YELLOWJACKET OILFIELD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the Yellowjacket Oilfield Services 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Yellowjacket Oilfield Services, LLC (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan became effective on January 1, 2018, and is a defined contribution plan available to all employees of the Company and its affiliates. All employees of the Company are eligible to participate and may enter the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Due to the volatility of the oil and gas market, the Company's operations and cashflows can have significant fluctuations. However, management does not believe there is substantial doubt about the Plan's ability to continue as a going concern. Further, management believes the Plan administrator could continue on the administrative function of the Plan for at least the period of one year from the date of this report.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by the Company. All participants share in the employer match, regardless of service completed during the plan year or employment status on the last day of the plan year. The Company did not make any discretionary matching contributions in 2019 or 2018. The Company may also make non-elective, profit sharing contributions to the Plan. Participants who are actively employed on the last day of the year will share in the profit sharing allocations regardless of service completed during the year. For participants who are not employed on the last day of the year, he or she must: (1) have completed 500 hours of service during the year; (2) have died, retired, or suffered disability during such year; or (3) have been terminated on or after normal retirement age to be eligible to receive profit sharing contributions.

A. Description of the Plan – continued

Contributions – continued

The Company did not make any non-elective, profit sharing contributions to the Plan in 2019 or 2018. For the years ended December 31, 2019 and 2018, the Company made safe harbor contributions equal to 100% of the Participant's elective deferrals up to 4% of the participant's compensation. Safe harbor contributions made by the Company were $633,904 and $380,114 for the years ended December 31, 2019 and 2018, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are immediately 100% vested in any safe harbor contributions received. Vesting in the Company contribution, both profit sharing and discretionary matching portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. As of December 31, 2019 and 2018, interest rates for outstanding loans ranged from 6.00% to 7.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

A. Description of the Plan – continued

Benefit Payments – continued

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, partial withdrawals, or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of burial or funeral expenses for the participant's deceased parent, spouse, children, or dependents; (4) for the payment of post-secondary tuition expenses; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or (6) to pay expenses for the repair of damage to the participant's principal residence.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. As a result of this change: (1) participants will no longer be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; (3) qualified nonelective contributions and qualified matching contributions will be included as part of a hardship withdrawal; and (4) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective, profit sharing contributions for the year. No forfeitures were allocated to reduce employer matching, or non-elective, profit sharing contributions during the years ended December 31, 2019 and 2018. There were no unallocated forfeitures outstanding as of December 31, 2019 and 2018.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% into any of the Plan's investment options.

B. Summary of Significant Accounting Policies

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

B. Summary of Significant Accounting Policies – continued

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	Level 1	**Level 2**	**Level 3**	**Total**

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by Capital Bank & Trust Company, the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

Effective January 1, 2018, the Plan adopted the Pentec Pension Management Group, Inc. Prototype Standardized Profit Sharing Plan with CODA which has a favorable opinion letter from the IRS dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

E. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by American Funds, which is a related entity of Capital Bank and Trust Company. Capital Bank and Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through March 25, 2022, the date the financial statements were available for issuance.

The Plan was amended effective January 1, 2020 to require employees have one year of service and be 21 years of age to become eligible to participate in the Plan. Further, participants may enter the Plan on the first day of the plan year or first day of the seventh month coinciding with or after meeting eligibility requirements. Also included in this amendment, the Plan's safe harbor contribution determination period will be based on the Plan year.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") was signed into law, which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

The Plan was amended effective May 1, 2020 to cease safe harbor contributions to the Plan.

Effective September 1, 2020, the Plan changed its trustee and custodian from Capital Bank & Trust Company to Minnesota Life Insurance Company. As a result, the Plan transferred all of its assets in September 2020 and was restated effective September 1, 2020. There were no significant changes in the Plan's provisions at the time of the restatement.

The Plan was amended effective January 1, 2021 to (1) exclude bonuses, commissions, and compensation paid by an affiliated employer that has not adopted this Plan from eligible compensation, (2) change from a standard discretionary match to a tiered discretionary match (based on either percentage of deferrals or years of service), and (3) change employer profit sharing contributions from a non-integrated allocation method to a grouping allocation method.
