Independent Auditors' Report

To the Plan Administrator Clarus Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Clarus Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Clarus Corporation Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Clarus Corporation Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Clarus Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was created on January 1, 1994 and is a defined contribution plan covering the employees of Clarus Corporation; Black Diamond Equipment, Ltd.; Black Diamond Retail, Inc.; Black Diamond Retail – Alaska, LLC (amended in March 2021 to remove these employees); BD North American Holdings, LLC; Black Diamond Retail – Oregon, LLC (added in February 2022); Black Diamond Retail – Vermont, LLC (added in February 2022); and Black Diamond Retail – Colorado, LLC; Black Diamond Retail – Montana, LLC, (collectively, the Company, Employer or Plan Sponsor), age 21 or older, who have completed at least three months of service. The Plan is established and maintained for the exclusive benefit of the participating employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants authorize the Company to deduct up to 50% of their compensation for deposit into the Plan subject to the maximum amount allowable under the Internal Revenue Code of \$20,500 for the year ended December 31, 2022. Participants who attained age 50 or older before the end of the 2022 year were eligible to make additional catch-up contributions of \$6,500. The Company may provide a matching contribution and/or a discretionary contribution determined annually by the Company. Participants may make pre-tax or after-tax Roth contributions into their accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of earnings on investments, and an allocation of the Employer's contribution, if any, and charged with an allocation of losses on investments, benefits paid and an allocation of administrative expenses, as applicable.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any Company matching and discretionary contributions to participant accounts, plus earnings thereon, is based on years of service. For most participants the Company matching is 25% vested after 1 year of credited service, 50% vested after 2 years, 75% vested after 3 years, and fully vested after 4 years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive their contributions, and the Employer's matching and discretionary contributions, in a lump sum or installments over a defined period of time. Upon death, or if the participant becomes disabled the participant shall be 100% vested in their accounts under the plan. For termination of service due to other reasons, participants with vested benefits less than \$1,000 receive a lump-sum distribution. Participant balances with vested benefits greater than \$1,000 will, at the participant's discretion, either be distributed as a lump-sum amount, installment payments, or as a direct rollover to an individual retirement account.

Forfeitures

Forfeitures of non-vested participant account balances may be used to pay Plan administrative expenses or reduce future Employer matching and discretionary contributions. As of December 31, 2022 and 2021, forfeited non-vested account balances totaled \$6,268 and \$5,756, respectively. During the year ended December 31, 2022, \$17,780 was used to pay administrative expenses and \$0 was used towards employer contributions. Amounts forfeited by participants totaled \$18,207 and net investment gain on forfeitures totaled \$85 for the year ended December 31, 2022.

Administrative Expenses

Plan administrative expenses may be paid by the Plan and deducted from participants' individual accounts or paid by the Company, if the Company so elects. During the year ended December 31, 2022, \$26,124 of administrative expenses were paid by the Plan. Certain expenses related to the Plan for the year ended December 31, 2022 were paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Key estimates include the determination of fair values of investments.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds are valued at daily quoted net asset value closing prices as reported by the mutual fund on stock exchanges. Net realized and unrealized gains or losses caused by fluctuations in the value of investments are reflected in the statement of changes in assets available for benefits. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, liquidity, overall market volatility, and changes in economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through June 13, 2023 which is the date these financial statements were available to be issued.

3. Certification of Information Provided

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator has obtained a certification from Fidelity Management Trust Company, trustee of the Plan, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that the information in the accompanying financial statements and supplemental schedule pertaining to the Plan's investments and related investment transactions is complete and accurate. Information as to the assets held by the Plan, investment income, and investment transactions are presented solely based upon that certification.

4. Income Tax Status

The Plan has adopted a prototype plan for which the Internal Revenue Service (IRS) has issued a favorable opinion letter dated June 30, 2020, covering the qualification of the Plan and the tax-exempt status of the trust under the appropriate sections of the Internal Revenue Code. The Plan Administrator does not believe that changes in the Plan after the date of the amendments covered by the IRS opinion letter will affect the qualified and tax-exempt status of the Plan. Accordingly, no provision for income taxes is included in the accompanying financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of funds that are managed by Fidelity Management Trust Company, and therefore, these transactions constitute party-in-interest transactions under ERISA. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition on party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Fair Value Measurements

The Financial Accounting Standards Board has established a three-level fair value hierarchy which prioritizes inputs into valuation techniques used to measure fair value of financial instruments. This hierarchy requires the Plan's financial instruments to be classified by level in their entirety based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy include the following types of inputs:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize, by level within the valuation hierarchy, the Plan's investments measured at fair value as of December 31, 2022 and 2021:

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,200,663	\$ -	\$ -	\$ 19,200,663

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,417,694	\$ -	\$ -	\$ 23,417,694
