INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrators of
Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement
Chillicothe, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of August 31, 2022 and the supplemental schedule of reportable transactions for the year ended August 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 15, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN:

The following description of the Horizon Telcom and Subsidiaries Salaried Employees' Pension Plan and Trust Agreement (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined benefit plan covering all eligible employees of Horizon Telcom, Inc. and Subsidiaries (the Company and Employer), who are not covered by a collective bargaining agreement. Effective December 31, 2006, benefit accruals under the Plan were frozen and the Plan was closed to new entrants. Benefits continue to vest in accordance with the existing vesting schedule. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions

Employer contributions are made in amounts sufficient, on an actuarial basis, to fund at a minimum, the Plan's normal cost on a current basis and to fund the actuarial liability for past service costs in accordance with Department of Treasury Regulations. The Employer's contributions to the Plan during the years ended August 31, 2022 and 2021 satisfied the minimum funding requirements established by ERISA and did not exceed the Employer's maximum allowable contributions for that Plan year.

Eligibility

The Plan covers all eligible employees who are not covered by the terms of a collective bargaining agreement between the Company and an employee representative and were employed before September 1, 2006. Effective December 31, 2006, participation in the plan was frozen. Employees hired after September 1, 2006, are not eligible for plan benefits. Existing participant's accrued benefits will not increase after December 31, 2006.

Pension benefits

Participants are fully vested in accrued benefits after completing 5 years of service. Fully accrued benefits are provided at the normal retirement age of 65. Benefits are provided to employees electing early retirement at reduced amounts, as defined by the Plan. Employees receive their pension benefits in the form of an annuity unless another form of payment is elected. The Trustees may elect to pay in one lump-sum the actuarial equivalent of the aggregate amount of unpaid monthly benefits.

Beneficiaries of vested participants are entitled to death benefits according to the Plan provisions. Active participants who become totally disabled receive monthly disability benefits that are equal to the normal retirement benefits had the employee continued service with the Company to normal retirement.

The Plan had a receivable from the Chillicothe Telephone Company Union Employees' Pension Plan and Trust Agreement (Chillicothe Union Plan) of \$53,611 related to an administrative error that occurred during the year ended August 31, 2021. This is included in the statement of net assets as of August 31, 2021 and was corrected and returned to the Plan in 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through June 14, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

All financial data related to investments used in the preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and the supplemental schedules have been certified as to the completeness and accuracy by the Plan's trustee, Huntington Bank, as of and for the years ended August 31, 2022 and 2021.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and 2021.

Interest-bearing cash: Valued at observable market quotations for identical assets and priced on a daily basis.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Horizon Telcom and Subsidiaries Salaried Employees' Pension
Plan and Trust Agreement
Notes to Financial Statements
August 31, 2022 and 2021

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at August 31, 2022 and 2021.

5. ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments that are attributable to the service which employees have rendered through December 31, 2006. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances, retirement, death, disability and termination of employment, are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the computations are as follows at September 1:

	<u>2021</u>	<u>2020</u>

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of plan benefits.

The actuarial present value of accumulated plan benefits as of the beginning of the Plan year is as follows at September 1, 2021:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 11,829,503

The changes in accumulated plan benefits during the year ended September 1, 2021, are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ <u>15,555,524</u>
---	----------------------

Decrease during the year attributable to:

Benefits accumulated and actuarial loss	(22,915)
Interest accumulated	970,328
Assumption changes	77,041
Benefits paid	<u>(1,274,148)</u>

Total decrease	<u>(249,694)</u>
----------------	------------------

Actuarial present value of accumulated plan benefits at end of year	\$ <u><u>15,305,830</u></u>
---	-----------------------------

6. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated August 12, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

7. PARTY-IN-INTEREST TRANSACTIONS:

The Plan utilizes a third-party administrator, Huntington Bank (Huntington). Huntington is a named plan trustee, and provides investment management and custodial services to the plan. Certain plan investments held during the year are managed by Huntington and transactions with Huntington qualify as party-in-interest transactions.

