Independent Auditor's Report

To the Plan Administrator and Retirement
Plans Committee
Holland & Hart Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Holland & Hart Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (Fidelity), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from Fidelity as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

To the Plan Administrator and Retirement
Plans Committee
Holland & Hart Retirement Savings Plan

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Holland & Hart Retirement Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1985 and most recently amended as of December 18, 2020. The Plan is available to employees and partners of Holland & Hart LLP (the "Firm") and participating employers (as defined in the plan document) as of the date of employment or upon admittance to the partnership. Partners and regular employees (as defined in the plan document) are eligible to make elective deferral contributions and receive matching contributions immediately; discretionary profit-sharing contributions and quarterly profit-sharing contributions are also available immediately to partners and regular employees, with the exception of certain nonpartner attorneys. All seasonal or temporary employees (as defined in the plan document) must complete one year of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Holland & Hart retirement plans committee, which is appointed by the management committee of the Firm, administers the Plan. Fidelity Management Trust Company (Fidelity) functions as trustee, manages plan assets, and maintains the Plan's records. Fidelity offers plan participants a variety of investment options, or individuals may invest in the various investment options through self-directed brokerage accounts. Individual accounts are invested in the various investment options at the direction of the participants. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

The Firm provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Contributions

Eligible employees are automatically enrolled upon employment at a 6 percent deferral percentage, unless another deferral percentage is elected. All employees enrolled in the Plan who do not make an affirmative election change as of December 1 of a given year to their deferral percentage will have their deferral percentage increased 1 percent effective the following January 1. Participants may make before-tax and Roth contributions between 2 percent and 75 percent of their annual eligible compensation, not to exceed $19,500, as limited by the IRS for 2020. Catch-up contributions for participants age 50 or older are permitted. This maximum percentage may be reduced by the plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Firm makes a discretionary matching contribution, as approved by the Firm's management committee. In 2020, the Firm's match was 30 percent of the first 7 percent of elected deferred compensation, not to exceed $5,850 per participant. The Firm has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Firm's match is funded on a payroll basis with a discretionary year-end true-up. Due to the financial uncertainty caused by the COVID-19 pandemic, the Firm discontinued the matching contribution effective April 1, 2020. However, effective September 1, 2020, the Firm determined to reinstate the discretionary matching contribution at the rate noted above without a year-end true-up. The Firm made $1,658,662 in matching contributions for the year ended December 31, 2020.

Note 1 - Plan Description (Continued)

The Firm may make, at its sole discretion, contributions to the Plan on a quarterly basis based on year-to-date compensation, reduced by any previous quarterly profit-sharing contributions for the year. This applies to all eligible nonpartners. It also applies to eligible partners only if such partner is actively working with the Firm on the last day of each quarter end. The Firm made quarterly profit-sharing contributions based on 11.1 percent of compensation for partners and 7.5 percent of compensation for other personnel, up to the annual compensation limit established by the IRS, as defined in the plan document. The Firm made total profit-sharing contributions of $3,470,136 in 2020. Additional discretionary profit-sharing contributions may be made on an annual basis to eligible participants who are employed on the last day of the plan year. These contributions, if any, are allocated to participants based on eligible compensation as a ratio of total eligible compensation for the year. For the 2020 plan year, an additional discretionary profit-sharing contribution of $183,387 was paid subsequent to December 31, 2020.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions and withdrawals, as applicable, and an allocation of the Firm's contributions, plan earnings or losses, forfeitures, and plan expenses. Allocations are based upon plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions and rollover contributions and any income or loss thereon. Vesting in the Firm's contribution portion of their accounts, plus actual earnings thereon, is based on years of service.

Any employer matching contributions, annual profit-sharing contributions, and quarterly profit-sharing contributions will vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	- %
1	20
2	40
3	60
4	80
5	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account; bear interest at rates that range from 4.25 percent to 6.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator; and mature at various dates through March 2026. Loans have a maximum term of five years. Principal and interest are paid ratably through monthly payroll deductions. Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Participants may have only one loan outstanding at any given time, except during the period from March 27, 2020 through September 22, 2020 when the provisions related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act were in place.

Note 1 - Plan Description (Continued)

In accordance with the CARES Act, the maximum amount a participant could borrow was increased to $100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Benefit Payments

On termination of service due to death, disability, leaving the Firm, or retirement, a participant may elect to receive either a lump-sum amount equal to all or a portion of the value of the participant's vested interest in his or her account; partial payments; installment payments; or, with respect to certain funds, annuities.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. If an employee's vested account balance is greater than $5,000, the employee may delay the lump-sum distribution or the installment distribution equal to the value of his or her vested account balance until the required minimum distribution date. The IRS has required minimum distributions once a participant reaches age 72 (70½ for participants who attained 70½ prior to January 1, 2020) during the previous plan year and is no longer employed by the Firm.

