Retirement and Savings Plan**

Auditors' Communication of Internal Control
and Auditors' Communication
with Those Charged with Governance

December 31, 2022

Auditors' Communication of Internal Control

The Board of Trustees of The Chapin School Retirement and Savings Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of The Chapin School Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA and CREF") that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the two paragraphs above and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. As indicated in the attached addendum, we identified a matters for consideration that are opportunities for strengthening internal controls and operating efficiency.

This communication is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Addendum to Report on Internal Control Related Matters

Matter for Consideration that is an Opportunity for Strengthening Internal Controls
and Operating Efficiency

A. Timely Deposit of Participant Contributions

During our audit, we noted instances where participants' contributions and loan repayments were not remitted to the Plan in a timely manner. The Department of Labor ("DOL") requires that participant contributions and loan repayments be remitted to the Plan on the earliest date on which they can be reasonably segregated from the plan sponsor's general assets but no later than the 15th business day following the end of the month in which the amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions and loan repayments to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the plan sponsor.

Recommendation

We recommend that the plan sponsor review the procedures currently in place involving the remittance of participant contributions and loan repayments to the Plan and institute the necessary controls to ensure that participant contributions and loan repayments are remitted in a timely manner.

C. Participant Contribution Deferral Amounts

During our audit, we noted that twelve of the sixty participants from our sample had a contribution deferral amount per payroll that was different from the contribution deferral amount received by the Plan.

Recommendation

We recommend that the plan sponsor put procedures in place to ensure the amount withheld on payroll for each employee agrees to the amount funded to the Plan. Each pay period a reconciliation should be prepared comparing the amount that is going to be funded to the plan to the amount withheld on payroll. Any differences should be investigated and resolved prior to funding the contributions to the Plan.

Auditors' Communication with Those Charged with Governance

The Board of Trustees of The Chapin School Retirement and Savings Plan

We have conducted an audit of the financial statements and supplemental schedule of The Chapin School Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employment Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), as of and for the year ended December 31, 2022, and have issued our report thereon dated May 17, 2023. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 23, 2023. This letter confirms our discussions and provides additional required communications related to our audit.

Our responsibility under professional standards

Our responsibility is to form and express an opinion about whether the financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America ("US GAAP") and to express an opinion about whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements taken as a whole and is presented in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

However, as permitted by Section 103(a)(3)(C) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on the financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by TIAA and CREF, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, as part of the scope limitation discussed above, we did not consider internal control relating to the information prepared and certified to by TIAA and CREF. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. Our audit did not identify any significant findings requiring communication to you.

The financial statements and supplemental schedule are the responsibility of management. Those individuals charged with governance of the Plan are responsible for the oversight of the financial reporting process, and our audit does not relieve management and those charged with governance of their respective responsibilities.

Qualitative aspects of significant accounting practices

Significant accounting policies

Plan management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the reporting period that had a significant impact on the financial statements. No matters have come to our attention that would require us to inform you about (1) the methods used to account for significant unusual transactions, and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant accounting estimates

Accounting estimates made by the Plan's management are an integral part of the financial statements and are based on Plan management's knowledge and experience about past and current events and assumptions about future events. Actual results could differ from those estimates.

Certain accounting estimates are particularly sensitive because of their significance to financial statements and their susceptibility to change. The Plan's management believes that the estimates used and assumptions made are adequate based on the information currently available. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements as a whole.

Financial statement disclosures

The financial statement disclosures are neutral, consistent and clear.

Going concern

We concur with management's assessment that the Plan will continue as a going concern for one year from the auditors' report date.

Significant risks

We have identified the following significant risks in connection with our audit:

- Revenue recognition; and
- Plan management override of controls.

Significant difficulties encountered during the audit

We encountered no significant difficulties in dealing with the Plan's management relating to the performance of the audit.

Uncorrected and corrected misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of the Plan's management.

We are required to communicate to you misstatements that remain uncorrected, including any related to prior periods, and the effect, if any, that they may have on the opinion in our report, and request their correction.

