Independent Auditors' Report

Plan Administrator  
Double Down Interactive LLC 401(k) Plan  
Seattle, Washington

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Double Down Interactive LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C)). The financial statements comprise the statements of net assets available for benefits as of June 14, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through June 14, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Double Down Interactive LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 14, 2022 and December 31, 2021, and for the period from January 1, 2022 through June 14, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator  
Double Down Interactive LLC 401(k) Plan  
Seattle, Washington

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Double Down Interactive LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter – Plan Merger**

As further discussed in Note 1 to the financial statements, the Investment Committee of the Double Down Interactive LLC 401(k) Plan (the Plan) elected to merge the Plan with the Insperity 401(k) Plan. Effective June 14, 2022, all plan assets and recordkeeping services were transferred to the Insperity 401(k) Plan. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Double Down Interactive LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Double Down Interactive LLC 401(k) Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Double Down Interactive LLC 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Plan Administrator  
Double Down Interactive LLC 401(k) Plan  
Seattle, Washington

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# DOUBLE DOWN INTERACTIVE LLC 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS

---

### 1. Organization and description of the Plan:

The provisions of the Double Down Interactive LLC 401(k) Plan (the Plan) were effective August 1, 2017. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. On June 14, 2022, the assets of the Plan were transferred to the Insperity 401(k) Plan.

#### General:

Prior to merger, the Plan was a defined contribution plan covering substantially all employees formerly employed by Double Down Interactive LLC (the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company was the Plan's sponsor and served as Plan Administrator. The Plan's Investment Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

#### Plan merger:

On March 25, 2022, the Company notified Fidelity Trust Management Company (the trustee of the Plan) of their intent to transfer all plan assets and recordkeeping services to the Insperity 401(k) Plan and Insperity Retirement Services, respectively, as soon as administratively practicable. No contributions, loans, distributions or rollovers were allowed subsequent to March 31, 2022 through June 14, 2022 (date of merger).

On June 15, 2022, the Plan received confirmation from New York Mellon, the trustee of the Insperity 401(k) Plan, that all assets had been received.

#### Eligibility:

Prior to merger of the Plan, employees were eligible to participate in the Plan after completing two months of service. Employees had to complete this requirement during the Plan year to be eligible to receive any employer match or profit sharing contributions.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

---

### 1. Organization and description of the Plan (continued):

#### Contributions:

Employees were auto-enrolled into the Plan at a rate of 6%. Participants could elect to stop or change contributions at any time, and could contribute up to 80% of their annual pre-tax or after-tax compensation to the Plan, as defined in the Plan document, within statutory limits. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

The Company would make discretionary matching contributions to the Plan. For 2022, the Company authorized matching contributions of 100% of the first 1%, and 50% of the next 5%, that a participant contributed to the Plan on a pay-period basis. The Company could make discretionary annual profit sharing contributions. No profit sharing contributions were authorized for the period January 1, 2022 through June 14, 2022. Contributions were subject to certain Internal Revenue Service (IRS) limitations. Under the Trustee's plans to terminate the Plan and transfer the assets to another qualified plan, no contributions were received by the Plan after March 31, 2022.

#### Participant accounts:

Each participant's account was credited with the participant's contributions, as well as employer match and profit-sharing contributions by the Sponsor, plus Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Participants would direct the investment of their account into various investment options offered by the Plan.

#### Vesting:

Prior to the merger, participants were 100% vested in their accounts, including any employer contributions, and actual earnings thereon.

### 1. Organization and description of the Plan (continued):

#### Notes receivable from participants:

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were issued by the Plan and secured by the balance in the participant's account. All loans had to be repaid within a period of five years, unless the loan was used to purchase a principal residence in which case, the loan must be repaid within a reasonable period of time. Under the terms of the Plan agreement, the plan loans bore interest at the prime rate plus 1% at the time of loan issuance. Principal and interest was paid ratably through payroll deductions. As of June 14, 2022, all outstanding notes receivables from participants were transferred to the Insuperity 401(k) Plan in connection with the merger of the Plan.

#### Payment of benefits:

Benefits could be distributed upon retirement, death, disability, or other termination of employment in lump-sum, substantially equal installments or partial withdrawals. In-service withdrawals were permitted after age 59½, or from the rollover account at any time. Account balances under \$5,000 were paid in a lump sum payment. Hardship withdrawals were available only to the extent that the participant has no other financial resources to meet the financial need as defined in the Plan, and the amount of the withdrawal cannot exceed the amount needed.

### 2. Summary of significant accounting policies:

#### Basis of accounting:

The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

### 2. Summary of significant accounting policies (continued):

#### Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determined the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities were recorded on a trade-date basis. Interest income is accrued when paid. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses was recorded at June 14, 2022 or December 31, 2021. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan documents.

#### Payment of benefits:

Benefits are recorded when paid.

#### Administrative expenses:

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses when incurred. Investment related expenses are included in net appreciation in fair value of investments. Investment advisory fees were paid directly by the Plan and are shown separately on the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses when they were incurred.

### 2. Summary of significant accounting policies (continued):

#### Subsequent events:

The Plan has evaluated subsequent events through May 22, 2023, the date on which the financial statements were available to be issued.

### 3. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy were described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

### 3. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 14, 2022 and 2021.

*Mutual funds and money market fund:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan were deemed to be actively traded.

### 4. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at June 14, 2022, and December 31, 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2022 through June 14, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

### 5. Related party transaction and party-in-interest transactions:

Certain Plan investments were managed by Fidelity. Prior to the merger, Fidelity was the trustee and recordkeeper for the Plan and therefore, these transactions qualified as party-in-interest transactions. Revenue sharing fees collected from various mutual fund companies by Fidelity were first used to offset the Plan's administrative costs; any remaining revenue sharing was credited back to the Plan and is included in net depreciation in fair value of investments.

6. Tax status:

The Plan was based on a prototype non-standardized defined-contribution plan that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the prototype plan, as then designed was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan had any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.