In accordance with the CARES Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to $100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited account balances totaled $1,041,822 and $1,045,969, respectively.

The Plan used $489,574 for the year ended December 31, 2020 to reduce employer contributions.

Party-in-interest Transactions

The Plan receives investment advisory services from Mercer Investment Consulting Inc. Certain plan assets are in investment funds managed by Mercer Funds; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The U.S. government securities and corporate debt securities included in the self-directed brokerage account are valued using other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures. All other investments, including other investments in the self-directed brokerage accounts, are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest.

Administrative Expenses

Various administrative costs are paid by the Firm.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Plan participants may elect to invest in various investment options through self-directed brokerage accounts. This offering carries risks, including the potential for significant concentrations in individual securities and lack of diversification for the participant's portfolio.

Concentration of Investments

During the year ended December 31, 2020, three investments accounted for 52 percent of investment income.

As of December 31, 2020 and 2019, the fair values of investments greater than 10 percent of net assets available for benefits were the following:

	2020	2019
State Street S&P 500 Index Fund	$ 123,806,422	$ 107,912,477
State Street Global All Cap Equity ex-U.S. Index Fund	64,815,609	64,929,346
State Street U.S. Bond Index Fund	51,879,140	56,152,572

A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Restatement and Reclassification

The Plan's financial statements as of December 31, 2020 and 2019 have been restated to correct the balance of mutual funds and common collective trust funds. The correction of the error relates to misclassification of certain investments improperly classified as mutual funds rather than common collective trust funds. The mutual funds were previously reported as $234,783,090 and $217,373,415 as of December 31, 2020 and 2019, respectively. The common collective trust funds were previously reported as $189,667,709 and $67,488,702 as of December 31, 2020 and 2019, respectively. After a reclassification adjustment of $175,445,751 and $165,405,501 for 2020 and 2019, respectively, the restated mutual fund balances are $59,337,339 and $51,967,914 as of December 31, 2020 and 2019, respectively, and the restated common collective trust fund balances are $365,113,460 and $345,751,288 as of December 31, 2002 and 2019, respectively. The previously classified Level 1 investments should have been classified as investments held at NAV. Accordingly, the 2020 and 2019 fair value disclosures have been updated.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 17, 2023, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Fidelity.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 5 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2020

Independent Auditor's Report

To the Plan Administrator and Retirement
Plans Committee
Holland & Hart Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Holland & Hart Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (Fidelity), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from Fidelity as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

To the Plan Administrator and Retirement

Note 1 - Plan Description

The following description of Holland & Hart Retirement Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1985 and most recently amended as of December 18, 2020. The Plan is available to employees and partners of Holland & Hart LLP (the "Firm") and participating employers (as defined in the plan document) as of the date of employment or upon admittance to the partnership. Partners and regular employees (as defined in the plan document) are eligible to make elective deferral contributions and receive matching contributions immediately; discretionary profit-sharing contributions and quarterly profit-sharing contributions are also available immediately to partners and regular employees, with the exception of certain nonpartner attorneys. All seasonal or temporary employees (as defined in the plan document) must complete one year of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Holland & Hart retirement plans committee, which is appointed by the management committee of the Firm, administers the Plan. Fidelity Management Trust Company (Fidelity) functions as trustee, manages plan assets, and maintains the Plan's records. Fidelity offers plan participants a variety of investment options, or individuals may invest in the various investment options through self-directed brokerage accounts. Individual accounts are invested in the various investment options at the direction of the participants. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

The Firm provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Contributions

Eligible employees are automatically enrolled upon employment at a 6 percent deferral percentage, unless another deferral percentage is elected. All employees enrolled in the Plan who do not make an affirmative election change as of December 1 of a given year to their deferral percentage will have their deferral percentage increased 1 percent effective the following January 1. Participants may make before-tax and Roth contributions between 2 percent and 75 percent of their annual eligible compensation, not to exceed $19,500, as limited by the IRS for 2020. Catch-up contributions for participants age 50 or older are permitted. This maximum percentage may be reduced by the plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Firm makes a discretionary matching contribution, as approved by the Firm's management committee. In 2020, the Firm's match was 30 percent of the first 7 percent of elected deferred compensation, not to exceed $5,850 per participant. The Firm has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Firm's match is funded on a payroll basis with a discretionary year-end true-up. Due to the financial uncertainty caused by the COVID-19 pandemic, the Firm discontinued the matching contribution effective April 1, 2020. However, effective September 1, 2020, the Firm determined to reinstate the discretionary matching contribution at the rate noted above without a year-end true-up. The Firm made $1,658,662 in matching contributions for the year ended December 31, 2020.

