INDEPENDENT AUDITOR'S REPORT

The Administrative Committee of
Clackamas County Children's Commission 403(b) Plan
Milwaukie, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Clackamas County Children's Commission 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2022 financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of August 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The 2022 supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the 2022 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2021 Financial Statements

We were engaged to audit the statement of net assets available for benefits as of August 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated June 13, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN

The following is a brief description of the Clackamas County Children's Commission 403(b) Plan (the Plan). It is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible U.S. employees of Clackamas County Children's Commission (the Employer). Eligible employees scheduled to normally work 20 or more hours a week are eligible to make salary deferral contributions and, after completion of two years of service and a minimum of 720 hours each year, to participate in employer contributions. Employees who are nonresident aliens with no U.S. source income are not eligible to participate, provided however, that once an employee has satisfied the criteria to become a participant, such employee shall remain eligible to participate in the Plan regardless of residency status. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions consist of employee salary deferral contributions, Roth deferrals, rollover contributions and employer contributions. Participants may contribute up to 100% of total eligible compensation for the plan year, limited to the applicable limit under the Internal Revenue Code (IRC). Participants aged 50 and over may make additional catch-up contributions. The Plan provides for employer contributions in an amount equal to 8% of eligible plan compensation. Contributions are subject to certain limitations.

Participant Accounts - A separate account is maintained for each participant, which is credited with the participant's deferrals, Roth deferrals, rollover contributions, the employer's contributions, and an allocation of plan earnings and expenses. Allocation of plan earnings and expenses is based upon participant account balances. Allocation of employer's contributions is based on a percentage of each eligible participant's compensation, or an equal dollar value. The benefit to which a participant is entitled is the vested amount in their individual account.

Vesting - Participants are immediately vested in all contributions and actual earnings thereon.

Payment of Benefits - Upon termination of service, disability or death, a participant or their beneficiary may be paid in installments, annuity payments or a lump sum amount to the participants vested account value. Upon termination of employment, account balances that are under \$1,000 are to be automatically paid out to participants and balances between \$1,000 and \$5,000 are transferred to an IRA unless otherwise directed by the participant. The Plan provides for hardship distributions which are available only for the purpose of meeting immediate and heavy financial needs. Participants may elect to take a partial or total distribution upon satisfying certain service requirements, even if they have not terminated employment with the Employer.

Expenses - Administrative expenses may be paid by the Employer. Expenses not paid by the Employer are paid from participant accounts. Certain administration expenses are charged to the appropriate participant's account. Certain expenses of plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel, are provided by the plan sponsor without charge to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments in pooled separate accounts.

Policy Loans - The Plan provides for loans which are issued directly from funds owned by the Lincoln National Life Insurance Company (Lincoln), the custodian. Accordingly, loans are not reported on the statements of net assets available for benefits and related interest income is not reported on the statement of changes in net assets available for benefits. Adequate security is required and a portion of the participant's account is held as collateral to cover outstanding loans in case of default. There was \$190,327 and \$180,009 held as collateral for outstanding loans at August 31, 2022 and 2021, respectively.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At August 31, 2022 and 2021, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through June 8, 2023, which is the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and 2021.

Pooled separate accounts (PSAs): The Plan holds a group annuity contract issued by Lincoln. The contract allows the Plan to invest in pooled separate accounts, each containing several sub-accounts. Each sub-account holds a single registered mutual fund but may hold short term money market instruments from time to time.

The net asset value (NAV) of the sub-accounts is primarily based on the quoted market prices of the underlying mutual funds, less daily mortality and expense risk and administration charges. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The NAV of the sub-accounts is determined by Lincoln and is not publicly quoted.

Under the terms of the contract with Lincoln, the mortality and expense risk charge is adjusted for the number of calendar days in the valuation period. On an annual basis, these charges will not exceed 1.002%. Sub-accounts may also be charged with direct charges arising from the purchase, maintenance or sale of investments held by the sub-account, any taxes which may be payable by Lincoln which are attributable to the assets in the sub-account, and with any expenses which Lincoln determines are reasonably necessary or required to preserve or enhance the value of assets of the sub-account.

