INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust

Opinion

We have audited the financial statements of Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 20, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to October 20, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust as of October 20, 2022 and December 31, 2021, and the changes in its net assets available for benefits for the period from January 1, 2022 to October 20, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of Plan

The following description of the Traction on Demand US Inc 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees, with the exclusion of collective bargaining (union) employees and non-resident aliens, of Traction on Demand US Inc (the “Company”). Entry dates are immediate. The Plan was established on January 1, 2017 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions

Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals An amount equal to a percentage of the Contributing Participant’s Compensation from 0 percent to 92 percent in increments of 1 percent. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

The Plan has does not allow employer matching or safe harbor contributions.

Each Plan year, the Company may make a discretionary profit-sharing contribution. During 2022, the Company did not make any discretionary profit-sharing contributions.

Participant and Company contributions are invested as directed by the participant.

Plan termination

During 2022, the Company was acquired by Salesforce. The plan has been terminated and contributions were discontinued as of March 24, 2022. All participant accounts were distributed during 2022. Participants directed their distributions as a lump sum payment, an individual retirement account rollover, or a direct transfer into another plan.

Notes to Financial Statements

1. Description of Plan (continued...)

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contributions, as well as allocations of Plan earnings and expenses. Plan expenses are allocated pro rata to all participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings on the contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as published in *The Wall Street Journal* on the date the loan is processed, plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant, or their beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals may be taken after attaining age 59-1/2. Hardship withdrawals are allowed.

Forfeited accounts

In the event that funds are forfeited, those forfeitures may first be used to pay Plan expenses and then shall be used to reduce such Employer's contributions as of the end of the Plan Year in which the forfeiture occurs or the next following Plan Year. There were no forfeiture account balances as of October 20, 2022 and December 31, 2021.

TRACTION ON DEMAND US INC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America which require Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. The fair value of these investments is determined using the net asset value of the underlying securities in the fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 20, 2022, or December 31, 2021. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees charged directly to the participant's account are included in administrative expenses. Fund investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated events and transactions that occurred between October 20, 2022, and March 29, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

TRACTION ON DEMAND US INC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

3. Investments

The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. The fair and contract value of investments as of October 20, 2022, and December 31, 2021, and all investment transactions for the period from January 1, 2022 to October 20, 2022, including interest and dividends and net appreciation in fair values are reported to the Plan by the Plan's custodian, Mid Atlantic Trust Company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TRACTION ON DEMAND US INC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

4. Fair Value Measurements (continued...)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 20, 2022 and December 31, 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Federated Hermes U.S. Treasury Cash Reserves: The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund’s investment objective is current income consistent with stability of principal and liquidity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TRACTION ON DEMAND US INC 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

4. Fair Value Measurements (continued...)

The fair value of the Plan's investments as of October 20, 2022, and December 31, 2021 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>10/20/2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	-			-
Total assets in the fair value hierarchy	-	-	-	-
Investments measured at net asset value*				-
Investments at fair value	-	-	-	-

<u>12/31/2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	3,580,226			3,580,226
Total assets in the fair value hierarchy	3,580,226	-	-	3,580,226
Investments measured at net asset value*				780,386
Investments at fair value	3,580,226	-	-	4,360,612

The Plan uses NAV to determine the fair value of investments which (a) do not have readily determinable fair value and (b) prepare the financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of October 20, 2022.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Federated Hermes U.S. Treasury Cash Reserves	0	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Plan did not hold any investments recorded at contract value as of October 20, 2022 and December 31, 2021.

6. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees. Distributions may be made at any time from a participant's rollover account.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds held by Mid Atlantic Trust Company; the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2022, fees were also paid to Paychex Securities Corporation and Paychex, Inc. for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 20, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. The following is a reconciliation of Net Assets Available for benefits and Changes in Net Assets Available per the financial statements as of and for the year ended October 20, 2022, and December 31, 2021, to Form 5500:

Net assets available for benefits as of December 31:		<u>2022</u>	<u>2021</u>
Net Assets available for benefits per the financial statements	\$	-	\$ 4,429,241
Contributions due from participants		-	(60,874)
Net assets available for benefits per Form 5500	\$	-	\$ 4,368,367
Changes in net assets available for benefits:			
Net change in net assets available for benefits per the financial statements	\$	(4,429,241)	\$ 2,635,878
Difference in contributions due from participants		60,874	(21,084)
Net change in net assets available for benefits per Form 5500	\$	(4,368,367)	\$ 2,614,794

11. Termination of the Plan

During 2022, the Company was acquired by Salesforce. The plan has been terminated and contributions were discontinued as of March 24, 2022. All participant accounts were distributed during 2022. Participants directed their distributions as a lump sum payment, an individual retirement account rollover, or a direct transfer into another plan.
