Independent Auditor's Report

To the Plan Administrator
The Williamson Group, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of The Williamson Group, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report (Continued)

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 1, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

The Williamson Group, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note A - Description of Plan

The following description of The Williamson Group, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering employees of The Williamson Group, Inc. (the "Company" and "Plan Sponsor") who have attained age twenty-one and completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may elect to contribute, on a pre-tax basis, the lesser of 60% of eligible compensation or the maximum compensation permissible under the Internal Revenue Code ("IRC"). The Plan provides for automatic enrollment of eligible employees at a pre-tax deferral rate of 6% of compensation unless the participant affirmatively elects otherwise. Additional catch-up contributions are also permitted.

The Plan provides for a Company safe harbor qualified nonelective contribution equal to 3% of eligible compensation. The Company may also make discretionary contributions to the Plan. For the 2022 Plan year, the Company made a discretionary matching contribution equal to 50% of the first 6% of eligible compensation contributed to the Plan. No other additional discretionary contributions were made for the 2022 Plan year.

Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.

3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer matching and qualified nonelective contributions, and an allocation of Plan investment results. Participant accounts are charged with their withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after three years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by any outstanding loan balance, whichever is less. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions.
7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or monthly installments under various forms as defined by the Plan. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

The Williamson Group, Inc. 401(k) Savings Plan
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note A - Description of Plan (Continued)

8. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of employer contributions. There were no forfeited account balances at December 31, 2022 and 2021. During the Plan year ended December 31, 2022, forfeitures totaling \$2,246 were used to reduce the amount of employer matching contributions.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
5. Payment of Benefits: Benefits are recorded when paid.
6. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
7. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
8. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date the financial statements were available to be issued.

The Williamson Group, Inc. 401(k) Savings Plan
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note C - Certification of Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, and Principal Life Insurance Company ("Principal"), qualified institutions, have certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Schedule of Assets (Held at End of Year) at December 31, 2022, and the related dividends and net depreciation in fair value of investments information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022. The qualified institutions did not certify notes receivable from participants and related activity.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective trust fund: Valued at the net asset value ("NAV") of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Williamson Group, Inc. 401(k) Savings Plan
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note D - Fair Value Measurements (Continued)

Pooled separate accounts ("PSAs"): Valued at the NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company at December 31, 2022 and 2021, respectively. The PSAs seek to mirror the investment objectives and strategies of the underlying mutual fund for which the PSA is named. Certain PSAs are target date funds which seek capital appreciation and current income consistent with asset allocations that become more conservative over time to the specified retirement date. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,963,583	\$ -	\$ -	\$ 3,963,583
Total assets in the fair value hierarchy	<u>\$ 3,963,583</u>	<u>\$ -</u>	<u>\$ -</u>	3,963,583
Investments measured at NAV (a)				<u>16,202,833</u>
Investments, at fair value				<u>\$ 20,166,416</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,543,967	\$ -	\$ -	\$ 4,543,967
Total assets in the fair value hierarchy	<u>\$ 4,543,967</u>	<u>\$ -</u>	<u>\$ -</u>	4,543,967
Investments measured at NAV (a)				<u>16,112,556</u>
Investments, at fair value				<u>\$ 20,656,523</u>

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the Statements of Net Assets Available for Benefits.

The Williamson Group, Inc. 401(k) Savings Plan
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note E - Related Party and Party in Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties in interest. It invests in pooled separate accounts managed by Principal and a collective trust fund managed by an affiliate of Principal. The Plan paid fees to Principal totaling \$74,460 during the Plan year ended December 31, 2022. These transactions as well as notes receivable from participants qualify as party in interest transactions.

Note F - Income Tax Status

Effective July 15, 2022, and as required under IRC regulations related to Cycle 3, the Plan was restated on a pre-approved plan document sponsored by Principal. The Internal Revenue Service ruled on June 30, 2020, that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to July 15, 2022, the Plan was based on a volume submitter plan with an opinion letter dated August 8, 2014. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
