INDEPENDENT AUDITOR'S REPORT

Participants and Plan Administrator
Miromar Development Corporation 401(k) Plan
Estero, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Miromar Development Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022, the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 of the financial statements.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information

included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that was agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 11, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Miromar Development Corporation 401(k) Plan Notes to Financial Statements (Modified Cash Basis)

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Miromar Development Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan’s adoption agreement, basic plan document, and related amendments (collectively the “Plan Document”) for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of Miromar Development Corporation and its related companies (collectively, the “Company”) who have three months of service and are age 21 or older. The Plan excludes leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective on June 1, 2008 and is administered by the Company. Fidelity Management Trust Company (“Fidelity”) is the custodian and recordkeeper of the Plan’s assets.

Contributions

Participants can contribute up to 90% of eligible compensation on either a pre-tax or after-tax (Roth) basis. The Plan includes a provision whereby all newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 3% unless they elect not to participate in the Plan or make a different deferral election prior to becoming eligible. Participants with a deferral rate greater than zero will have their deferral rate automatically increased by 1% each year in December except that deferrals are not automatically increased in a given year for those automatically enrolled within the previous six months or for participants already deferring 6% or more. Participant contributions are funded via payroll deductions that are remitted to the custodian as soon as administratively feasible. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions which are subject to limitations. Participants may also contribute eligible amounts from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

For the years ended December 31, 2022 and 2021, the Company authorized discretionary matching contributions of 50% of employee contributions not to exceed 3% of eligible compensation. The statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022 includes a matching contribution of \$241,940 which was based on employee contributions made during the 2021 plan year and was contributed to the Plan in January 2022. The Company may also make discretionary profit-sharing contributions, and there were no authorized profit-sharing contributions for the years ended December 31, 2022 and 2021. Participants must be employed by the Company on the last day of the plan year to be eligible for matching or profit-sharing contributions.

Both Company and participant contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, Plan earnings (losses), and an allocation of profit-sharing contributions. Company matching contributions are allocated to investment funds in the same proportion as each participant's investment election. Plan earnings (losses) are allocated by fund based on the ratio of each participant's account invested in a particular fund to all participants' investment in the fund. Certain plan administrative expenses that are incurred by or attributable to the use of plan services are assessed directly to the accounts of the participants that utilize the related services. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and investment earnings (losses) thereon. Vesting in the Company's matching contributions and discretionary profit-sharing is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 Years	0%
2 Years	0%
3 Years or More	100%

Accounts of individuals still employed by the Company on the date they become disabled or deceased are 100% vested in matching contributions and discretionary profit-sharing irrespective of the schedule above.

Notes Receivable from Participants

Each participant may borrow from their account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of each loan may not exceed five years except that the term of the loan may be for a reasonable period that exceeds five years if the loan is for the purchase of a participant's primary residence. Each note is secured by the balance in the participant's account and bears interest at the prevailing rate that is set by the plan administrator at the time the loan agreement is executed. No participant may have more than one outstanding loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, participants may elect to receive their vested balance in lump sum by a transfer to another qualified plan, a transfer to an individual retirement account, or a distribution that is subject to applicable federal and local income tax withholdings. The Plan may execute an automatic rollover of the participant's vested account balance to a qualified individual retirement account if a participant's account balance is between \$1,000 and \$5,000 upon termination of employment, and the Plan may make an automatic lump sum distribution to the participant equal to the vested balance if the account balance is less than \$1,000. The Plan permits in-service and hardship withdrawals under certain conditions.

Forfeitures

Upon termination, the non-vested portion of the participant's account balance represents a forfeiture. Forfeitures can be used to reduce future employer contributions or to pay administrative expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts

totaled \$14,712 and \$10,858, respectively. The Plan used \$7,978 and \$8,288 of forfeitures to pay administrative expenses during the years ended December 31, 2022 and 2021, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2022 and 2021.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the modified cash basis of accounting. Certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements may require the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation/(depreciation) in fair value of investments includes gains and losses on investments held and sold during the year. The Company determines the Plan's valuation policies utilizing information provided by Fidelity. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received by the Plan, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. The loans are secured by the balance in the participant's account. Interest income is recorded when paid. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when paid. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Other costs such as loan fees, withdrawal fees, recordkeeping fees, and other administrative fees charged by Fidelity are paid with Plan assets and are included in administrative expenses. Investment-related expenses are included in net appreciation/(depreciation) in fair value of investments.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through June 1, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual Funds and Money Market Mutual Fund – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Collective Fund – The fair values of participation units in the collective fund are based on the NAV provided by Fidelity and are considered readily determinable. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for

an amount different than the NAV. There are no restrictions on the redemption of these assets, and purchases and sales may occur each business day.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Investments at Fair Value as of December 31, 2022		
	Level 1	Total
Money Market Mutual Fund	\$ 457,420	\$ 457,420
Mutual Funds	6,712,048	6,712,048
Total Investments in the Fair Value Hierarchy	\$ 7,169,468	\$ 7,169,468
Collective Fund Measured at NAV*		144,414
Total		\$ 7,313,882

Investments at Fair Value as of December 31, 2021		
	Level 1	Total
Money Market Mutual Fund	\$ 250,726	\$ 250,726
Mutual Funds	8,579,887	8,579,887
Total Investments in the Fair Value Hierarchy	8,830,613	8,830,613
Collective Fund Measured at NAV*		29,214
Total		\$ 8,859,827

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the financial statements, the notes to financial statements, and the supplemental schedule of assets held at year end was obtained or derived from information certified as complete and accurate by Fidelity Management Trust Company. This includes investments, investment income (loss), notes receivable, and interest income on notes receivable. Auditing procedures have not been performed on the certified information except to compare the information to the information included in the financial statements and supplemental schedule.

NOTE 5 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Since Fidelity is the custodian and recordkeeper for the Plan, the transactions related to such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. The Fidelity investment transactions and the transactions associated with notes receivable from participants qualify as exempt party-in-interest transactions, as defined by ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

NOTE 7 - TAX STATUS

The Plan utilizes a non-standardized pre-approved plan document sponsored by Fidelity. The Plan is relying on an opinion letter dated June 30, 2020 in which the IRS stated that the pre-approved plan document sponsored by Fidelity was acceptable for use by employers for the benefit of their employees under the Internal Revenue Code ("IRC") Section 401. The Plan adopted the most recently restated plan document effective April 30, 2021. Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC.

The plan administrator is required to evaluate tax positions taken by the Plan for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. However, there are currently no audits in progress for any tax periods. The plan administrator has evaluated the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risk, and overall market volatility. Due to the level of risk with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect

the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits (modified cash basis) per the financial statements to Form 5500 as of December 31:

	2022	2021
Net Assets Available for Benefits per		
Financial Statements	\$ 7,405,666	\$ 8,943,618
Adjustment from Contract Value to Fair Value	0	260
Net Assets Available for Benefits per Form 5500	\$ 7,405,666	\$ 8,943,878

The following is a reconciliation of the net increase/(decrease) on the statement of changes to net assets available for benefits (modified cash basis) of the financial statements to Form 5500 for the years ended December 31:

	2022	2021
Net Increase/(Decrease) per Financial Statements	\$ (1,537,952)	\$ 1,719,637
Adjustment from Contract Value to Fair Value	(260)	(7,195)
Net Increase/(Decrease) per Form 5500	\$ (1,538,212)	\$ 1,712,442