Note 1 - Plan Description (Continued)

The Firm may make, at its sole discretion, contributions to the Plan on a quarterly basis based on year-to-date compensation, reduced by any previous quarterly profit-sharing contributions for the year. This applies to all eligible nonpartners. It also applies to eligible partners only if such partner is actively working with the Firm on the last day of each quarter end. The Firm made quarterly profit-sharing contributions based on 11.1 percent of compensation for partners and 7.5 percent of compensation for other personnel, up to the annual compensation limit established by the IRS, as defined in the plan document. The Firm made total profit-sharing contributions of $3,470,136 in 2020. Additional discretionary profit-sharing contributions may be made on an annual basis to eligible participants who are employed on the last day of the plan year. These contributions, if any, are allocated to participants based on eligible compensation as a ratio of total eligible compensation for the year. For the 2020 plan year, an additional discretionary profit-sharing contribution of $183,387 was paid subsequent to December 31, 2020.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions and withdrawals, as applicable, and an allocation of the Firm's contributions, plan earnings or losses, forfeitures, and plan expenses. Allocations are based upon plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions and rollover contributions and any income or loss thereon. Vesting in the Firm's contribution portion of their accounts, plus actual earnings thereon, is based on years of service.

Any employer matching contributions, annual profit-sharing contributions, and quarterly profit-sharing contributions will vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	- %
1	20
2	40
3	60
4	80
5	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account; bear interest at rates that range from 4.25 percent to 6.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator; and mature at various dates through March 2026. Loans have a maximum term of five years. Principal and interest are paid ratably through monthly payroll deductions. Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Participants may have only one loan outstanding at any given time, except during the period from March 27, 2020 through September 22, 2020 when the provisions related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act were in place.

Note 1 - Plan Description (Continued)

In accordance with the CARES Act, the maximum amount a participant could borrow was increased to $100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Benefit Payments

On termination of service due to death, disability, leaving the Firm, or retirement, a participant may elect to receive either a lump-sum amount equal to all or a portion of the value of the participant's vested interest in his or her account; partial payments; installment payments; or, with respect to certain funds, annuities.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. If an employee's vested account balance is greater than $5,000, the employee may delay the lump-sum distribution or the installment distribution equal to the value of his or her vested account balance until the required minimum distribution date. The IRS has required minimum distributions once a participant reaches age 72 (70½ for participants who attained 70½ prior to January 1, 2020) during the previous plan year and is no longer employed by the Firm.

In accordance with the CARES Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to $100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited account balances totaled $1,041,822 and $1,045,969, respectively.

The Plan used $489,574 for the year ended December 31, 2020 to reduce employer contributions.

Party-in-interest Transactions

The Plan receives investment advisory services from Mercer Investment Consulting Inc. Certain plan assets are in investment funds managed by Mercer Funds; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The U.S. government securities and corporate debt securities included in the self-directed brokerage account are valued using other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures. All other investments, including other investments in the self-directed brokerage accounts, are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest.

Administrative Expenses

Various administrative costs are paid by the Firm.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Plan participants may elect to invest in various investment options through self-directed brokerage accounts. This offering carries risks, including the potential for significant concentrations in individual securities and lack of diversification for the participant's portfolio.

Concentration of Investments

During the year ended December 31, 2020, three investments accounted for 52 percent of investment income.

As of December 31, 2020 and 2019, the fair values of investments greater than 10 percent of net assets available for benefits were the following:

	2020	2019
State Street S&P 500 Index Fund	$ 123,806,422	$ 107,912,477
State Street Global All Cap Equity ex-U.S. Index Fund	64,815,609	64,929,346
State Street U.S. Bond Index Fund	51,879,140	56,152,572

A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Restatement and Reclassification

The Plan's financial statements as of December 31, 2020 and 2019 have been restated to correct the balance of mutual funds and common collective trust funds. The correction of the error relates to misclassification of certain investments improperly classified as mutual funds rather than common collective trust funds. The mutual funds were previously reported as $234,783,090 and $217,373,415 as of December 31, 2020 and 2019, respectively. The common collective trust funds were previously reported as $189,667,709 and $67,488,702 as of December 31, 2020 and 2019, respectively. After a reclassification adjustment of $175,445,751 and $165,405,501 for 2020 and 2019, respectively, the restated mutual fund balances are $59,337,339 and $51,967,914 as of December 31, 2020 and 2019, respectively, and the restated common collective trust fund balances are $365,113,460 and $345,751,288 as of December 31, 2002 and 2019, respectively. The previously classified Level 1 investments should have been classified as investments held at NAV. Accordingly, the 2020 and 2019 fair value disclosures have been updated.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 17, 2023, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Fidelity.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 5 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:
