INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Akoya Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Akoya Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2020 Financial Statements

Plan management is responsible for the accompanying 2020 financial statement of Akoya Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy and completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2020 financial statement.

AKOYA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of Akoya Retirement Plan (the “Plan”) provides general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of Akoya Biosciences, Inc. (the “Company”) who are age twenty-one or older excluding union employees, nonresident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan.

Discretionary employer matching contributions may be made as determined by the Company, provided that the amount to be contributed shall not be in excess of the maximum amount deductible under the Internal Revenue Code (IRC). The Plan also provides for discretionary profit-sharing contributions to be made by the Company. Employees become eligible for the match and profit-sharing contribution upon hire. No such employer matching or discretionary profit-sharing contributions were made during the year ended December 31, 2021.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and the Plan’s investment earnings and charged with participant loan fees and distribution fees (if applicable). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service as follows:

<u>Company Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year or more, less than 2 years	25%
2 years or more, less than 3 years	50%
3 years or more, less than 4 years	75%
4 years or more	100%

An employee must have worked 1,000 hours per Plan year to be credited with a year of service for vesting. In the event of death or total and permanent disability, a participant’s employer contribution account becomes fully vested.

Effective January 1, 2022, the Plan was amended to grant participants immediate vesting in the Company’s contribution portion of their accounts.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years, except for notes issued to purchase a primary residence, which may be offered over a longer term. The loans are secured by the balance in the participant's account and bear interest as determined by the plan administrator based on prevailing market conditions at the time of the loan and fixed over the life of the loan. Principal and interest is paid ratably through periodic payroll deductions.

Payment of benefits – Hardship withdrawals are permitted from a participant's total vested account without respect to earnings thereon, after exhausting the maximum amount available to the participant as a loan under the Plan. In addition, in-service withdrawals from the participant's total vested account balance are permitted upon reaching age 59 ½. Participants are entitled to a lump-sum amount equal to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination, if a participant's vested account is less than \$5,000, the Plan Administrator, after notification, will distribute the benefit to the participant in whatever manner the Plan Administrator deems best.

Forfeitures – If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested. Forfeitures are used to offset future employer contributions to the Plan.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses – Investment related expenses are included in net appreciation in fair value of investments. All transaction related expenses are paid by the participants.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through August 8, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED AND BY RELIANCE TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

4. TAX STATUS

The Plan was established effective January 1, 2019 under a volume submitted plan document and was restated under a non-standardized pre-approved plan on January 18, 2022. The non-standardized pre-approved plan sponsor has received an advisory letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved plan was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the plan itself; however, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds and common collective trusts managed by T. Rowe Price Retirement Plan Services Inc. T. Rowe Price Retirement Plan Services, Inc. is the custodian and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets and liabilities in active markets, (b) quoted prices for identical or similar assets and liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust – is a fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of the units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 4,847,111	\$ -	\$ -	4,847,111
Investments measured at net asset value ^(a)	-	-	-	75,847
Investments at fair value	<u>\$ 4,847,111</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,922,958</u>

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,258,062	\$ -	\$ -	2,258,062
Investments measured at net asset value ^(a)	-	-	-	28,389
Investments at fair value	<u>\$ 2,258,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,286,451</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statement of net assets available for benefits.

7. COMPLIANCE ISSUE

During 2021 it was discovered that the Company was improperly excluding certain compensation for purposes of the Plan's definition of compensation. In 2022, management started the process to determine the necessary correction to the error noted and to what extent corrective measures must be taken. Management has consulted legal counsel to correct this error. Management intends to take whatever measures are agreed to by the IRS to correct this error to maintain the Plan's tax qualification.

8. COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The Plan Sponsor continues to operate, however cannot reasonably estimate the length or severity of this pandemic, or the extent to which a disruption may materially impact the Plan in fiscal 2022.

As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a potential decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Akoya Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Akoya Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2020 Financial Statements

Plan management is responsible for the accompanying 2020 financial statement of Akoya Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy and completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2020 financial statement.

AKOYA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of Akoya Retirement Plan (the “Plan”) provides general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of Akoya Biosciences, Inc. (the “Company”) who are age twenty-one or older excluding union employees, nonresident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan.

Discretionary employer matching contributions may be made as determined by the Company, provided that the amount to be contributed shall not be in excess of the maximum amount deductible under the Internal Revenue Code (IRC). The Plan also provides for discretionary profit-sharing contributions to be made by the Company. Employees become eligible for the match and profit-sharing contribution upon hire. No such employer matching or discretionary profit-sharing contributions were made during the year ended December 31, 2021.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and the Plan’s investment earnings and charged with participant loan fees and distribution fees (if applicable). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service as follows:

<u>Company Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year or more, less than 2 years	25%
2 years or more, less than 3 years	50%
3 years or more, less than 4 years	75%
4 years or more	100%

An employee must have worked 1,000 hours per Plan year to be credited with a year of service for vesting. In the event of death or total and permanent disability, a participant’s employer contribution account becomes fully vested.

Effective January 1, 2022, the Plan was amended to grant participants immediate vesting in the Company’s contribution portion of their accounts.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years, except for notes issued to purchase a primary residence, which may be offered over a longer term. The loans are secured by the balance in the participant's account and bear interest as determined by the plan administrator based on prevailing market conditions at the time of the loan and fixed over the life of the loan. Principal and interest is paid ratably through periodic payroll deductions.

Payment of benefits – Hardship withdrawals are permitted from a participant's total vested account without respect to earnings thereon, after exhausting the maximum amount available to the participant as a loan under the Plan. In addition, in-service withdrawals from the participant's total vested account balance are permitted upon reaching age 59 ½. Participants are entitled to a lump-sum amount equal to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination, if a participant's vested account is less than \$5,000, the Plan Administrator, after notification, will distribute the benefit to the participant in whatever manner the Plan Administrator deems best.

Forfeitures – If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested. Forfeitures are used to offset future employer contributions to the Plan.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses – Investment related expenses are included in net appreciation in fair value of investments. All transaction related expenses are paid by the participants.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through August 8, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED AND BY RELIANCE TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

4. TAX STATUS

The Plan was established effective January 1, 2019 under a volume submitted plan document and was restated under a non-standardized pre-approved plan on January 18, 2022. The non-standardized pre-approved plan sponsor has received an advisory letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved plan was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the plan itself; however, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds and common collective trusts managed by T. Rowe Price Retirement Plan Services Inc. T. Rowe Price Retirement Plan Services, Inc. is the custodian and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets and liabilities in active markets, (b) quoted prices for identical or similar assets and liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust – is a fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of the units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 4,847,111	\$ -	\$ -	4,847,111
Investments measured at net asset value ^(a)	-	-	-	75,847
Investments at fair value	<u>\$ 4,847,111</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,922,958</u>

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,258,062	\$ -	\$ -	2,258,062
Investments measured at net asset value ^(a)	-	-	-	28,389
Investments at fair value	<u>\$ 2,258,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,286,451</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statement of net assets available for benefits.

7. COMPLIANCE ISSUE

During 2021 it was discovered that the Company was improperly excluding certain compensation for purposes of the Plan's definition of compensation. In 2022, management started the process to determine the necessary correction to the error noted and to what extent corrective measures must be taken. Management has consulted legal counsel to correct this error. Management intends to take whatever measures are agreed to by the IRS to correct this error to maintain the Plan's tax qualification.

8. COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The Plan Sponsor continues to operate, however cannot reasonably estimate the length or severity of this pandemic, or the extent to which a disruption may materially impact the Plan in fiscal 2022.

As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a potential decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
