REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Trustees
American Zinc Recycling Hourly Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of American Zinc Recycling Hourly Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of the American Zinc Recycling Hourly Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1988 as a retirement plan covering certain hourly paid employees of American Zinc Recycling LLC ("Company" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

As of August 17, 2021, the recycling assets of American Zinc Recycling LLC were sold to Befesa S.A. (the "Sale"). Included in the Sale were the majority of employees of the corporate location and all employees of the Barnwell, Calumet, Palmerton and Rockwood locations. The Plan was maintained for the employees involved in the Sale. In conjunction with the Sale, the Plan sponsor's name was changed to Befesa Zinc US Inc.

Prior to the Sale, on August 1, 2021, the American Zinc Recycling LLC Hourly Retirement Savings Plan was established for the employees of INMETCO and American Zinc Products LLC ("AZP"), subsidiaries which were not included in the Sale.

The American Zinc Recycling LLC Hourly Retirement Savings Plan was renamed to the Metals Recovery Holdings LLC Hourly Retirement Savings Plan (the "MRH Plan"), for which Metals Recovery Holdings LLC (formerly American Zinc Recycling LLC) is the plan sponsor.

In October 2021, \$12,018,704 of assets were spun off from the Plan to the MRH Plan related to the employees of INMETCO and AZP.

Eligibility

Hourly employees become eligible participants in the Plan after 90 days of employment and are eligible for Company contributions on the first of the month following completion of 12 months of continuous service with the Company.

Contributions

All employees participating in the Plan may contribute up to a maximum of 100% of their eligible compensation through payroll deductions subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified plans, commonly referred to as rollover contributions. The Plan includes an automatic enrollment provision. As part of the automatic enrollment, any employee that becomes eligible to participate in the Plan is enrolled at a 6% deferral rate. Employees may elect a different deferral percentage or elect not to make contributions.

The Company's contributions to the Plan on behalf of each group of participants are made in accordance with the schedule of payments specified by the basic labor agreement covering the specific group of represented employees at each of the Company's divisions. The Company will make matching contributions in an amount equal to the amounts specified in each labor agreement. The Company will also make nonelective contributions for all eligible employees in an amount specified in the labor agreements.

Participant Accounts

Participant's accounts are credited with their contributions, allocations of Company contributions as required by the participant's respective bargaining agreement, plus investment earnings thereon, and charged with an allocation of investment losses and administrative expenses. Allocations are based on participant account balances or contributions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in Company contributions and earnings thereon upon completion of three years of continuous service, using a cliff vesting scale. Forfeitures of participants' nonvested accounts may be used to pay Plan expenses or reduce future Company contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$7,667 and \$16,863, respectively. During 2021, Company contributions were reduced by \$50,333 from forfeited nonvested accounts.

Payments of Benefits

An individual account is established for each Plan participant. A participant may not, at any time during employment, make any withdrawals, except in cases of hardship or participant loans. Hardship withdrawals are restricted to employee contributions. In the event of termination of employment, a participant shall receive, as a distribution, their participant contributions and earnings thereon and vested Company contributions and earnings thereon, in the form of a single-sum payment, or installment payments.

Investment Options

All investments of the Plan are fully participant directed. The Plan's investment funds are held by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company doing business as Principal Trust Company ("Trustee"), a member of the Principal Financial Group, the custodian of the Plan. Participants may direct their contributions in one or more of the investment options offered by the Plan. Participants may change their investment options at their discretion.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of: a) \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made, or b) the greater of 50% of the participant's vested account balance or \$10,000. Loan terms generally range from one to five years except for those used for the purchase of a primary residence, which shall not be made for a period longer than the repayment period consistent with commercial practices. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of interest commensurate with rates charged by commercial lenders at the time the loan is made for loans made under similar circumstances. Interest rates for loans outstanding ranged from 4.25% to 6.50% at both December 31, 2021 and 2020. Principal and interest are paid ratably, primarily through fixed payroll deductions.

