To the Trustees and Plan Administrator
Yellowstone Bank 401(k) Plan
Missoula, Montana

We have audited the financial statements of Yellowstone Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and we will issue our report thereon dated May 15, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a banks or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 9, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements is:

- Management's estimate of the fair value of investments based on factors described in Note 4 and certified by Fidelity Management Trust Company. We evaluated the key factors and assumptions used to develop the fair value of the investments in determining that it is reasonable in relation to the financial statements as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements is:

- The disclosure of investments in Note 3 to the financial statements listing investments held by the Plan and investment income certified by the custodians of the Plan's investment assets. The investments listed in this note are not subject to audit procedures as they have been certified by Fidelity Management Trust Company.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit. However, as we were not engaged to perform the audit until after the regulatory filing deadline, the audit was not complete in time to meet this deadline.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were identified during the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding:

Incomplete Form 5500 Filing

The Internal Revenue Service (IRS) requires that Form 5500 be filed seven and a half months after the close of the plan year. An automatic three-month extension can be requested. The Plan's Form 5500 was due on October 15, 2022. For large plans, the Form 5500 filing must contain audited financial statements. However, management was not notified by the third-party administrator of the audit requirement in a timely manner, the Sponsor did not engage with an independent auditor until after the filing deadline had passed. So, while the Form 5500 was filed by the deadline, the reporting package did not contain audited financial statements. The IRS and DOL can impose penalties for late or incomplete filings.

We recommend Form 5500 be amended to include audited financial statements as soon as administratively feasible.

Inconsistent Definition of Eligibility

The Plan adoption agreement states that no eligibility service requirement applies to employee deferrals, meaning they are eligible to participate immediately upon attaining age 18. However, management has implemented a policy that includes a 30-day waiting period on enrollment. Since this waiting period is not defined in the Plan adoption agreement, this treatment could be construed as the Plan not allowing eligible participants to defer or a missed opportunity. In this case, the Plan could be held liable for these lost earnings.

We recommend the 30-day waiting period be formalized in a policy or the adoption agreement be amended to reflect this eligibility service requirement..

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 15, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Upon completion of our audit planning, we identified the following significant risk of material misstatement in addition to those that were communicated in our engagement letter dated December 9, 2022:

- Risk of benefit payments paid without participant consent.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

On the Horizon

The U.S. Department of Labor's (DOL's) Employee Benefits Security Administration (EBSA) announced new guidance to help plan fiduciaries meet their obligations under ERISA to locate and distribute retirement benefits to missing or nonresponsive participants of defined benefit and defined contribution plans in response to its Terminated Vested Participants Project (TVPP) initiated in 2021. The guidance includes:

- Best Practices for Pension Plans (<https://www.dol.gov/agencies/ebsa/employers-and-advisers/plan-administration-and-compliance/retirement/missing-participants-guidance/best-practices-for-pension-plans>) describes best practices that fiduciaries of retirement plans, such as 401(k) plans, should consider to help reduce missing participant issues and ensure that plan participants receive promised benefits when they reach retirement age;
- Compliance Assistance Release 2021-01 outlines the general investigative approach that will guide all EBSA's Regional Offices under the TVPP and facilitate voluntary compliance efforts by plan fiduciaries;
- Field Assistance Bulletin 2021-01 authorizes, as a matter of enforcement policy, plan fiduciaries of terminating defined contribution plans use of the PBGC missing participant program for missing or nonresponsive participant's account balances.

Given this initiative and the DOL's recommendations regarding missing participants, plan sponsors should review their processes and procedures for dealing with document retention, uncashed checks and outstanding distribution payments. Steps that all plan sponsors should consider include:

- Maintaining personnel file documentation for all participants in the plan with balances even if they exceed document retention policy dates. Participant documents should be retained until those participants no longer have a balance in the plan.
- Maintaining regular contact with your employees, retirees and beneficiaries to ensure that contact information that you have on file is complete and up-to-date. Keep records of your outreach attempts to those individuals.
- Consider whether your plan has any unclaimed plan assets and how those should be handled if identified.
- Review your plan's service provider contracts for language that addresses the handling of uncashed checks. Consider whether the process aligns with what regulators have identified as expected best practices, and work with the provider to adjust the process as needed.

This information is intended solely for the use of the Plan Administrator, Board of Directors, and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator
Yellowstone Bank 401(k) Plan, Plan No. 001
Missoula, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Yellowstone Bank 401(k) Plan, Plan No. 001 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yellowstone Bank 401(k) Plan, Plan No. 001 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Report on 2020 Compiled Financial Statements

Plan management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2020, and the related notes to this financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with the Standards for Accounting and Review Services promulgated by the Accounting and Review Services committee of the AICPA. We did not audit or review the statement of net assets available for benefits nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT

(Continued)

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of Yellowstone Bank 401(k) Plan, Plan No. 001 (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General The Plan is a voluntary defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code of 1986. It covers substantially all employees of Yellowstone Bank and participating related employers (the Sponsor) who have attained the age of eighteen, except employees covered by a collective bargaining agreement, leased employees and non-resident aliens.

Sponsor Contributions The Sponsor makes matching contributions equal to 6% of the first 100% of a participant's eligible compensation. A participant must have attained the age of eighteen and have completed twelve months of service in order to be eligible to receive this contribution. The Board of Directors approved a contribution of \$383,919 for the year ended December 31, 2021.

