan Administrator commensurate with prevailing commercial borrowing rates. Principal and interest are repaid ratably through payroll deductions.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Plan Sponsor and are not reflected in these financial statements..

CARES Act

In March 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated and implemented certain provisions of the CARES Act.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies utilizing information provided by the investment advisor and the Trustee.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participant's account and included as administrative expenses when incurred. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

For the year ended December 31, 2021, the Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements.

Plan administration

The Employer is the Plan Administrator and, as such, controls and manages the operations of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company, the Trustee), a member of Principal Financial Group is the Plan's Trustee. The Trustee maintains the records of the participants' data and invests the participants' and Employer's contributions. Fees from covered service providers of the Plan are in compliance with Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2021 that it would be unable to substantiate.

Note 3 – Investment information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 3 – Investment information Certified by the Trustee, Continued

Accordingly, Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2021 and 2020. During the year ended December 31, 2021, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodology used for assets measured at fair value:

Collective investment trusts (CITs) – in general, are tax-exempt, pooled investment vehicles sponsored and maintained by a bank or trust company who also serves as the trustee. CITs combine assets from eligible investors into a single investment portfolio (or fund) with a specific investment strategy. The unit values of the pooled investment vehicles are based upon unadjusted quoted prices in active markets for identical assets or liabilities and are therefore considered Level 1 investments within the fair value hierarchy.

Note 4 – Fair Value Measurements, Continued

The preceding method described may produce a fair value calculation that may not be indicative net realizable value or reflecting of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2021 and 2020.

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Collective investment trusts	$ 106,959	$ -	$ -	$ 106,959

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Collective investment trusts	$ 87,628	$ -	$ -	$ 87,628

Note 5 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their account balances.

Note 7 – Tax Status

The Plan adopted a Prototype Non-standardized Profit Sharing Plan with CODA sponsored by Principal Life Insurance Co. The Prototype Non-standardized Profit Sharing Plan with CODA obtained its determination letter on March 31, 2014 from the IRS stating that the plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments are maintained and managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) (the Trustee), and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

Note 8 – Party-In-Interest Transactions, Continued

Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 9 – Subsequent Events

Subsequent to December 31, 2021, the Plan was amended and restated on April 12, 2022 to comply with certain tax legislation.

The Plan evaluated events occurring subsequent to December 31, 2021 through December 21, 2022, the date the financial statements were available to be issued, for events that should be recorded in the financial statements or disclosed in the notes thereto.