Transfers and withdrawals from the separate accounts may be deferred if a determination of the value of such withdrawal or transfer is not possible because the Securities and Exchange Commission has suspended or otherwise restricted trading of securities or another emergency outside of the issuer's control.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2022 and 2021:

Investment Assets at Fair Value as of August 31, 2022				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	3,577,196
Total investments at fair value	\$ -	\$ -	\$ -	\$ 3,577,196
Investment Assets at Fair Value as of August 31, 2021				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	3,980,255
Total investments at fair value	\$ -	\$ -	\$ -	\$ 3,980,255

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of August 31, 2022 and 2021, respectively:

	August 31, 2022 Fair Value	August 31, 2021 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 3,577,196	\$ 3,980,255	N/A	Daily	No required redemption notice

NOTE 4 – FIXED ANNUITY CONTRACTS

The Plan entered into fully benefit-responsive fixed annuity contracts with Lincoln. Lincoln maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fixed annuity contracts do not permit the insurance company to terminate the agreements prior to their scheduled maturity dates. The methodology used to calculate the interest crediting rate is discretionary to Lincoln. The crediting rates are set to be at least as large as the guaranteed minimum interest rate for a given product and are communicated to plan sponsors before they go into effect, and are guaranteed for at least a quarter. The minimum crediting rate under the contract was 3.50% in 2022 and 2021. The average yield based on actual earnings and interest rates credited to participants was 3.50% in 2022 and 2021.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Market Value Adjustments (MVA) and surrender charges could limit the ability of the Plan to initiate/complete a transaction at contract value and result in an adjustment to the net asset value. An MVA is a feature of the contract that protects Lincoln and its clients against sudden movements in the bond markets. The purpose of the MVA is not to generate revenue but rather to offset losses caused by being forced to sell assets at a loss. An MVA is only applicable to the fixed account. To determine if an MVA applies, current bond rates are compared with the average crediting rate for a given plan. If the current bond rates are higher than the average crediting rate, then there may be an MVA. An MVA is applied to the account value in the Fixed Account at contract discontinuance, unless the account value is withdrawn via the five-year withdrawal schedule. Surrender charges are a feature of some Lincoln contracts and is the percentage of the withdrawal amount based on the contract year. The surrender charge schedule is included in the group annuity contract. There are no events that allow the issuer to terminate the contracts and which require the plan sponsor to settle an amount different than contract value paid either within 180 days or over time.

Certain other events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The following is a summary of the comparative unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at Year End), that was certified by the custodian of the Plan, The Lincoln National Life Insurance Company, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments	\$ 5,800,487	\$ 6,058,356
Net appreciation (depreciation) in fair value of pooled separate accounts	\$ (698,032)	\$ 733,843
Interest on fixed annuity contracts	\$ 70,754	\$ 68,272

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of funds managed by The Lincoln National Life Insurance Company or an affiliate of The Lincoln National Life Insurance Company. The Lincoln National Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There was one investment that individually represented more than 10% of the investments held as of August 31, 2022 and 2021. See the Supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

In March 2020, the World Health Organization declared the Coronavirus (COVID-19) outbreak a pandemic. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility since the initial outbreak. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. The financial statements do not consider the potential future impacts of the pandemic.

NOTE 9 – INCOME TAX STATUS

The Plan document is a volume submitter 403(b) plan sponsored by Lincoln Retirement Services Company, LLC. In an opinion letter dated March 31, 2017, the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 403(b) and the related trust is tax-exempt as of August 31, 2022 and 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – PROHIBITED TRANSACTIONS

During the plan year, employee withholdings totaling \$9,057 were not remitted to the Plan within the appropriate time period required by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. The Employer is aware of the occurrence and is in the process of taking the appropriate steps to correct the situation.
