(5) Total deductions.....	7e(5)	732678
---------------------------	--------------	--------

f	Balance at the end of the current year (subtract line 7e(5) from line 7d)	7f	13163341
----------	--	-----------	----------

Part III Welfare Benefit Contract Information

If more than one contract covers the same group of employees of the same employer(s) or members of the same employee organizations(s), the information may be combined for reporting purposes if such contracts are experience-rated as a unit. Where contracts cover individual employees, the entire group of such individual contracts with each carrier may be treated as a unit for purposes of this report.

8 Benefit and contract type (check all applicable boxes)

- a** ☐ Health (other than dental or vision)
b ☐ Dental
c ☐ Vision
d ☐ Life insurance
e ☐ Temporary disability (accident and sickness)
f ☐ Long-term disability
g ☐ Supplemental unemployment
h ☐ Prescription drug
i ☐ Stop loss (large deductible)
j ☐ HMO contract
k ☐ PPO contract
l ☐ Indemnity contract
m ☐ Other (specify) ▶

9 Experience-rated contracts:

a Premiums: (1) Amount received	9a(1)		
(2) Increase (decrease) in amount due but unpaid	9a(2)		
(3) Increase (decrease) in unearned premium reserve	9a(3)		
(4) Earned ((1) + (2) - (3))		9a(4)	0
b Benefit charges (1) Claims paid	9b(1)		
(2) Increase (decrease) in claim reserves	9b(2)		
(3) Incurred claims (add (1) and (2))		9b(3)	0
(4) Claims charged		9b(4)	
c Remainder of premium: (1) Retention charges (on an accrual basis) --			
(A) Commissions	9c(1)(A)		
(B) Administrative service or other fees	9c(1)(B)		
(C) Other specific acquisition costs	9c(1)(C)		
(D) Other expenses	9c(1)(D)		
(E) Taxes	9c(1)(E)		
(F) Charges for risks or other contingencies	9c(1)(F)		
(G) Other retention charges	9c(1)(G)		
(H) Total retention		9c(1)(H)	0
(2) Dividends or retroactive rate refunds. (These amounts were ☐ paid in cash, or ☐ credited.)		9c(2)	
d Status of policyholder reserves at end of year: (1) Amount held to provide benefits after retirement		9d(1)	
(2) Claim reserves		9d(2)	
(3) Other reserves		9d(3)	
e Dividends or retroactive rate refunds due. (Do not include amount entered in line 9c(2).)		9e	

10 Nonexperience-rated contracts:

a Total premiums or subscription charges paid to carrier	10a	
b If the carrier, service, or other organization incurred any specific costs in connection with the acquisition or retention of the contract or policy, other than reported in Part I, line 2 above, report amount. Specify nature of costs.	10b	

Part IV Provision of Information

11 Did the insurance company fail to provide any information necessary to complete Schedule A? ☐ Yes ☒ No

12 If the answer to line 11 is "Yes," specify the information not provided. ▶

SCHEDULE C (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500. SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>TERC, INC. DC RETIREMENT PLAN</u>	B Three-digit plan number (PN) ►	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>TERC, INC.</u>	D Employer Identification Number (EIN) <u>04-6134355</u>	

Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....		1a	
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions.....		1b(1)	
(2) Participant contributions.....		1b(2)	
(3) Other.....		1b(3)	
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit).....		1c(1)	
(2) U.S. Government securities		1c(2)	
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred		1c(3)(A)	
(B) All other		1c(3)(B)	
(4) Corporate stocks (other than employer securities):			
(A) Preferred		1c(4)(A)	
(B) Common.....		1c(4)(B)	
(5) Partnership/joint venture interests		1c(5)	
(6) Real estate (other than employer real property)		1c(6)	
(7) Loans (other than to participants).....		1c(7)	
(8) Participant loans.....		1c(8)	84703
(9) Value of interest in common/collective trusts.....		1c(9)	
(10) Value of interest in pooled separate accounts.....		1c(10)	1126428
(11) Value of interest in master trust investment accounts.....		1c(11)	
(12) Value of interest in 103-12 investment entities		1c(12)	
(13) Value of interest in registered investment companies (e.g., mutual funds).....		1c(13)	36868537
(14) Value of funds held in insurance company general account (unallocated contracts).....		1c(14)	12955579
(15) Other		1c(15)	

