## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of  
B&G Corp.

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of B&G Corp. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of August 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the eight-month period ended August 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of August 31, 2022 and December 31, 2021, and for the eight-month period ended August 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

**1. Description of Plan**

The following description of B&G Corp. (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees of B&G Corp., except for an employee covered under a collective bargaining agreement. Employees become eligible to participate in the Plan upon attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan merged into the ADP TotalSource Retirement Savings Plan (ADP Plan) and all the Plan's net assets were transferred to the ADP Plan on August 31, 2022 (the Merge Date).

**Contributions**

Prior to the Merge Date, each participant could make pre-tax contributions of up to 88% of eligible compensation as defined by the Plan document. Participant contributions are not to exceed a maximum of \$20,500 in 2022. Eligible employees who had attained age 50 by the end of the Plan year could make "catch-up" contributions of up to \$6,500. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Prior to the Merge Date, the Company contributed matching contributions in an amount equal to 80% of up to 2% of a participant's eligible compensation.

**Participant Accounts**

Prior to the Merge Date, each participant's account was credited with the participant's contributions, rollovers, the Company's matching contributions and earnings and losses on the investments in their account and was charged with certain administrative expenses. Participants directed the investment of their account into various investment options offered by the Plan and could change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

**Vesting**

Prior to the Merge Date, participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their account was based on years of service. A participant vested 20% per year after two years of service and were fully vested after six years of service.

## Notes to Financial Statements August 31, 2022 and December 31, 2021

---

### Notes Receivable from Participants

Prior to the Merge Date, participants could borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance of their account. A participant could have three notes outstanding at a time. The notes were secured by the balance in the participant's account and had a fixed rate of interest. During 2022, notes had an interest rates ranging from 6.75% to 8.50% for the term of the note, not to exceed 5 years unless used to for the purchase of a participant's principal residence. Principal and interest were paid through payroll deductions. Notes became due and payable immediately when a participant terminates employment with the Company.

### Payment of Benefits

Prior to the Merge Date, at the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary could elect to receive a payment of the vested interest in their account in a lump distribution. If a participant terminated employment and had an account balance less than \$5,000, the participant would automatically receive a lump sum payment equal to the value of their vested account balance. The participant's contributions could also be withdrawn in certain hardship situations.

### Forfeited Accounts

At August 31, 2022 and December 31, 2021, forfeited non-vested accounts totaled \$0 and \$635, respectively. These accounts were used, first, to reduce Company matching contributions, and second to pay any administrative expenses of the Plan. In 2022, no amounts of forfeitures were used and the balance was transferred to the ADP Plan.

### Administrative Expenses

Prior to the Merge Date, the Plan had an ERISA account where the custodian deposits revenue sharing payments that could be used to pay plan administrative expenses or reallocated to participants. During 2022 and 2021, \$3,897 and \$7,323, respectively was deposited into the account and expenses totaling \$3,899 and \$7,323, respectively, were paid from the account. Deposits to this account are included in net change in fair value of investments on the accompanying statement of changes in net assets available for benefits. Payments from this account are included in administrative expenses in the year paid. The account had an available balance of \$0 and \$2 as of August 31, 2022 and December 31, 2021, respectively.

Prior to the Merge Date, certain administrative expenses were permitted to be paid by the Plan in accordance with the Plan's provisions. These expenses were paid to service providers of the Plan and therefore qualified as party-in-interest transactions. Certain transaction fees for withdrawals and notes receivable were charged directly to the participant. All other administrative expenses were paid by the Company. The Company did not expect reimbursement for these expenses.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

**Contributions**

Participant contributions were considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company matching contributions were considered payable to the Plan when the related participant's contributions are payable to the Plan.

**Valuation of Investments and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

**Excess Contribution Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability and a reduction to contributions in the year the original contribution was made. The Plan distributed the required excess contributions to the applicable participants in accordance with IRS regulations.

**Notes Receivable from Participants**

Notes receivable from participants were carried at their outstanding balance. Interest income was recognized when received by the Plan. No allowance for credit losses has been recorded as of August 31, 2022 or December 31, 2021. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is

---

reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

**Payment of Benefits**

Benefits are recorded when paid.

**Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 8, 2023, which is the date the financial statements were available to be issued.

**3. Information Certified by the Qualified Institution**

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at August 31, 2022 and December 31, 2021, net change in fair value of investments and interest income for the eight-month period ended August 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the Plan's qualified institution.

**4. Investments**

Fees incurred by the Plan for investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and December 31, 2021.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of August 31, 2022 and December 31, 2021:

	Level 1	
	2022	2021
Mutual funds	\$ -	\$ 563,895
Money market fund	-	585,123
<b>Total investments</b>	<b>\$ -</b>	<b>\$ 1,149,018</b>

**5. Income Tax Status**

The Plan uses a non-standardized prototype plan document sponsored by Automatic Data Processing, LLC (ADP). ADP received an opinion letter from the IRS, dated July 16, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since ADP received the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

**6. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at August 31, 2022 and December 31, 2021:

	<b>2022</b>	<b>2021</b>
Net assets available for benefits per the financial statements	\$ -	\$ 1,151,935
Excess contributions payable	-	12,262
Net assets available for benefits per the Form 5500	\$ -	\$ 1,164,197

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net decrease in net assets available for benefits per the Form 5500 for the year ended August 31, 2022:

Net increase in net assets available for benefits per the financial statements	\$ 11,365
Prior year excess contributions payable	(12,262)
Net decrease in net assets available for benefits per the Form 5500	\$ (897)

Excess contributions are recorded when payable on the financial statements and when paid on the Form 5500.
