Independent Auditors' Report

The Plan Administrator
Home Health Foundation, Inc. 403(b) Retirement Plan
Lawrence, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of the Home Health Foundation, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of September 16, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits for the period January 1, 2022 to September 16, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of September 16, 2022 and December 31, 2021, and for the period January 1, 2022 to September 16, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Tufts Medicine, Inc. Retirement Plan Oversight Committee authorized the merger of all assets of the Home Health Foundation, Inc. 403(b) Retirement Plan to the Tufts Medicine 403(b) Plan (“Tufts 403(b)”) with an effective date of September 16, 2022, and accordingly, all plan assets were transferred to the Tufts 403(b) on September 16, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the period ended September 16, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HOME HEALTH FOUNDATION, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Home Health Foundation, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General, Plan Merger and Termination

The Plan is a defined contribution plan sponsored by Home Health Foundation, Inc. (the "Employer" or "Company") covering all employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all of the investments are participant directed.

The Tufts Medicine, Inc. Retirement Plan Oversight Committee authorized the merger of all assets of the Home Health Foundation, Inc. 403(b) Retirement Plan to the Tufts Medicine 403(b) Plan ("Tufts 403(b)") with an effective date of September 16, 2022, and accordingly, all plan assets were transferred to the Tufts 403(b) on September 16, 2022. As a result of the merger, the Plan will be terminated.

On July 1, 2021, employees and former participants of Hallmark Health VNA and Hospice were spun out of the MelroseWakefield Healthcare 403(b) Plan and transferred into this Plan, and on that same date, the Circle Home 403(b) Plan was merged into this Plan.

Eligibility

All employees employed by a Participating Employer became eligible to participate immediately in the Plan upon completion of a salary reduction agreement, regardless of age, with the exception of certain leased employees, independent contractors not entitled to benefits under the Plan, certain nonresident aliens and employees who are residents of Puerto Rico.

Participant Contributions

Participants were able to contribute up to 100% of their gross compensation, as defined by the Plan, on a pre-tax or after-tax ("Roth") basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may also make additional catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Employer Contributions

The Company could make matching contributions at its discretion. In order for an employee to be eligible for an Employer contribution, an employee must have completed a year of service and would have been eligible on the first day of the month following a year of service. The Company matched 50% of a participant's first 6% of elective deferrals, for a maximum match of 3% of compensation, calculated each pay period.

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account was credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses were allocated to participants' accounts based on each participant's account balance within each fund. Participants were allowed to change their investment options as set forth in the plan document. Allocations were based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants became fully vested in that portion of their account which relates to their contributions and the income earned thereon. Participants became 100% vested in Company contributions upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in Company contributions and earnings thereon vests as follows:

<u>Completed Years of Vested Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	50%
3 or more	100%

For participants with a date of hire with Home Health Foundation after December 1, 2008 and prior to January 1, 2021 and for accounts transferred from the MelroseWakefield Healthcare 403(b) Plan:

<u>Completed Years of Vested Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

For accounts transferred from the Circle Home 403(b) Plan:

<u>Completed Years of Vested Service</u>	<u>Percent Vested</u>
Less than 3	0%
3 or more	100%

Note 1 - Description of the Plan (Continued)

Forfeitures

When certain terminations of participation in the Plan occurred, the nonvested portion of a participant's account represented a forfeiture, as defined by the Plan. If a forfeiting participant was re-employed and fulfilled certain requirements as set forth in the Plan, the participant's account was restored. Forfeitures of Company contributions were used to reduce future Employer contributions, pay administrative expenses or allocated to participants. During 2022, \$193,297 of forfeitures were used to reduce Employer contributions and \$33,800 were used to pay plan expenses. A forfeiture balance of \$4,761 was transferred to the Tufts 403(b) as part of the plan merger. Total unapplied forfeitures were \$156,210 as of December 31, 2021.

Withdrawals and Distributions

Benefits were distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who had a vested account balance may leave their funds invested in the Plan or may elect a distribution in the form of an annuity, installment payments, or a lump sum.

A participant was allowed to request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Hardship distributions could only be taken from assets of their deferral accounts. Participants could withdraw from their rollover account at any time.