8. PLAN TERMINATION:

Effective December 31, 2006, benefit accruals under the Plan were frozen and the Plan was closed to new entrants. The Company intends to continue the Plan and the payment of contributions until the existing obligations are satisfied. However, the Company reserves the right under the Plan to terminate the Plan at any time. In the event of termination of the Plan, the net assets of the Plan shall be used for the exclusive benefits of the participants and their beneficiaries in a manner consistent with the requirements of ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the plan and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS

Changes to the actuarial methods and assumptions from the prior valuation report include the following:

COST METHOD

In accordance with PPA, the annual cost is equal to the target normal cost plus the shortfall amortization charge minus any prefunding and carryover balances.

Unit Credit method. The normal cost is the sum of the individual normal costs for active participants. The normal cost for an individual is the present value, as of the valuation date, of the participant's retirement, death, and withdrawal benefits which he is expected to accrue during the current plan year.

The actuarial accrued liability is the sum of the individual present values, for all participants, of the benefits accrued, based on service to the valuation date.

The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities specific to your pension plan. These inputs include economic and non-economic assumptions, plan provisions and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model is checked for accuracy and reviewed for reasonableness.

ACTUARIAL ASSUMPTIONS

Interest Rate (as prescribed by PPA and modified by MAP-21, HATFA, BBA, and ARPA)

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS

(continued)

RATIONALE FOR ASSUMPTIONS

1. Prescribed Assumptions: The Interest Rates and Mortality Assumptions are prescribed by the IRS and/or Plan Sponsor elections.
2. The Retirement, Withdrawal, and Disability Assumptions were chosen based on the assumptions utilized by the previous actuary.
3. The Expected Return on Plan Assets is based on the plan's current and expected future asset portfolio, as supported by the plan's Investment Manager.

ASSET VALUATION

The actuarial value of plan assets is developed as the 3-year average of the plan assets based on the market value of assets as of the valuation date and the "adjusted value" of market assets for each of the two immediately preceding valuation dates. The adjusted value of assets at each preceding valuation date is equal to the market value of assets on such valuation date plus the net cash flow amount (including expected earnings on investments) for each following year up to the current valuation date. In this way, one third of the investment gain or loss over the preceding twelve months is recognized in plan assets immediately, and the other two thirds is deferred. Valuation assets are further limited to a 10% corridor around market value.

ATTRIBUTION PARAMETERS

Attribution parameters determine how growth in the benefit formula is allocated to years of service.

Because benefit accruals under the plan are frozen, there is no further attribution; all benefits are included in the accrued liability as of the valuation date.

ACCRUED AND VESTED BENEFITS

Vested benefits are based on the plan document's vesting schedule based on years of service. Please refer to the Summary of Plan Provisions section of this report for requirements for particular benefits.

Early retirement subsidies are only valued once participants become eligible by meeting the specified requirements.

Disability and death benefits (other than the qualified pre-retirement survivor annuity) are not treated as vested benefits for liability calculation purposes.

SUMMARY OF PLAN PROVISIONS

General Information

Original Effective Date	August 31, 1959
Effective Date of Last Amendment	September 1, 2019
Plan Year	September 1 to August 31
Employer Fiscal Year	January 1 to December 31
Employer/Plan Admin's ID Number	31-1449037
Plan Number	002
Plan Administrator	Horizon Telcom, Inc.

Eligibility

Each eligible employee of the employer who was an active participant in the plan on September 1, 1989, shall continue to participate. Any other eligible employee shall participate on the later of September 1, 1989 or the first day of the plan year that next follows his employment commencement date. The plan was closed to new entrants effective January 1, 2007.

Service

Service shall equal total years of service with the employer. For periods of employment prior to August 31, 1976, Service shall be granted on days. For periods of employment from September 1, 1976 until August 31, 1995, a year of service is credited for each plan year in which an employee works 1,000 hours. On or after September 1, 1995, a year of service is credited for each plan year an employee worked 1,000 hours. A partial year of service may be granted in the year of hire or termination.

A break in service occurs at the start of any employment year in which the employee works 500 hours or less for the employer in such year. Service will not be interrupted by:

- (1) A leave of absence granted by the employer;
- (2) A period of service in the Armed Forces of the USA under which employment rights are granted;

SUMMARY OF PLAN PROVISIONS (CONTINUED)

- (3) A period of disability during which the participant is being paid directly or indirectly by the employer; or
- (4) Maternity or paternity leave.

An employee will be given credit for his pre break service if either of the following occurs:

- (1) The employee had a vested interest in his accrued benefit at the time of his break in service; or
- (2) The employee's period of absence was less than his pre break service or five years.