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
e Buildings and other property used in plan operation	1e		
f Total assets (add all amounts in lines 1a through 1e)	1f	51035247	44580427

Liabilities

g Benefit claims payable	1g		
h Operating payables	1h		
i Acquisition indebtedness	1i		
j Other liabilities	1j		
k Total liabilities (add all amounts in lines 1g through 1j)	1k	0	0

Net Assets

l Net assets (subtract line 1k from line 1f)	1l	51035247	44580427
---	-----------	----------	----------

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income

		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	336308	
(B) Participants	2a(1)(B)	681621	
(C) Others (including rollovers)	2a(1)(C)	295	
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		1018224
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)	738	
(F) Other	2b(1)(F)	530900	
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		531638
(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	511555	
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		511555
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		0
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		0

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		95686
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		-7033956
c Other income	2c		17045
d Total income. Add all income amounts in column (b) and enter total	2d		-4859808
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	1556035	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		1556035
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses: (1) Professional fees	2i(1)		
(2) Contract administrator fees	2i(2)	38977	
(3) Investment advisory and management fees	2i(3)		
(4) Other	2i(4)		
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		38977
j Total expenses. Add all expense amounts in column (b) and enter total	2j		1595012
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		-6454820
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **AAFCPAS, INC.**

(2) EIN: **04-2571780**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan TERC, INC. DC RETIREMENT PLAN		B Three-digit plan number (PN) ► 001
C Plan sponsor's name as shown on line 2a of Form 5500 TERC, INC.		D Employer Identification Number (EIN) 04-6134355
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1 0
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 13-1624203		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)		
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived).....		6a
b Enter the amount contributed by the employer to the plan for this plan year.....		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III Amendments		
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.		
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?.....		☐ Yes ☐ No
11 a Does the ESOP hold any preferred stock?.....		☐ Yes ☐ No
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.).....		☐ Yes ☐ No
12 Does the ESOP hold any stock that is not readily tradable on an established securities market?.....		☐ Yes ☐ No
For Paperwork Reduction Act Notice, see the Instructions for Form 5500.		
Schedule R (Form 5500) 2022 v. 220413		

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

Independent Auditor's Report

To the Plan Administrator of
TERC, Inc. DC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TERC, Inc. DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TERC, Inc. DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TERC, Inc. DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TERC, Inc. DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TERC, Inc. DC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TERC, Inc. DC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the TERC, Inc. DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a 403(b) defined contribution plan covering all employees of TERC, Inc. (TERC) (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Retirement Plan Committee.
- b. **Eligibility** - Under the Plan, all employees of TERC are eligible to enroll and participate upon hire and any time thereafter. Participants are eligible to receive employer contributions once they have rendered three months of service.
- c. **Contributions** - Each year, participants may contribute a percentage up to 100% of pre-tax and annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to contribute a percentage of their eligible compensation into the Plan on an after-tax basis (Roth contributions). Participants are allowed to rollover funds into the Plan from other qualifying retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes a non-elective contribution equal to 2.5% of eligible compensation, as defined in the Plan document, regardless of the participant's deferral percentage. In addition, the Plan Sponsor makes a matching contribution equal to 50% of participants' elective deferrals not to exceed 5% of their eligible compensation, as defined in the Plan document. Total contributions from the Plan Sponsor cannot exceed 5% of eligible compensation. The amount of matching contributions for any Plan year shall be determined based on the elective deferrals made and compensation earned during the Plan year. The Plan requires employer true-up matching contributions, which are calculated at the end of the Plan year and funded subsequent to year end. There was no true-up matching contribution needed for the year ended December 31, 2022.

- d. **Participant Accounts** - Each participant's account is credited with the participant's and TERC's contributions, any qualified rollover contributions, and an allocation of Plan earnings and net depreciation in investments, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- e. **Vesting** - Participants are fully vested at all times in their accounts.
- f. **Plan Loans** - The Plan allows for participants to borrow an aggregate amount up to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000 of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans are made through Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), the qualified institution, and 110% of the outstanding loan balance is collateralized by the participant's account balance. Repayments of principal and interest are credited back to TIAA and CREF, and not their own participant's account balance.