Our audit did not identify misstatements that were corrected by management.

Disagreements with Plan management

For purposes of this letter, a disagreement with Plan management is a matter, whether or not resolved to our satisfaction, concerning financial accounting, reporting, or auditing, which could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations requested from Plan management

We have requested certain written representations from the Plan's management in a separate letter dated May 17, 2023.

Consultations with other accountants by the Plan's management

In some cases, the Plan's management may decide to consult with other accountants about auditing and accounting matters. The Plan's management has informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other matters discussed with Plan management

We generally discuss with the Plan's management a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan, and future plans and strategies that may affect the risks of material misstatement. None of the matters discussed and our responses thereto were a condition to our retention as auditors.

Auditor independence

We affirm that PKF O'Connor Davies, LLP is independent with respect to the Plan in accordance with the AICPA's *Code of Professional Conduct* and DOL and ERISA Independence Rules.

This communication is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Yours sincerely,

Independent Auditors' Report

The Board of Trustees of The Chapin School Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Chapin School Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Board of Trustees of
The Chapin School
Retirement and Savings Plan**
Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Board of Trustees of
The Chapin School
Retirement and Savings Plan**

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

The Chapin School Retirement and Savings Plan

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of The Chapin School Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of The Chapin School (the "School" or "Employer") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Upon hire, all employees of the School are immediately eligible to participate in the Plan and make pre-tax or Roth contributions. Prior to February 1, 2021, an employee who was at least 26 years of age and had attained one year of service was eligible to receive non-elective contributions from the School and, accordingly, was required to participate in the Plan as a condition of employment. Effective February 1, 2021, the Plan was amended to allow employees to become eligible upon attaining 21 years of age. The service requirement was removed as of this date. Employees who work less than 20 hours per week are excluded from participation in the Plan. For purposes of mandatory employee contributions, per diem employees and substitutes are excluded from the Plan.

Contributions

Participants may elect to contribute a certain percentage of their annual gross compensation, subject to limitations as provided in the Internal Revenue Code ("IRC"). Catch-up contributions are permitted under the Plan (i) if a participant has 15 years of service with the same employer, thus allowing the limit on elective deferrals to his/her participant account to be increased by up to \$3,000 in any year, and/or (ii) if a participant has attained age 50 before the end of the Plan year, thus becoming eligible to make catch-up contributions up to \$6,500. If a participant is eligible for both the 15-year rule increase in elective deferrals and the age 50 catch-up, elective deferrals are to be allocated first under the 15-year rule and next as an age 50 catch-up. Participants may also roll over contribution amounts representing distributions from other qualified defined benefit or defined contribution plans.

The School will make a non-elective contribution equal to 10% of a participant's compensation up to the Social Security Taxable Wage Base ("SSTWB") and 13% of compensation in excess of the SSTWB for participants that reached 26 years of age during a Plan year. The Plan requires mandatory employee contributions equal to 3% of each participant's salary. The School's non-elective contributions are invested proportionately in the same investments as the employee contributions.

Effective February 1, 2021, the Plan was amended to allow the Employer to make non-elective contributions for participants deemed disabled in an amount set forth in the Employer's disability policy.

Retirement and Savings Plan**

Notes to Financial Statements
December 31, 2022

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the School's contribution, and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting

Effective January 1, 2022, a participant is 100% vested in their accounts including allocated earnings thereon at all times.

Forfeitures

Forfeitures resulting from non-vested portions of participants' account balances will be used to reduce future Employer contributions or administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$39 and \$38. During 2022, no forfeitures were used to reduce Employer contributions or administrative expenses.

Payment of Benefits

Upon termination of service due to retirement, disability, or death, a participant (or a beneficiary) may elect to receive a lump-sum distribution equal to the total value of his or her account as of the most recent valuation date. For termination of service due to other reasons, a participant receives the value of his or her account as a lump-sum distribution as of the most recent valuation date.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). Participants may take a loan once in any 12 consecutive-month period, subject to the IRC limits on the total amount that can be borrowed. Participants may only have two outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years.

