INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Sierra Canyon Foundation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Sierra Canyon Foundation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2022 financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate to raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of August 31, 2022 is presented for purposes of additional analysis and is not a required part of the 2022 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2021 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of August 31, 2021. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report dated June 15, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than derived from the information certified by the qualified institutions was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SIERRA CANYON FOUNDATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022

1. PLAN DESCRIPTION

The following description of the Sierra Canyon Foundation 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees, as defined in the Plan, who are employed by Sierra Canyon High School Foundation (the "Employer" and the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Each year, participants may contribute up to 50 percent of annual compensation as pretax or Roth deferrals, subject to certain limitations, as defined in the Plan and the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary Employer matching and profit sharing contributions. Participants must complete 1,000 hours of service in order to be eligible for discretionary Employer profit sharing contributions. For the year ended August 31, 2022, the Employer matched 100 percent of the participant's deferral up to five percent of compensation in the amount of \$589,955. For the year ended August 31, 2022, the Employer did not make any discretionary profit sharing contributions.

Participant Accounts - Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Employer's discretionary matching contribution and profit sharing contribution portions of their accounts is based on years of service. Participants are vested in Employer discretionary matching contributions and profit sharing contributions at 100 percent after two years of service.

Forfeitures - Forfeitures of Employer contributions may be used to pay Plan administrative expenses and reduce future Employer contributions. During the year ended August 31, 2022, no forfeitures were used. As of August 31, 2022 and 2021, forfeitures of \$38,498 and \$34,961 were available for future use, respectively.

Payment of Benefits - On termination of service due to death or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or installment payments, as permitted under the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan provides for a mandatory cash-out following severance of employment for account balances less than \$5,000.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2022 and 2021.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan may be paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The Company has evaluated subsequent events through June 9, 2023, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SIERRA CANYON FOUNDATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and 2021.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Collective Trust Funds ("CTs") – The CTs are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The investment objective of the FlexPATH Index+ funds held as CTs is to provide long-term investors with an asset allocation strategy designed to maximize their retirement savings consistent with the risk that the investors within the stated risk tolerance may be willing to accept given their investment time horizon.

The investment objective of the FlexPATH Stable Value Fund is to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts.

The investment objective of the Empower International Stock Fund is to seek long-term capital appreciation by investing in international developed market stocks using the research affiliates equity strategy, a value approach designed to outperform the MSCI EAFE Value Index over a full market cycle.

The investment objective of the Empower Small Cap Value Fund is to seek long-term capital growth.

The investment objective of the Empower Small Cap Growth Fund is to seek long-term capital appreciation.

The investment objective of the Empower Large Cap Value Fund is to seek capital growth and current income.

The investment objective of the Empower Large Cap Growth Fund is to seek long-term growth of capital.

4. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, the "Custodians") and was not subjected to any auditing procedures performed by the independent public accountants:

- Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of August 31, 2022 and 2021.
- Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended August 31, 2022.
- Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of August 31, 2022.

SIERRA CANYON FOUNDATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Prior to October 5, 2021, the Plan had entered into a traditional fully benefit-responsive guaranteed investment contract with the Custodians totaling \$685,079 for 2021. The Custodians maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Custodians was contractually obligated to repay the principal and specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the Custodians. Such interest rates were reset on a quarterly basis.

The Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the Custodians' ability to meet its financial obligations. The Custodians' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Custodians. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Employer layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Custodians and that would also limit the Plan's ability to transact at contract value with participants.

6. TAX STATUS

The Employer adopted a non-standardized pre-approved profit sharing plan, which is the subject of a favorable IRS tax opinion letter dated June 30, 2020. The Employer believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SIERRA CANYON FOUNDATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022

7. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance. Loans are generally issued with a maturity of up to five years. The term of any loan for the purpose of purchasing a primary residence shall not exceed 30 years. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. Principal and interest are paid ratably through payroll deductions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments are held by the Custodians. Transactions with the Custodians qualify as party in interest transactions for which exemptions exist. The Custodians received \$96,458 of direct compensation all of which was paid by participants through the Plan and received indirect compensation based on a formula. The Plan's investment advisor received direct compensation of \$30,874, which was paid from the Plan Expense Account ("PEA"). In addition, the Plan utilizes a broker that received indirect compensation of \$11,528.

According to the Plan Expense Agreement between the Plan Sponsor and the Custodians, the Custodians are required to make monthly contributions to the PEA in an amount equal to 0.016 percent of the Plan's assets (0.19 percent annually). The funds in the PEA may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants as earnings or contributions. The net depreciation of investments is reflected net of these contributions. During the year ended August 31, 2022, the Custodians contributed \$33,795 to the PEA, of which \$30,874 was used to pay Plan administrative expenses. As of August 31, 2022, there is \$2,927 available in the PEA for future use.