Notes Receivable from Participants

Participants were allowed to borrow from their deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. Loans bore a reasonable rate of interest. All loans were available with terms of five years unless the proceeds were used to acquire a principal residence, in which case a longer repayment period was allowed. No more than two loans could be outstanding at any time. Principal and interest were repaid at least quarterly by participants directly to the plan custodian.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan were prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

HOME HEALTH FOUNDATION, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of September 16, 2022 and December 31, 2021. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

Unit Values

Individual participant accounts for the variable rate annuity accounts were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the trust, but did have interest therein represented by units which were valued daily. The investments earned dividends and interest which were automatically reinvested in additional units. Generally, contributions to and withdrawals from each investment were converted to units by dividing the amounts of such transactions by the unit value as last determined, and the participants' accounts were charged or credited with the number of units attributable to each participant.

Benefits Paid

Benefits were recorded when paid.

Plan Expenses

Participant transaction fees, investment expenses, and certain administrative fees incurred by the Plan were paid by the participants. Investment related expenses were included in net depreciation in fair value of investments. Any remaining fees not paid from plan assets were paid by the Company. Expenses that were paid by the Company were excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Employer has evaluated subsequent events through May 31, 2023, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by Custodians

Plan investments were held in mutual funds, fixed and variable rate annuities by the Plan's custodians, Fidelity Management Trust Company ("Fidelity") and Variable Annuity Life Insurance Company ("VALIC"). The fair value of investments at December 31, 2021, and all investment transactions for the period January 1, 2022 to September 16, 2022, including interest and dividends and net depreciation in fair values were reported to the Plan and certified as complete and accurate by Fidelity. The fair value of investments at December 31, 2021, and all investment transactions for the period January 1, 2022 to August 31, 2022, including interest and dividends and net depreciation in fair values were reported to the Plan and certified as complete and accurate by VALIC. Notes receivable from participants were also derived from information certified by Fidelity. The Plan offered investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants in the Plan were able to direct contributions to a variety of investment options.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

HOME HEALTH FOUNDATION, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Contract: Valued at the net asset value of units of a variable annuity. The net asset value, as provided by the contract issuer, is issued as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Fixed Rate Annuities: The Plan has fixed rate annuity contracts with VALIC. VALIC maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fixed rate annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The fixed rate annuity contracts provide a guarantee of principal and a guaranteed minimum rate of interest. Investments in VALIC fixed rate annuity contracts are reported at fair value, which approximates contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2021</i>			
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 53,194,745	\$ -	\$ -	\$ 53,194,745
Self-directed brokerage assets	15,256	-	-	15,256
Fixed rate annuities	-	-	2,221,784	2,221,784
Total investments in the fair value hierarchy	\$ 53,210,001	\$ -	\$ 2,221,784	\$ 55,431,785
Investments measured at NAV practical expedient (a)				<u>2,782,765</u>
Total investments at fair value				\$ <u>58,214,550</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table, as of December 31, 2021, represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs.

<i>Description</i>	<i>12/31/2021 Fair Value</i>	<i>Principal Valuation Techniques</i>	<i>Unobservable Inputs</i>
VALIC Fixed Annuity Accounts	\$ 2,221,784	Contract value	Composite crediting rate

Note 4 - Fair Value Measurements (Continued)

Investments Measured Using Net Asset Value per Share

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2021. There were no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

<i>Investments</i>	<i>Fair Value</i> <i>12/31/2021</i>	<i>Unfunded</i> <i>Commitments</i>	<i>Redemption</i> <i>Frequency</i>	<i>Notice</i> <i>Period</i>
Variable Rate Annuities	\$ 2,782,765	\$ -	Daily	1 day

Note 5 - Risks and Uncertainties

The Plan provided for various investment options in registered investment companies, self-directed funds and stable value common/collective trusts which held investment securities. Market risks included global events such as a pandemic or international conflict which could have impacted the value of investment securities. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments were held by VALIC and Fidelity, custodians of the Plan. Accordingly, these investments were considered exempt party-in-interest transactions. During the Plan year ended December 31, 2022, \$97,901 of administrative expenses were paid to Fidelity.

Note 7 - Tax Status

The Plan did not obtain a tax determination letter from the Internal Revenue Service ("IRS"); however, the plan administrative committee/plan administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. While the Employer remitted all participant contributions to the Plan, contributions of \$81,301 were not remitted within the required time period during the year ended December 31, 2021, as reflected in the accompanying Schedule of Delinquent Participant Contributions. The Employer calculated lost earnings which were funded in 2022.