Participant Contributions Participants may elect to have a portion of their compensation contributed to the Plan on a pre-tax or post-tax basis subject to an annual limit of the lesser of 60% of eligible compensation or \$19,500 for 2021. Eligible participants age 50 or older by the end of a calendar year may make catch-up contributions to the Plan, subject to federal statutory limitations of \$6,500 for 2021. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts Each participant's account is credited with their participant contributions and allocations of (a) sponsor contributions, if any, and, (b) related investment earnings and losses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Upon termination of employment for any reason other than death, disability, or normal retirement, a participant shall receive a percentage of his or her account balance determined according to the following vesting schedule. In the event of death, termination of employment as a result of permanent or total disability, or retirement at age 65 or older, the participant is fully vested. Participants are immediately 100% vested in their elective deferrals, plus actual earnings thereon and any rollover contributions. Participants become vested in sponsor contributions according to the number of years of service.

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Yellowstone Bank 401(k) Plan, Plan No. 001

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Forfeitures Forfeitures are the non-vested portion of a participant's account upon termination of employment. Any forfeitures occurring during the plan year may be applied to reduce contributions of the Employer. However, forfeitures shall first be used to pay administrative expenses under the Plan, if so directed by the Employer. The Plan used \$25 of forfeitures to pay administrative expenses during the year ended December 31, 2021. At December 31, 2021, there were \$15,053 of forfeited, non-vested accounts.

Payment of Benefits On termination of service, participants may elect to receive a lump sum amount equal to the vested value of their account or may transfer the vested value of their account to another retirement investment vehicle. If, upon termination, the participant's account balance does not exceed \$5,000, the account balance will be automatically distributed. Any distribution greater than \$1,000 will be rolled over into an individual retirement account and invested in funds designed to preserve principal. Those under \$1,000 will be paid in cash to the participant in accordance with the plan agreement. Participants may make withdrawals prior to termination of employment in the event the participant is experiencing financial hardship.

The Plan held no vested allocations of withdrawn participants' accounts that have not been paid as of December 31, 2021.

Subsequent Events Management has evaluated subsequent events through May 15, 2023, the date which the financial statements were available to be issued.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Use of Estimates The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits Benefits are recorded when paid.

Risks and Uncertainties The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statement of net assets available for benefits.

As a result of economic uncertainty and volatility in financial markets, various investment securities held by the Plan have incurred significant declines in fair value since December 31, 2021. The markets continue to evolve rapidly, and Plan management is not able at this time to estimate the full impact on the Plan's financial statements.

Yellowstone Bank 401(k) Plan, Plan No. 001

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Investment Valuation and Income Recognition The Plan's investments are reported at fair value as certified by Fidelity Management Trust Company, the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options Upon enrollment in the Plan, a participant may direct both their participant and sponsor contributions into any of various investment options. Participants may change their investment options at any time.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Participants may obtain loans from their vested account balance. The amount of the loan permitted by the Plan is a minimum of \$1,000, up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear an interest rate that is commensurate with local prevailing rates as determined by the Plan Administrator. Participants are allowed a maximum of one loan outstanding at any one time. Principal and interest are paid ratably through bi-weekly payroll deductions. All loans held at year end are considered collectible. Delinquent participant loans are deemed as distributions based upon the terms of the plan agreement.

Expenses Custodian and transactional fees are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. All other expenses associated with the Plan are paid by the Employer and are not reimbursed by the Plan.

Expense Offset Arrangements Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment.

Income Tax Status The Plan Sponsor have adopted a prototype plan document and are relying on the prototype plan's opinion letter from the Internal Revenue Service dated June 30, 2020, indicating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support with the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. It is the opinion of management that the Plan has no uncertain tax positions.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the custodian as of and for the year ended December 31, 2021, except for comparing such information certified by the qualified institution to information included in the Plan's financial statements and supplemental schedule. The custodian is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from statements prepared and certified by the custodian to be complete and accurate.

4. FAIR VALUE MEASUREMENTS

Basis of Fair Value Measurement The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under are described as follows:

Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Yellowstone Bank 401(k) Plan, Plan No. 001

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest-Bearing Cash: Valued at fair value by discounting the related cash flows based on current yields of similar instruments considering the credit-worthiness of the issuer.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the NAV per share as of the close of business on the valuation date. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

The following table presents by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2021 and 2020. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV The following table summarizes investments measured at fair value based on calculated NAV per share as a practical expedient.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	\$ 359,093	n/a	Daily	1 day

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the Employer, all amounts credited to the accounts of participants shall vest and become non-forfeitable.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, Plan Custodian. The Plan paid custodian and administrative fees to Fidelity Management Trust Company amounting to \$72,090 during the year ended December 31, 2021.

Form 5500, Line 6 - Participant Count Detail Report
As of : 12/31/2021

The following participant count numbers will be reported on Line 6 of the Form 5500. These numbers were calculated as of the end of the Plan year, based upon participant information maintained at Fidelity and employee data submitted for the non-discrimination testing. Discrepancies in these numbers could occur if participant information has not been updated by the Report Date above.

If it is determined that there are changes needed to the non-discrimination testing data, or employee data within our recordkeeping system, please call your Fidelity toll-free number and select Testing and 5500.

Should you wish to change any of these numbers to reflect participant counts based on your records, you may do so by making updates to Line 6 amounts on the Form 5500 within PSW.
