Independent Auditor's Report

**To the Plan Administrator of the
403(b) Thrift Plan of Catholic Charities and Community
Services of the Archdiocese of Denver, Inc.**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the 403(b) Thrift Plan of Catholic Charities and Community Services of the Archdiocese of Denver, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**To the Plan Administrator of the
403(b) Thrift Plan of Catholic Charities and Community
Services of the Archdiocese of Denver, Inc.**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**To the Plan Administrator of the
403(b) Thrift Plan of Catholic Charities and Community
Services of the Archdiocese of Denver, Inc.**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**To the Plan Administrator of the
403(b) Thrift Plan of Catholic Charities and Community
Services of the Archdiocese of Denver, Inc.**

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) and Schedule H, Line 4i-Schedule of Assets (Acquired and Disposed of Within Year) as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Plan Administrator of the 403(b) Thrift Plan of Catholic Charities and Community Services of the Archdiocese of Denver, Inc.

We were engaged to audit the accompanying statement of net assets available for benefits of the 403(b) Thrift Plan of Catholic Charities and Community Services of the Archdiocese of Denver, Inc. (the Plan) as of December 31, 2020, and the statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for the 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements
December 31, 2021 and 2020**

(1) General Description of the Plan

The following description of the 403(b) Thrift Plan (the Plan) of Catholic Charities and Community Services of the Archdiocese of Denver, Inc. (Catholic Charities) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all Catholic Charities employees who normally work 20 hours or more per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Eligible employees are allowed to make voluntary contributions to the Plan beginning on their date of hire. Participants may contribute to the Plan the maximum amount allowed by law. An employee becomes eligible for employer contributions after completing one year of service totaling at least 1,000 service hours. Participation begins on the first day of the month after the eligibility requirements are met. In 2021 and 2020, Catholic Charities made contributions to the Plan equal to 50% of the employee's elective deferral amount that did not exceed 2% of the total employee's compensation. Additionally, during 2021 and 2020, Catholic Charities made discretionary contributions equal to 4% of employee compensation. Contributions are subject to certain statutory limitations.

Upon enrollment in the Plan, participants may direct employer contributions to their respective account in 1% increments in any of the diverse investment options. Throughout the years ended December 31, 2021 and 2020, a total of twenty-two investment options were available to participants. These investment options consist of an annuity contract and mutual funds held in custodial accounts. If a participant does not make an election, their contribution is allocated to a default fund. Participants may change their investment options daily.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, Catholic Charities' contributions, forfeitures, and participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeited balances of terminated participants' nonvested accounts are used to pay certain administrative fees of the Plan and used to reduce employer contributions. For the year ended December 31, 2021 and 2020, plan forfeitures totaling \$53,623 and \$241,031, respectively, were used for the purposes described above. At December 31, 2021 and 2020, there were unallocated forfeitures totaling \$10,984 and \$17,907, respectively, available for future use.

If a participant terminates employment, the participant may elect to receive a distribution of some or all of the participant's account balance.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(1) General Description of the Plan, Continued

(e) Vesting

A participant is always 100% vested in their elective deferrals, rollover contributions, and earnings on the amounts. Meanwhile, a participant is 100% vested in employer matching contributions after reaching three years of service. Employer discretionary contributions are subject to a five-year vesting schedule, with a participant being 100% vested after reaching five years of service. Participants become fully vested upon attaining normal retirement age of 65, terminating employment due to disability, death, or in the event the Plan is terminated or partially terminated.

(f) Loans Receivable from Participants

Participants may borrow a minimum of \$1,000, up to a maximum amount of the lesser of 50% of the participant's vested account balance, or \$50,000 minus the highest total outstanding plan loan balance in the 12 months immediately before the date of the participant's new loan. A participant can have two loans outstanding from the Plan at one time. All loans are secured by an equal amount of the participant's account balance. All loans bear a reasonable interest rate, established by the Plan Administrator, which will be commensurate with the prevailing interest rate charged on similar loans under like circumstances by persons in the business of lending money. During 2021 and 2020, interest rates ranged from 4.25% – 6.50%. Loans require at least quarterly payments under a level amortization schedule over a period not exceeding 57 months, except in the purchase of a primary residence, in which the loan must be repaid within 120 months. Total loans outstanding at December 31, 2021 and 2020 were \$322,161 and \$315,386, respectively.

