Report of Independent Auditors

To the Administrator of The Children's National Medical Center Affiliates' 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Children's National Medical Center Affiliates' 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Children's National Medical Center Affiliates'

401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following brief description of The Children's National Medical Center ("CNMC" or the "Company") Affiliates' 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1998 to provide a voluntary defined contribution retirement plan for the employees of the Children's National Medical Center and its affiliates (the "Company"). Under the terms of the Plan and related agreements, Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, has authority to execute investment transactions pursuant to participant's elections. Fidelity Workplace Services LLC ("FWS"), the Plan's recordkeeper, provides administrative services to the Plan and maintains Plan-related records. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 10, 2017, the Plan was amended to consist of two 401(k) sub-plans, known as The Children's National Medical Center Affiliates' 401(k) Retirement Plan (the "CNMC Plan", sub-plan A), and the Children's School Services 401(k) Retirement Plan, (the "CSS Plan", sub-plan B).

Effective January 1, 2021, the Plan was amended to add a third sub-plan, the Health Services for Children with Special Needs, Inc. 401(k) Retirement Plan (the "HSC Plan", sub-plan C). The HSC Plan is eligible for employees of Health Services for Children with Special Needs, Inc., an affiliate of Children's National Medical Center, and is funded through the same trust as the existing CNMC Plan and CSS Plan.

Under applicable regulatory guidance, the three sub-plans are treated as a single plan for reporting and compliance purposes.

Eligibility

Employees are generally eligible to become participants in the Plan if they are employed by the Company, including those represented by the District of Columbia Nurses Association, and treated as such for purposes of withholding federal taxes from wages and they are neither a leased employee nor a nonresident alien who has no United States source of income. Employees are eligible to participate in the Plan on the first day of the payroll period coinciding with, or immediately following, the date he or she becomes eligible.

Contributions

Participants may elect to contribute a certain percentage of annual pretax income through payroll deductions subject to the annual limits of the Internal Revenue Code ("IRC"). These contributions are invested, at the participant's election, into various investment options offered by the Company. After a participant has completed one year of service with the Company, the Company will contribute a matching amount equal to 100% of the employee's contributions up to 5% of the employee's compensation. The Company's contributions are allocated in the same manner as the participant's contributions. Additional employer contributions may be made at the Company's discretion. No additional contributions were made to the Plan in 2022. In addition, participants have the option to roll over qualified funds into the Plan.

The Company's matching contribution for each participant is calculated on an annualized basis and fund a participant's account for any matching contribution not received due to a participant reaching the annual contribution limit prior to the end of the plan year. These amounts are provided to the participant at the end of the plan year.

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's and employer contributions and allocations of the Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Participants are, at all times, 100% vested in their account balances.

Benefit Payments

Upon separation, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may also make in-service withdrawals from their accounts under guidelines set forth in the Plan.

Hardship Withdrawals

A hardship withdrawal may be paid to a participant after the Administrator's determination that an immediate and heavy financial need exists, that the Participant has obtained all other distributions then available under the Plan, and the Participant represents in writing that they have insufficient cash or other assets to satisfy the need.

Notes Receivable from Participants

Participant notes receivable are loans that may be borrowed from the participant's account up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Effective April 21, 2020, the Plan has adopted certain provisions of the CARES Act, which increased loan amounts for qualifying participants up to \$100,000 or 100% of vested account balance for loans borrowed during the period March 27, 2020 to September 27, 2020.

Payments are not made less frequently than quarterly, over a specified term not to exceed five years (15 years to purchase a principal residence of the participant). The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The interest rates range from 3.25% to 9.25% on these notes. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. Significant Accounting Policies

Method of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Plan management reviews and evaluates the values provided by Fidelity and agrees with the valuation methods and assumptions used by the trustee. See Note 3, Fair Value Measurements, for a summary of the inputs used as of December 31, 2022 and 2021 in determining the fair value of the Plan's investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in fair value of its investments, which consists of realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

The Children's National Medical Center Affiliates'

401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Certain administrative expenses of the Plan are paid from the accounts of Plan participants for actions initiated by the participants, such as loan and origination fees. These administrative expenses are deducted directly from their account. Participants pay the investment costs of the mutual funds they use to invest their account balance, and for many of the Plan's designated investments, a portion of each mutual fund's expense ratio is paid to Fidelity for retirement plan and participant services and are included in the net appreciation (depreciation) in fair value of investments. Other administrative expenses, such as audit and legal fees, are paid by the Employer.

