Report of Independent Auditor

To the Trustees
Grocery Haulers, Inc. 401(K) Plan
Iselin, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Grocery Haulers, Inc. 401(K) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulation for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are

presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103 (a)(3)(C) audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year from the financial statement issuance date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, representations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Grocery Haulers, Inc. 401(K) Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Grocery Haulers, Inc. 401 (K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a qualified defined contribution plan covering all eligible employees of Grocery Haulers, Inc. (the “Company”), which became effective on January 18, 1997 and was amended and restated effective January 1, 1998, June 30, 2003 and again May 1, 2009. Under the Plan, participants may elect to make pre-tax contributions under Section 401(k) of the Internal Revenue Code and the Employer is to make matching and fixed contributions as defined in the Plan. The Employer contracts with a trustee for investing, safekeeping and accounting of the Plan’s assets and valuation of the individual participant’s accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”)

During April 2012, the Bakers Express 401(k) Plan was merged into the Plan. The Plan will recognize years of service with Bakers Express, LLC (“Bakers”) for the purposes of eligibility, vesting and allocations.

In March 2020, Bakers Express ceased operating and stopped paying wages aside from severance. All Bakers Express employees were terminated in 2020 and the Company intends to liquidate Bakers Express by the end of 2023.

Eligibility

Company Employees who have completed two months of service and whose employment is not covered by a collective bargaining agreement which provides for retirement benefits for them, unless such agreement expressly provides for coverage in the plan are eligible to participate in making pre-tax contributions to the Plan. In order to receive non-elective contributions and matching contributions, members must also attain the age of 21.

Contributions

Under the Plan, participants are permitted to make pre-tax contributions limited to the applicable limit under the Internal Revenue Service Code Section 402(g), which was \$19,500 for the years 2021 and 2020. A participant may elect to have all or a portion of their elective deferral to be a roth elective deferral. Such deferrals are post-tax contributions and, together with the pre-tax contributions, cannot exceed the applicable limit under the Internal Revenue Service Code Section 402(g) as stated above. The Company may make a matching contribution and elective contribution at its sole discretion for non-union participants.

Grocery Haulers, Inc. 401(K) Plan

Notes to Financial Statements

Upon a participant's initial entry into the Plan, the participant will be deemed to have elected to contribute 4% of their compensation as a pre-tax contribution, unless they have entered into a salary deferral agreement stating otherwise. All union and non-union drivers are exempt from this automatic employee contribution provision.

For all employees, company matching (depending on the employee group) is either 25% of the first 10% of employee deferral, 50% of the first 5% of employee deferral, or 0% of all employee deferrals. Matching contributions shall not exceed 2.5% of compensation.

The Company makes additional discretionary contributions to the Plan in accordance with the Plan Document and any Amendments thereto.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, matching contributions, and allocations of elective contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses.

Vesting

Company participants are immediately vested 100% in their voluntary contributions plus actual earnings thereon. Company participants vest 20% per year of credited service, and are fully vested upon the completion of five years of credited service for matching contributions. Company participants vest 20% per year of credited service commencing at the end of year two and fully vesting upon the completion of six years of credited service for non-elective Contributions.

Forfeitures

Participants who terminate employment, but have not become fully vested, must forfeit the unvested balance in their account. Forfeited amounts will be used first to pay any administrative expenses of the plan, and then to reduce the Company's contribution for the Plan year. For the year ended December 31, 2021, forfeitures used to reduce the Company's contribution amounted to \$16,384 and for the year ended December 31, 2020, forfeitures used to reduce the Company's and Baker's contribution amounted to \$15,547.

Payment of Benefits

Participants are eligible to receive either a lump sum distribution, an annuity or equal monthly, quarterly, semi-annual or annual distributions of the full vested value of their account balance upon the earlier of reaching the age of 65 or the fifth anniversary of participation in the Plan.

Notes to Financial Statements

Participant Loans

A participant may request a withdrawal from his or her account in the form of a loan. The amount of the loan must be in excess of \$1,000 and shall not exceed the lesser of one half of the participants vested balance or \$50,000, as adjusted by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan's financial statements have been prepared in conformity with generally accepted accounting principles. A summary of the significant accounting principles and policies used by the Plan are as follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments

The Plan invests participants' account balances at the direction of the participant in any mutual funds administered by Matrix Trust Company ("Matrix"). These investments are valued at the net asset value reported by the fund managers. Fair values of the underlying investments are based upon the latest published market quotations. Participant loans are valued at cost, which approximates fair value.

During 2006, participants were also given the option of purchasing whole-life life insurance policies. These policies are valued using the cash surrender value.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits, the net appreciation (depreciation) in the fair value of its investments that consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Plan Expenses

All participants pay \$10 per quarter from their accounts for plan fees. If a participant chooses to receive paper quarterly statements as opposed to electronic statements, the participant will incur an additional fee of \$2 per quarter. If the participant has an outstanding loan, the participant will incur an additional fee of \$8 per quarter. Therefore, participants can incur a plan expense of anywhere from \$10 to \$20 per quarter. Any additional administrative expenses of the Plan are borne by the Company. These expenses include advisory fees of \$20 per quarter per participant.

In addition, the Plan has incurred annual investment advisory fees ranging from .18% to .24% of the market value of the Assets under management in 2021 and 2020. This fee is pro-rated and paid quarterly by the participants based upon the market value of Plan Assets on the last calendar date of the previous quarter. In 2021, the annual fee fluctuated between .18% and .20% depending on Plan Assets.

Grocery Haulers, Inc. 401(K) Plan

Notes to Financial Statements

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual date. Dividends are recorded on the ex-dividend dates.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair market value of investments for such investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan agreement.

Subsequent Events

Subsequent events were evaluated through October 10, 2022, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Security Act of 1974. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information

Grocery Haulers, Inc. 401(K) Plan

Notes to Financial Statements

certified by Matrix Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the plan's financial statements and supplemental statements.

- All investments reflected on the accompanying statements of assets available for plan benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4i – Schedule of Assets Held for Investment Purposes, as of December 31, 2021 except for receivables;
- The following investment income certified by the custodian for the year ended December 31, 2021:

Dividends and interest	1,431,990
Net appreciation in fair value of investments	3,051,256
Decrease in cash surrender value of life insurance policies	3,195
Administrative fees	76,929

NOTE 4 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their account balance.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Grocery Haulers, Inc. 401(K) Plan

Notes to Financial Statements

Level 2	Inputs to the valuation methodology include - quoted prices for similar assets and liabilities in active markets; - quoted prices for identical or similar assets or liabilities in inactive markets; - inputs other than quoted prices that are observable for asset or liability; - inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Surrender Value of Life Insurance Policies: The fair value of participant whole-life life insurance policies held is valued using the cash surrender value of the policies.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

(1) – In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy table to the fair value of investments presented in the statements of net assets available for plan benefits.

There were no Plan assets and liabilities measured and recorded at fair value on a non-recurring basis as of December 31, 2021 and 2020. There were no transfers from one fair value level to another during 2021 and 2020.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

	Fair Value at 12/31/21	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Cash surrender value of life insurance policies	134,416	N/A	Daily	None

	Fair Value at 12/31/20	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Cash surrender value of life insurance policies	137,611	N/A	Daily	None

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of various funds managed by Matrix Trust Company. Therefore, any transactions between the Plan and Matrix Trust Company are considered related party transactions.

NOTE 7 – TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investments in stocks, bonds and money markets which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts in the statement of net assets available for plan benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the former President of the United States declared a national emergency relating to the disease. As a result of the ongoing COVID-19 pandemic, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.