Normal Retirement Date

Normal retirement date is the first of the month coincident with or which immediately precedes a participant's sixty-fifth birthday.

Normal Retirement Benefit

The amount of the benefit to be paid in monthly installments for life is the greater of (1) and (2) described below.

- (1) \$35.00 times all years of service.
- (2) 1% of base compensation times years of service, not to exceed 40 years.

This benefit will be offset by any benefit payable from the Chillicothe Telephone Company Union Employees' Pension Plan and Trust Agreement.

Benefits were frozen effective December 31, 2006.

Delayed Retirement

A participant may continue in the employment of the employer after his normal retirement date. In such event he will receive at actual retirement the greater of (1) his accrued benefit as of his delayed retirement date based on his service at that date, or (2) the actuarial equivalent of his normal retirement benefit.

Benefits were frozen effective December 31, 2006.

Base Compensation

Base compensation is equal to the highest average for the five consecutive monthly rates of pay in effect on each July 1 during the 10 plan years up to and including the plan year in which occurs his retirement or separation from service.

SUMMARY OF PLAN PROVISIONS (CONTINUED)

Compensation after December 31, 2006 will not be considered.

Accrued Benefit

The accrued benefit at any time prior to a participant's normal retirement date shall be the benefit earned as of the accrual date. The benefit is calculated according to the formulas in the Normal Retirement Benefit section above, with the exception that formula (2) is multiplied by a fraction (not exceeding one) of the service at the accrual date over the participant's service projected to normal retirement.

Benefits were frozen effective December 31, 2006.

Early Retirement Benefit

Upon the attainment of age 60 and the completion of 10 years of vesting service, a participant may elect to retire. He may receive a monthly benefit for life at his normal retirement date based on his years of service at his early retirement date. Payments may commence prior to his normal retirement date, with the benefit calculated as of his early retirement date and being reduced by $\frac{1}{2}$ of 1% for each full month by which the commencement date precedes the normal retirement date.

Benefits were frozen effective December 31, 2006.

Disability Retirement Benefit

A participant who becomes totally and permanently disabled before his normal retirement date may receive a monthly benefit as described in normal retirement benefit based on continued service through the benefit commencement date and base compensation as of the date of disability. The benefit is payable at normal retirement. Reduced payments may begin prior to the normal retirement date.

Benefits were frozen effective December 31, 2006.

SUMMARY OF PLAN PROVISIONS (CONTINUED)

Death Benefit

In the event of a vested active participant's death, a spouse's benefit will be payable assuming the participant had terminated on the day prior to death and elected a joint and one-half contingent annuitant survivor benefit commencing at the earliest possible retirement date. Reductions may apply to this benefit. For non-qualified spouses and children under age 21, an annuity to commence the second month following death to be paid until there is no longer a surviving spouse, any child under age 21 or a total of 120 monthly payments have been made, whichever comes first.

Benefits were frozen effective December 31, 2006.

Severance Benefits

Upon the termination of employment after five or more years of service, a participant shall have a vested interest in his accrued benefit which will be payable at the normal retirement date. The percentage vested shall be:

<u>Years of Service</u>	<u>Vested Percent</u>
Fewer than 5	0%
5 or more	100%

Normal Form of Payment

The normal form of payment is an annuity paid in monthly installments for life.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall be automatically paid under option (1) below. The options are:

(1) An adjusted benefit to be paid during the participant's lifetime with one-half benefit to be continued to his spouse for her lifetime after his death.

(2) An adjusted benefit to be paid during the participant's lifetime with three-fourths benefit to be continued to his spouse for her lifetime after his death.

SUMMARY OF PLAN PROVISIONS (CONTINUED)

(3) An adjusted benefit to be paid during the participant's lifetime with the same adjusted benefit to be continued to his spouse for her lifetime after his death.

(4) An adjusted benefit to be paid for 180 months certain and thereafter for life.

(5) A lump sum benefit, when the present value of the benefit is less than \$5,000; otherwise, not available.

Optional forms of payment are actuarially equivalent based on the 1971 Group Annuity Mortality Table for males, with no mortality from age 59 to 64 and a 6% interest assumption. Lump sum benefits are based on the applicable mortality table and the applicable interest rates for the second month preceding the first day of the plan year.

Amendment or Termination of Plan

The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

Plan Changes Since the Prior Year

The funding and plan reporting valuations do not reflect any plan changes.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