3. Fair Value Measurements

In accordance with *Fair Value Measurements*, fair value is defined as the price that the Plan participant(s) would receive upon selling an investment or pay to transfer a liability in an orderly transaction between market participants at the measurement date to an independent buyer in the principal or most advantageous market of the investment. Fair Value Measurements established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement). The three levels of the fair value hierarchy under Fair Value Measurements are described below:

- | | |
|---------|---|
| Level 1 | Quoted prices in active markets for identical assets or liabilities. |
| Level 2 | Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities. |
| Level 3 | Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

Mutual Funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end. Because these funds are traded daily on an active exchange and are valued primarily

The Children's National Medical Center Affiliates'

401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

on the basis of market quotations, official closing prices, or on the basis of information furnished by a pricing service, they are classified as Level 1.

Common/Collective Trust Funds: The common/collective investment funds are presented at fair value as provided by the trustee based on NAV as a practical expedient. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments with respect to these investments; however, they may be subject to redemption restrictions, at the trustee's discretion to the extent that it is determined such actions would disrupt management of the funds.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2, or 3.

The following table sets forth by level, within the fair value hierarchy, the investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 214,169,409	\$ -	\$ -	\$ 214,169,409
Total investments at fair value	\$ 214,169,409	\$ -	\$ -	214,169,409
Common/collective trusts (a)				714,135,430
Total investments at fair value				<u>\$ 928,304,839</u>

The following table sets forth by level, within the fair value hierarchy, the investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 448,010,451	\$ -	\$ -	\$ 448,010,451
Total investments at fair value	\$ 448,010,451	\$ -	\$ -	448,010,451
Common/collective trusts (a)				687,154,201
Total investments at fair value				<u>\$ 1,135,164,652</u>

- (a) In accordance with ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Investments and Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits as of December 31, 2022 and 2021 and the schedule of assets (held at end of year) as of December 31, 2022, the related investment activity and interest on notes receivable

from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022 and investment and investment related information in the accompanying notes to the financial statements.

The information summarized below and the related information set forth in the financial statements and supplemental schedule has been certified as complete and accurate by Fidelity.

		<u>\$ (219,986,459)</u>

For the year ended December 31, 2022, the Plan recorded \$577,911 of interest on notes receivables from participants.

5. Related Party and Party-in-Interest Transaction

The Plan invests in certain mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

A majority of the Plan's administrative expenses are paid by the Plan sponsor, which also qualifies as a party-in-interest transaction.

6. Tax Status

The Plan administrator received a favorable determination letter dated November 21, 2014 for subplan A and the Plan administrator received a favorable determination letter dated March 27, 2019 for sub-plan B. The Plan administrator submitted a determination letter request on December 28, 2021 for sub-plan C and are awaiting a response. Under applicable regulatory guidance, the three sub-plans are treated as a single plan for reporting and compliance purposes.

The Plan has been amended since the receipt of these determination letters; however the plan administrator and the Plan's tax counsel believe that the Plan is designed, inclusive of subsequent amendments, and is being operated in compliance with the applicable requirements of the IRC. As such, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however,

The Children's National Medical Center Affiliates'
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants will continue to be 100% vested, the Plan net assets would be distributed to each participant in a single sum, based on the individual's account balance as of the valuation date immediately preceding the date the distribution is to be made.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Plan's management evaluated subsequent events through June 8, 2023, the date that the financial statements were available to be issued, noting there are no matters requiring disclosure in the financial statements as of December 31, 2022.