Administrative Expenses

The expenses necessary to administer the Plan were primarily paid by the Company.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The Plan invests in Guaranteed Interest Accounts (the "Accounts") with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in general accounts. The Accounts provide a guaranteed interest rate for a specified period of time, as determined or allowed by Principal. These accounts guarantee contract value for a benefit event; however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Thus, the Accounts are not considered fully benefit responsive and are included in the financial statements at fair value. This fair value represents guaranteed interest account values adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. This value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay plan benefits and Principal's administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value, and expands disclosure regarding fair value measurements. Financial assets and liabilities are measured at fair value and categorized in three levels based upon inputs used to value the assets.

American Zinc Recycling Hourly Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The three levels of the fair value hierarchy under ASC 820 are:

- Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs are other than quoted prices included in Level 1 that are observable for valuing the asset or liability either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets.
- Level 3 - Inputs are unobservable inputs used for valuing the asset or liability and are supported by little or no market activity and are significant to the fair value measurement of the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts - Valued at the net asset value ("NAV") per unit as determined by the Plan custodian on the last business day of the Plan year. The NAV is made available to current investors and is the basis for current transactions and therefore, the NAV represents a published price and is classified as Level 1 to estimate fair value. The NAV is based on the fair value of the respective fund's underlying assets less its liabilities.

Collective trust fund - A stable value fund valued at the NAV of units of the collective trust. The NAV is calculated by the fund based on net assets, which includes fully benefit-responsive investment contracts at contract value. The NAV is made available to current investors and is the basis for current transactions and therefore, the NAV represents a published price and is classified as Level 1 to estimate fair value.

Mutual funds - Valued at the closing quoted prices reported on the active market (Level 1) on which the individual fund is traded.

Guaranteed interest accounts - Valued at fair value, which is determined to be the value paid when funds are withdrawn prior to their stated maturity. The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. The fair value of the guaranteed interest accounts is reflected in Level 3 and is equal to contract value, unless the applicable interest rate is greater than the interest rate on the account, at which point contract value is reduced by a percentage equal to the rate spread multiplied by the number of years to the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value. The Plan did not have any assets related to guaranteed interest accounts on December 31, 2021. Interest rates on the account was 0.61% at December 31, 2020. On December 31, 2020, the applicable rate was equal to the rate on certain amounts; therefore, fair value equaled contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement result at the reporting date.

December 31, 2021 and 2020

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3.

	As of December 31, 2020			
	Assets Measured at Fair Value	Valuation Technique(s)	Unobservable Input Description	Input/Range of Inputs
Assets				
Guaranteed interest accounts	\$ 222,449	See Note ⁽¹⁾	Interest rate on account	.61%
			Applicable interest rate	1.33%
			Maturity date	12/31/2020

⁽¹⁾ If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

NOTE D - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certification received from the Trustee meets the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2021
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not extend their audit procedures to the information certified by the Trustee, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, with the consent of the unions represented by the Plan, the Company may discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

American Zinc Recycling Hourly Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE F - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 27, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments at December 31, 2021 and 2020 are in guaranteed interest contracts or in units of pooled separate accounts and a collective trust fund managed by the custodian of the Plan. Such transactions qualify as party-in-interest transactions.

The Company pays certain expenses of the Plan. The Company is the Plan sponsor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - STABLE VALUE FUND

The Plan's investments include an investment in the Principal Stable Value Fund (the "Fund"), a collective trust fund that is considered to be a stable value fund which includes underlying investments in fully benefit-responsive investment contracts. Fair value of the stable value fund is the NAV of the fund. The NAV is based on net assets, which includes the fully benefit-responsive investment contracts at contract value. The Fund's investment objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. To achieve its investment objective, the Fund invests in a variety of high-quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals for benefit payments and participant transfers to noncompeting investment options to be paid to Plan participants shall be made 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Trustee's approval. Withdrawals other than for benefit payments and participation transfers to noncompeting investment require a 12 month advance written notice. At both December 31, 2021 and 2020, there were no other restrictions or unfunded commitments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Certain events can limit the ability of the Plan to transact at contract value with the Fund, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator evaluated all subsequent event though October 14, 2022, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure of the financial statements.