(g) Payment of Benefits

On termination of service due to death, a single lump-sum cash payment will be made to the participant's designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, an annuity option, or a direct rollover to an individual retirement account, or to another employer's tax qualified plan, at any time that the participant elects, following the termination of employment. In those cases, a participant whose account balance does not exceed \$1,000 will receive a distribution in cash. For account balances greater than \$1,000, but less than \$5,000, a participant's vested balance will be distributed from the Plan, either via cash distribution or a direct rollover to an individual retirement account or to another employer's qualified plan. If a participant's vested account balance exceeds \$5,000, the participant must consent to any distribution of those funds unless the participant has attained the later of normal retirement age or 62. Participants who are age 59 1/2 and still employed by Catholic Charities may receive an in-service distribution, in which they may withdraw all or a portion of their respective vested contributions. Only one in-service distribution can be made by a qualifying participant during a Plan year.

(h) Hardship Distributions

The Plan permits the withdrawal of a hardship distribution by a participant to satisfy immediate and heavy financial needs. A hardship distribution may be made only for certain needs, including medical expenses, costs related to the purchase of a principal residence, costs to prevent eviction from a principal residence, burial or funeral expenses, expenses for the repair of damage to a participant's personal residence, and taxes or penalties reasonably anticipated to result from a hardship distribution.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(1) General Description of the Plan, Continued

(h) Hardship Distributions, Continued

Furthermore, the distribution cannot be in excess of the amount of the participant's immediate and heavy financial need, all financial resources must be exhausted before obtaining a hardship distribution. The distribution can be made only from elective deferrals to date reduced by the amount of any previous distributions made to the participant from their elective deferral account.

(i) Expenses

The Plan permits the payment of certain Plan expenses to be made from the Plan assets. Expenses may be allocated among all Plan participants or charged directly against individual account balances. Furthermore, forfeitures are used to pay certain administrative fees of the plan. Fees charged generally include administrative and recordkeeping expenses. Total administration expenses incurred directly by the Plan totaled \$78,285 and \$59,285 for 2021 and 2020, respectively. Some expenses are absorbed by the Plan Sponsor and include participant/distribution fees, legal fees, audit fees, and plan administration fees. For 2021 and 2020, total expenses paid by Catholic Charities on behalf of the Plan were \$12,000 and \$11,800, respectively.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investments

Investments are reported at fair value, except for the fully benefit-responsive annuity contract, which is reported at contract value (see note 7). Fair value is determined as more fully described in note 2(d). Investments in mutual funds with readily determinable market values are reported at fair value based on quoted prices in active markets. Management is responsible for the fair value measurement of investments reported in the financial statements and believes that the reported values are reasonable.

Investment return consists of the Plan's distributive share of any interest, dividends, capital gains and losses, generated from investments, as well as the change in fair value of the investments. Gains and losses attributable to investments are realized and reported upon a sales or disposition of the investments. Unrealized gains and losses are included in the change in net assets available for benefits.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(2) Summary of Significant Accounting Policies, Continued

(d) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. US GAAP establishes a fair value hierarchy that prioritizes investments based on the assumptions market participants would use when pricing an asset. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). The Plan groups assets at fair value in three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

These levels are:

- Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.
- Level 2 Other observable inputs, either directly or indirectly, including:
 - Quoted prices for similar assets/liabilities in active markets;
 - Quoted prices for identical or similar assets in non-active markets;
 - Inputs other than quoted prices that are observable for the asset/liability; and,
 - Inputs that are derived principally from or corroborated by other observable market data.
- Level 3 Unobservable inputs that cannot be corroborated by observable market data.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. These classifications (Level 1, 2 and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not necessarily an indication of risk or liquidity.

