Report of Independent Auditors

Board of Directors
Three Rivers Corporation Employees' Profit-Sharing Plan
Midland, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Three Rivers Corporation Employees' Profit-Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Three Rivers Corporation Employees' Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit-Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Three Rivers Corporation Employees' Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Three Rivers Corporation Employees' Profit-Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 9, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Three Rivers Corporation Employees' Profit-Sharing Plan

Notes to Financial Statements

August 31, 2022

1. Description of the Plan

The following description of the Three Rivers Corporation Employees' Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Three Rivers Corporation (Company) who are employed on the last day of the plan year, have one year of participation service, and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

Contributions

Each year, participants may contribute up to 75% of their earnings, not to exceed amounts established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee contributions are funded on a per payroll basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company contributes 40% of the first 5% of compensation that a participant has elected to contribute to the Plan up to 2% of eligible compensation. Each year, the Company may contribute a discretionary amount to the Plan as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Investment Options

Each participant directs the investment of Company contributions and elective wage deferrals among certain investment options offered by the Plan. The Plan currently offers 35 investment options through Huntington National Bank's trust department. Upon enrollment in the Plan, a participant may direct contributions in 5% increments in any of the Plan's investment options. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution, (b) Plan earnings, and (c) applicable administrative expenses. Allocations are based on participant compensation during the year or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeited Accounts

Forfeited non-vested account balances are used to pay Plan administrative expenses. As of August 31, 2022, forfeited non-vested accounts totaled \$740. During the year ended August 31, 2022, forfeited non-vested accounts were used to reduce trustee administrative expenses by \$2,822, and during the year ended August 31, 2021, the amount was \$7,238.

Payment of Benefits

Upon termination of service or the participant's total disability, death, or retirement, the vested amount in the participant's account shall be used to purchase a fully paid-up annuity. The participant may waive this standard form of payment and elect to receive either a lump-sum payment, installments over a period not exceeding the participant's life expectancy or the joint life expectancy of the participant and his/her beneficiary, or a combination of each. If the value of a participant's vested account is less than \$5,000, the participant must receive a single lump-sum payment instead of annual installments.

Administrative Expenses

The Company pays the Plan's administrative expenses, except for trustee administrative fees. Plan administrative expenses paid by the Company include legal fees and audit fees and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan values its investment portfolio at fair value on a recurring basis. Financial Accounting Standards Board (FASB) Codification Section 820-20 on *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This standard applies to all financial instruments that are measured and reported at fair value on a recurring basis.

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 31, 2022 and 2021.

Mutual funds: Valued at fair value determined by quoted market prices of the underlying securities as reported by the custodian of the Plan.

Investment Contracts: The Plan's investment in MetLife Stable Value Collective Trust Fund (the "Fund") is valued at fair market value using net asset value as a practical expedient. The Fund is a benefit responsive contract that seeks to earn current income and preserve capital and stability of principal. The Fund invests in investment contracts and in fixed income instruments which underlie stable value contracts as well as in money market instruments. Investments underlying stable value contracts may be purchased directly or accessed via commingled vehicles and accounts that invest in such instruments. Under a stable value contract, the issuer of the contract agrees, subject to contract conditions, to make payments representing redemptions from the Fund or participant-initiated benefit payments at contract value. This "benefit responsiveness" is designed to allow the Fund to maintain participant balances at contract value while the impact of market fluctuations or investor account balances is potentially smoothed via periodic adjustments to the daily rate of return credited to investors. The underlying fixed income investments are intended to provide diversified exposure to securities across multiple sectors of the market, including, among others, U.S. government and agency securities, corporate and non-corporate credit obligations, and securitized investments such as mortgage-backed and asset-backed securities.

Certain termination events permit the provider to terminate the contract at market value and the Fund will receive the market value of the covered assets as of the date of termination. Thus, if the market value of the covered assets is less than the contract value on the termination date, the contract does not require the issuer to pay any excess of contract value over market value. As a result, this type of termination will result in a market value adjustment, which could cause the Fund to be unable to maintain a stable value of \$1.00 per Unit. Termination events may include some or all of the following: (1) the Fund or the Collective Trust is fully or partially terminated or fails to be exempt from federal income taxation; (2) the fund merges with another fund or entity; (3) a security is sold or subject to a lien other than as permitted under the contract; (4) the termination or replacement or "change in control" as defined in the contract of the Trustee or investment adviser without the issuer's consent; (5) there is a material change in law, regulation, ruling, or accounting requirement applicable to the fund or the contract issuer; (6) the bankruptcy of the Fund; (7) the amendment of the Declaration of Trust or change in the investment objectives or administration of the Fund with the issuer's consent; (8) the level of "impaired securities" as defined in the contract exceeds an agreed upon amount of the Fund assets; and (9) other events or circumstances provided for in the contract.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Fair value measurements are discussed further in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of investments for such investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through June 13, 2023, the date the financial statements were available to be issued.

3. Investments - Unaudited

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Huntington National Bank, as trustee, has certified the completeness and accuracy of certain investment information reflected in the accompanying financial statements and the supplemental schedule including (1) investments held at August 31, 2022 and 2021, and (2) net change in fair value of investments, interest, and dividends for the years ended August 31, 2022 and 2021.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy.

The Plan's assets at fair value as of August 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,693,533	\$ -	\$ -	\$ 28,693,533
Total assets in the fair value hierarchy	28,693,533	-	-	28,693,533
Investments measured at net asset value (1)	-	-	-	941,571
Investments at fair value	\$ 28,693,533	\$ -	\$ -	\$ 29,635,104

The Plan's assets at fair value as of August 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,415,217	\$ -	\$ -	\$ 35,415,217
Total assets in the fair value hierarchy	35,415,217	-	-	35,415,217
Investments measured at net asset value (1)	-	-	-	1,152,775
Investments at fair value	\$ 35,415,217	\$ -	\$ -	\$ 36,567,992

- (1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

The Plan's investments are managed by Huntington National Bank's trust department. Huntington National Bank is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Huntington National Bank for investment management services were \$134,636 for the year ended August 31, 2022, and \$140,893 for the year ended August 31, 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan invests in various mutual funds and other investments with underlying securities consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust established under the Plan to hold the Plan's assets are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
