Independent Auditor's Report

To the Participants and the Plan Administrator
Oppenheimer & Co. Inc. 401(k) Plan

Opinion

We have audited the financial statements of Oppenheimer & Co. Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021 and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and the Plan Administrator
Oppenheimer & Co. Inc. 401(k) Plan

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Independent Registered Public Accounting Firm

To the Plan Administrator and Plan Participants
Oppenheimer & Co. Inc. 401(k) Plan

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for plan benefits of the Oppenheimer & Co. Inc. 401(k) Plan (the “Plan”) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets of the Plan as of December 31, 2022 and 2021, and the changes in its net assets for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

The Plan’s management is responsible for these financial statements. Our responsibility is to express an opinion on the Plan’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying schedule of assets held at end of year as of December 31, 2022 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Department of Labor's Rules and Regulations for Reporting under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Oppenheimer & Co. Inc. 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of the Plan

The following description of the Oppenheimer & Co. Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Oppenheimer & Co. Inc. (the “Company”). Employees of the Company who are at least 18 years of age shall be eligible to make elective deferrals into the Plan upon date of hire. Participants who are at least 18 years of age and who have completed one year of service and are employed on the last day of the Plan year shall be eligible to receive a discretionary contribution from the Company.

During the Plan years ended December 31, 2022 and 2021 as permitted under the plan agreement, the Plan adopted a new formula used in computing the discretionary contributions from the Company.

Contributions - Employees may make salary deferral contributions up to 50 percent of compensation subject to tax deferral limitations established by the Internal Revenue Code. Participants who have reached the age of 50 by the end of the Plan year may also make catch-up contributions to the maximum allowed by the Plan. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan (excluding any after-tax contributions) or Individual Retirement Accounts (IRA’s).

The Company may contribute to the Plan a discretionary amount (the “Employer Discretionary Contribution”). The Employer Discretionary Contribution is determined by Oppenheimer Holdings Inc.’s Board of Directors and is subject to guidelines set forth in the Plan agreement.

Employer Discretionary Contributions, including amounts allocated for rebates received, for the year ended December 31, 2022 and December 31, 2021 were determined as follows:

- 3.00% of the first \$30,000 of a participant’s eligible compensation
- 2.75% of the next \$10,000 of a participant’s eligible compensation
- 1.50% of the next \$25,000 of a participant’s eligible compensation
- 0.6835% of the next \$35,000 of a participant’s eligible compensation
- 0.315% of the next \$75,000 of a participant’s eligible compensation

The Plan receives rebates of certain mutual fund stockholder service fees. These rebates are placed in a non-settlor account. All amounts in the Plan's non-settlor account will be allocated to participants based on the formula outlined above.

Oppenheimer & Co. Inc. 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of the Plan (Continued)

To the extent that the total amount in the Plan's non-settlor account is less than the amount to be allocated, the Company will make up the shortfall. For the year ended December 31, 2022, the total Employer Discretionary Contribution was \$4,279,902 of which \$189,763 was allocated from rebate amounts and the remaining was contributed by the Company. For the year ended December 31, 2021, the total Employer Discretionary Contribution was \$4,306,185 of which \$272,323 was allocated from rebate amounts and the remaining was contributed by the Company.

Vesting - All participants are immediately and fully vested in all employee elective deferrals and rollovers and the income derived from the investment of such contributions.

Participants will be vested in employer discretionary contributions plus the income thereon upon the completion of service with the Company or an affiliate at the following rate:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0 %
2 years but less than 3	20 %
3 years but less than 4	40 %
4 years but less than 5	60 %
5 years but less than 6	80 %
6 years or more	100 %

All years of service with the Company or an affiliate are counted to determine a participant's non-forfeitable percentage.

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$315,643 and \$401,587, respectively. These accounts were used to reduce employer contributions for the 2022 and 2021 Plan years.

Notwithstanding the vesting schedule specified above, a participant shall be 100 percent vested in his or her Employer Discretionary Contribution upon the attainment of normal retirement age, death, or disability if still employed with the Company or an affiliate upon the occurrence of one of these events.

Note 1 - Description of the Plan (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participants may invest in Company Stock under the Plan to a maximum of twenty-five percent (25%).

Payment of Benefits - Payment of vested benefits under the Plan will be made in the event of a participant's termination of employment, death, retirement, or financial hardship and may be paid in either a lump-sum distribution or over a certain period of time as determined by Internal Revenue Service (IRS) rules or by participant election.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and the Employee Retirement Income Security Act of 1974 (ERISA). Upon termination of the Plan, participants become 100 percent vested in their accounts.

Participant Notes Receivable - Active participants may borrow from their account balances and must be adequately collateralized using not more than 50 percent of the participant's vested account balance. Interest is stated at a reasonable rate determined on the note date. The notes receivable and interest repayments are reinvested in accordance with the participant's current investment selection.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Party-in-Interest Transactions - Certain plan assets are in investments of Oppenheimer Holdings Inc. Oppenheimer Holdings Inc. is the parent company of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. Life insurance contracts are valued at fair value based on the cash surrender value of the policies. All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties - The Plan invests in various securities including mutual funds and Oppenheimer Holdings Inc. common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code ("IRC"). Although the plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying statements.

The plan administration believes the Plan is no longer subject to tax examinations for years prior to 2019.

Note 4 - Fair Value

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2022 and 2021.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
