Independent Auditor's Report

To the Plan Administrator of
M-L Holdings Company Retirement Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of M-L Holdings Company Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 and schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the M-L Holdings Company Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan, which was established effective July 1, 1996 by M-L Holdings Company and related participating employers who adopt the Plan (collectively, the "Company" or "Employer"), is a contributory, defined contribution retirement plan available to qualifying employees of the Company. The Plan has been amended and restated at various dates; most recently effective April 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administration of the Plan

On December 31, 2020, Empower Retirement ("Empower") acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual" or "Issuer"). Following an initial transition period, Empower became the sole administrator of the retirement business of MassMutual in 2021. Reliance Trust Company ("Reliance" or "Trustee") remained the Trustee of the Plan through November 2022. The Trustee held all assets of the Plan in accordance with the provisions of the service provider agreements with the Company. MassMutual remained the record-keeper of the Plan and issuer of the fully benefit-responsive investment contract through December 31, 2021.

The recordkeeper platform systems change occurred November 2022, when Great-West Trust Company, LLC ("Great-West") became the trustee of the Plan and Empower Retirement ("Empower") the recordkeeper.

The administrator of the Plan is the Company. The Retirement Plan Committee ("Committee") determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee is eligible to become a participant in the Plan on the first day of the month following the attainment of age 18 and completion of three months of service. Employees covered by a collective bargaining agreement and leased employees are not eligible to participate in the Plan.

Contributions

Participants may contribute on a pre-tax basis or after-tax Roth basis up to 100 percent of their eligible annual compensation (as defined) into the Plan, subject to certain Internal Revenue Code ("IRC") limitations. The Plan also allows catch-up contributions for participants age 50 and over based on IRC limitations. Participants can terminate or change their deferral agreements according to procedures and limitation as determined by the Plan Document.

Effective January 1, 2021, participants that do not affirmatively elect to opt out of the Plan are automatically enrolled at a deferral rate of 3 percent after meeting eligibility requirements. All eligible participants that were deferring less than 3 percent were enrolled at 3 percent.

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

The Company may make discretionary employer matching contributions. For the year ended December 31, 2021, each participating employer elected a different discretionary matching contribution, which were up to 4 percent of eligible compensation deferred, depending on the participating employer.

The Company may also make a discretionary non-elective contribution on behalf of eligible participants. The non-elective contribution would be allocated to participants based on the ratio that each participant's compensation bears to the total compensation paid to all eligible participants and is available to participants that work 1,000 hours in the year and were employed on the last day of the year, subject to certain exceptions. The participating employers did not make a discretionary non-elective contribution to the Plan for the year ended December 31, 2021.

Rollover contributions from other qualified plans or individual retirement accounts ("IRA") may also be made to the Plan if certain criteria are met.

Participants' Accounts

Each participant's account is credited with the participant's pre-tax and Roth, rollover, catch-up, and Company contributions and an allocation of net plan investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The maximum term of the loans is five years, unless used for the purchase of a residence, which may have a longer loan period. Participants may only have one loan outstanding at a time. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates as determined on the date of issuance and are fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions. Outstanding borrowings at December 31, 2021 bore interest between 4.25 percent and 6.50 percent.

Payment of Benefits

Upon death, disability, attaining normal retirement age (65), early retirement age (59 ½) or termination of service, a participant may receive a lump-sum payment in the amount equal to the participant's vested account balance. Balances less than \$1,000 upon a distributable event are disbursed as a lump-sum payment to the participant if no election is made. Balances over \$1,000 and up to \$5,000 may be rolled over to an IRA in the name of the participant if no election is made. The Plan allows participants to receive hardship withdrawals if certain criteria are met. Other in-service withdrawals are also allowed by the Plan, if certain criteria are met.

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are 100 percent vested in their pre-tax, Roth, and rollover contributions, and the allocated earnings thereon. A participant's vested interest in the employer discretionary matching and non-elective contributions vests at 25 percent after one year of service, 50 percent after two years of service, 75 percent after three years of service, and 100 percent after four years of service, as defined. Participants who attain normal retirement age, early retirement age, or terminate employment due to death or disability are fully vested. Certain prior service credit is granted to employees of acquired companies as further described in the Plan Document. Certain other vesting schedules related to previous participating employers merged plans may apply.

Forfeitures

Forfeited amounts may be used to pay plan expenses and reduce Company contributions. The balance of forfeitures at December 31, 2021 and 2020 was \$255,155 and \$173,696, respectively. For the year ended December 31, 2021 \$21,168 of forfeitures were used to reduce employer contributions and \$94,842 were used to pay plan expenses.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value), which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, *Fair Value Measurements and Disclosures*, for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation (depreciation) in the fair value of investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

Accounting for Investment Contracts with Insurance Companies

The Plan entered into the Guaranteed Interest Account with MassMutual, which is a fixed-rate group annuity contract. The Guaranteed Interest Account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investments contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Interest Account is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The interest rate can never be below 0 percent and interest earned is compounded daily. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is determined by MassMutual. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. Plan management is not aware of any events occurring.

Contributions

Employee contributions and related employer contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid to participants.

Administrative Expenses

The Plan Sponsor absorbs a portion of the Plan's administrative expenses on behalf of the Plan, which are excluded from these financial statements. Fees related to the processing of notes receivable from participants, benefit payments and an administrative fee of 0.5 percent are charged directly to participant accounts. Investment related expenses (in the form of an expense ratio) are included in net appreciation (depreciation) of fair value of investments.

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

Concentrations, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of December 31, 2021, no investment represented over 10 percent of investments held. As of December 31, 2020, there was one investment which individually represented over 10 percent of investments held. See the accompanying supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedules as complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Total net investment income and interest earned on notes receivables as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Certain investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of December 31, 2021.

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,498,574	\$ -	\$ -	\$ 32,498,574
Total investments, at fair value	\$ 32,498,574	\$ -	\$ -	\$ 32,498,574

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,834,270	\$ -	\$ -	\$ 25,834,270
Total investments, at fair value	\$ 25,834,270	\$ -	\$ -	\$ 25,834,270

M-L Holdings Company Retirement Savings Plan

Notes to Financial Statements

5. Income Taxes

The Plan adopted a Volume Submitter plan document sponsored by MassMutual for which an advisory letter was obtained from the Internal Revenue Service (“IRS”) dated March 31, 2014 indicating the Volume Submitter plan document and trust are designed in accordance with applicable sections of the IRC. The Plan has since been amended; however, the plan administrator and Company believe that the Plan is designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan, as amended, is qualified and the related trust is tax-exempt as of the financial statement date, and no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by MassMutual, the recordkeeper of the Plan, and one investment is managed by Putnam, an affiliate of Empower Retirement. Fees were paid to Great-West for certain administrative fees and other service fees were paid to the investment advisor. The Plan also issues loans to participants which are secured by the vested balance of the participants’ accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Delinquent Participant Contributions

During the years ended December 31, 2017, 2019, 2020, and 2021, the Company failed to timely remit participant contributions and loan repayments to the Plan. The Company is in the process of correcting lost earnings. See accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021.

8. Subsequent Events

The Company has evaluated subsequent events through March 22, 2023, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than below.

Effective April 1, 2022, the Plan was restated for regulatory purposes. There were no significant changes to the Plan provision as part of the restatement. The restated Plan adopted a non-standardized pre-approved profit-sharing document sponsored by Great-West Trust Company, an affiliate of Empower, which received an opinion letter dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401 of the IRC, and therefore, is exempt.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
