INDEPENDENT AUDITOR'S REPORT

To the TANTUS TECHNOLOGIES 401(K) PLAN and Participants:

We were engaged to audit the statements of net assets available for the benefits of the TANTUS TECHNOLOGIES 401(K) PLAN as of December 31, 2022, and for the year then ended, and the related statement of changes in net assets available for the year ended December 31, 2022. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2022, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplemental statements are presented for the purposes of additional analysis and are not a required part of the financial statements. The form and content of the information included in the financial statements and schedules, other than that derived from the information been certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of the TANTUS TECHNOLOGIES ("Company") 401(k) PLAN ("Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all full-time employees over the age of 21 but excludes union employees. Employees can participate on the first day of the month coinciding with or next following the date of full-time employment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's match contribution, gains/losses and earnings associated with the investments selected by the Participant, and an allocation of administrative expenses. The benefit to which an employee is entitled is the benefit that can be provided from the participant's vested account.

Employee Contributions. Participants may contribute up to the annual limit for regular and catch-up contributions.

Employer Contributions. The Company will contribute up to 50% in a matching contribution of the Participant's salary deferral up to a deferral of 6%.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A Participant is 100% vested after three years of credit service. Upon death while working for the Company, the account becomes 100% vested. The account also becomes 100% at the Participant's normal retirement date.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the Participant's account and bear interest at rates charged by lenders for similar loans. Payments of principal and interest are due at least quarterly to level amortize the loan so that full payment is received within a term not to exceed five years.

Payment of Benefits. On termination of service due to death, disability, or retirement, a Participant may elect to receive either a lump-sum amount equal to the value of the Participant's vested interest in his or her account or defer until normal retirement age.

Forfeited Accounts. Forfeited accounts reduce future employer contributions.

(2) Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2022	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$14,352,076	\$14,352,076
Interest Bearing Cash	430,520	430,520
Interest in Common/Collective Trusts	25,999	25,999
Participant loans	210,121	210,121
Total	<u>\$15,018,716</u>	<u>\$15,018,716</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value, No Level 2 inputs were available to the plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(6) Reconciliation of Financial Statements to Schedule H

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

Net assets available for benefits per the financial statement	\$15,018,716
Net assets available for benefits per Schedule H to the Form 5500	\$15,018,716

(7) Tax Status

The Plan is a prototype plan offered by a benefits consultant. The Internal Revenue Service has determined and informed by a letter dated March 31, 2014 that the prototype plan and related trust are designed in accordance with applicable sections of the internal Revenue Code (IRC) Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is a least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