1. Description of Plan (continued)

Loans to Participants/Collateralized Assets

Loans with Teachers Insurance and Annuity Association of America ("TIAA") are issued directly from funds owned by TIAA and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits. The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

There was 1 loan outstanding as of December 31, 2021 with a total principal balance due of \$934 which also represents a collateralization of participant accounts. There were no loans in default as of December 31, 2021. At December 31, 2022, there were no outstanding loans.

Effective December 28, 2018, collateralized loans are no longer offered to Plan participants. Any loan a participant takes after this date will be made directly from their retirement account. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

Revenue Credit Account

The Plan and TIAA entered into a revenue sharing arrangement whereby a portion of the revenue earned by the custodian for certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay for Plan expenses, the Plan created a Revenue Credit Account. The Revenue Credit Account is an account within the Plan that is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Revenue Credit Account balance was \$60,597 and \$17,191 as of December 31, 2022 and 2021. During 2022, \$14,853 from the Revenue Credit Account were used to reduce Plan expenses and none were allocated to participants.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. The fully benefit responsive contracts are carried at contract value and the non-benefit responsive contracts are carried at fair value, which approximates their contract value. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. The TIAA Real Estate is a pooled separate account that is valued at the net asset value of shares held by the Plan at year end, which is considered to be readily determinable, as determined by the issuer. The net asset value for the TIAA Real Estate account is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Administrative expenses include professional fees and service fees related to the Plan. Investment related expenses are included in net depreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is May 17, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, interest on notes receivable from participants, and other income – revenue credit account in the statement of changes in net assets available for benefits for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

4. Investments (continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2022:

Balance, beginning of year	\$ 15,415,884
Contributions	63,772
Interest income	631,226
Transfers in from other Plan investments	1,456,091
Benefit payments	(994,930)
Administrative expenses	(103)
Transfers out to other Plan investments	<u>(1,504,608)</u>
Balance, End of Year	<u>\$ 15,067,332</u>

TIAA Traditional Annuity Account

The TIAA Traditional Annuity Account is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus contracts. The non benefit responsive contracts are: the Group Retirement Annuity ("GRA"), the Retirement Annuity ("RA") and the Retirement Choice ("RC") contracts. The Plan utilizes the GSRA and SRA, which are reported at contract value, and the GRA and RA contracts, which are reported at fair value. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 3.00%-5.50%; SRA – 3.00%-5.50%; GRA – 3.70%-6.25%; RA – 3.70%-6.25%; and RC – 3.95%-6.50%.

Under the GSRA and SRA contracts, lump-sum withdrawals and transfers are available without any restrictions or charges. Under the GRA contract, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the GRA contract must be paid in ten annual installments. Under the RA contract, lump-sum withdrawals are not allowed and all withdrawals and transfers must be paid in ten annual installments. Under the RC contract, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 84 monthly installments (7 years).

4. Investments (continued)

TIAA Traditional Annuity Account (continued)

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 26% and 23% of the Plan's net assets available for benefits as of December 31, 2022 and 2021, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of June 2022), Standard and Poor's (AA+ as of September 2022), A.M. Best Company (A++ as of July 2022), and Fitch Ratings (AAA as of October 2022). The plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

TIAA Stable Value

TIAA Stable Value (the "SV Contract") is a benefit-responsive guaranteed annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3%. Declared crediting rates are reviewed and may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account's assets are insufficient to meet the guarantees in the accumulation phase, any shortfall is backed by the financial strength and claims-paying ability of TIAA.

The SV Contract is reported at contract value.

5. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**The Chapin School
Retirement and Savings Plan**

Notes to Financial Statements

6. Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter to the prototype plan document preparer, TIAA, dated August 7, 2017, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

8. Non-Exempt Party-in-Interest Transactions

For the December 31, 2022 plan year, the Employer failed to transmit to the Plan certain participants' contributions totaling \$1,263 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The School is in the process of making the necessary corrections to satisfy both the Department of Labor and IRS guidance for this matter.

8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