Market price is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument, as well as the effects of market, interest and credit risk. Instruments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. It is reasonably possible that change in values of these instruments will occur in the near term and that such changes could materially affect amounts reported in the Plan's financial statements.

(e) Loans Receivable from Participants

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are placed on nonaccrual status at the time a participant terminated employment and makes no further payment on the loan. A participant loan is considered to be in default when any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Upon default, the participant will have the opportunity to repay the loan, resume current status of the loan by paying any missed payment plus interest, or request distribution of the note. If the loan remains in default, the plan administrator will offset the participant's vested account balances by the outstanding balance of the loan and treat the loan as a distribution. Therefore, there is no allowance for doubtful accounts.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(2) Summary of Significant Accounting Policies, Continued

(e) Loans Receivable from Participants, Continued

At December 31, 2021, there were five loans in default that have been offset against loan balances totaling \$28,999, and one loan that was deemed a distribution during the year totaling \$4,688. In 2020, there was one loan totaling \$1,179 that was a deemed distribution for the year ended December 31, 2020 but was subsequently repaid during 2021. Defaulted loans will remain as outstanding loans until the participant has a distributable event, such as a termination of employment, retirement, or full withdrawal of his or her account balance, or the participant pays the loan in full. Interest on defaulted loans is earned when paid.

(f) Participant Accounting Records

The Plan's third-party administrator maintains individual participants' accounting records. Income is allocated to the participants' accounts on a daily basis. Statements are prepared and sent to all participants quarterly.

(g) Payment of Benefits

Benefits are recorded when paid.

(h) Subsequent Events

Management has evaluated subsequent events through August 24, 2022, the date the financial statements were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, Catholic Charities has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(4) Tax Status

The Plan has been informed by its contract administrator that the 403(b) plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since its adoption. Catholic Charities is of the opinion that the Plan is currently being operated and fulfills the applicable requirements of a qualified plan. Accordingly, no provision for federal and state taxes has been provided.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities.

The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and determined there are none. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files Form 5500, and the three previous tax years remain subject to examination.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Investments

The following table summarizes the valuation of the Plan's investments by the above fair value hierarchy levels as of December 31, 2021:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds invested in:				
Asset allocation funds	\$ 5,089,335	5,089,335	—	—

The following table summarizes the valuation of the Plan's investments by the above fair value hierarchy levels as of December 31, 2020:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds invested in:

Total investments, at fair value	\$ <u>12,654,234</u>	<u>12,654,234</u>	—	—

Level 1 assets have been valued using a market approach. There were no changes in valuation techniques during the current year.

(7) Guaranteed Annuity Contract

The Plan invests in Voya Fixed Plus Account III, which is a fully benefit-responsive guaranteed fixed annuity contract with Voya Retirement Insurance and Annuity Company (Voya) totaling \$3,983,628 and \$3,506,041 at December 31, 2021 and 2020, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a rate between 1% and 3%. Withdrawals from the guaranteed annuity contract are allowed to pay benefits to participants at any time. However, if the Plan requests a full withdrawal of all participant accounts held in the guaranteed annuity contract, amounts will be distributed over a five-year schedule.

**403(b) Thrift Plan of Catholic Charities and Community Services
of the Archdiocese of Denver, Inc.
Notes to Financial Statements, Continued**

(7) Guaranteed Annuity Contract, Continued

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earning, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement with the consent of the issuer.

(8) Related Party Transactions

Investment products and plan administrative services were provided by Voya. Transactions with Voya qualify as party-in-interest transactions.

(9) Financial Data Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the custodian of the Plan has certified all financial data from which the Plan investment balances and activities reported on the statements of net assets available for benefits, the statements of changes in net assets available for benefits and the supplemental schedule of assets held for investment purposes have been prepared.

(10) Reconciliation of Financial Statements to Form 5500

The Form 5500 is prepared by the third-party administrator on a cash basis of accounting and the financial statements are prepared on an accrual basis of accounting. This creates a difference in the contributions receivable and received during the year.