Outstanding plan loans as of December 31, 2022 and 2021, totaled \$40,690 and \$65,611, respectively, and are included in TIAA traditional annuity contracts - non-benefit responsive on the accompanying statements of net assets available for benefits. Under the borrowing terms, \$44,759 and \$72,172, respectively, of Plan assets serve as collateral to these loans as of December 31, 2022 and 2021.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN (Continued)

- g. Notes Receivable from Participants** - Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at commensurate rates the qualified institution would determine for a loan of that type. Principal and interest are paid ratably through payroll deductions. Participants may have an unlimited number of loans outstanding at any time, unless limited by investments in the Plan. Loan terms range from one to five years.
- h. Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the normal retirement age of 65. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their vested account balance, partial withdrawals, installment payments, or purchase annuity contracts. Participants with account balances with a value less than \$5,000 automatically receive a lump sum amount equal to the value of their account upon termination of service. There are also retirement benefits available upon disability and death.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 1.401(k)-1(d)(3)(i) of the IRC.

- i. SECURE Act 2.0** - On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles established by the Financial Accounting Standards Board (FASB). References to generally accepted accounting principles (U.S. GAAP) in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Non-benefit responsive investment contracts are reported at fair value. Units held by the Plan in variable annuity accounts, separate accounts and pooled separate account are based on each fund's daily net asset value (NAV) as a practical expedient, which is considered by the plan administrator to be the best approximation of fair value. All investments, except for certain shares in mutual funds, are not traded on public exchanges and are redeemable only by the issuer. Shares of registered mutual funds are stated at quoted market prices on public exchanges, which represent the NAV of shares held by the Plan at year-end. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institution. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value changes during the period. Net depreciation in investments includes realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, which approximates fair value. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were no loan default distributions for the year ended December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan's investment transaction fees are allocated to the individual participant accounts in accordance with the Plan document and are netted against depreciation in investments in the accompanying statement of changes in net assets available for benefits. The asset management, administrative and accounting fees are paid by TERC and, accordingly, are not reflected in the accompanying statement of changes in net assets available for benefits. Recordkeeping fees are paid by the Plan and are included in administrative fees in the statement of changes in net assets available for benefits.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events have been evaluated through June 7, 2023, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. CERTIFICATION INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, and the related investment transactions and investment loss and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable, and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price and, accordingly, these investments are valued using observable inputs. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: The fair value of accumulation units held by the Plan in variable annuity accounts are based on each account's daily NAV as a practical expedient, which is considered by TERC to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the variable annuities will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the variable annuities at amounts different from NAV. Variable annuities are not exchange traded. Data for NAVs are available daily to plan administrators and client investors via the TIAA and CREF website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

TIAA traditional annuity contracts - non-benefit responsive: Investments in TIAA traditional annuity contracts that are non-benefit responsive investment contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See Note 5 for discussion of the TIAA traditional annuity contracts. Fair value for Retirement Annuity (RA) and Group Retirement Annuity (GRA) is based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

Pooled separate account: The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV as a practical expedient, which is considered by TERC to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the pooled separate account will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the pooled separate account at an amount different from NAV. This account is not exchange traded. Data for the NAV is available daily to plan administrators and client investors via the TIAA website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the unallocated contract provides the fund with a liquidity guarantee whereby TIAA ensures that the account has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

Separate accounts: These are variable annuity products that are funded through TIAA Separate Account VA-3, which is a separate investment account of TIAA. VA-3 invests in proprietary and non-proprietary mutual funds through various sub-accounts. Sub-account unit values are calculated daily at NAV as a practical expedient and the underlying investments are generally valued using market quotations obtained from independent pricing services. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the separate accounts will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the separate accounts at amounts different from NAV. VA-3 is available only to participating plans under variable annuity contracts. There are no unfunded commitments from participants in the Plan who invest in these accounts.

There have been no changes in methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 15,895,213	\$ -	\$ -	\$ 15,895,213
TIAA traditional annuity contracts - non-benefit responsive	-	-	11,368,977	11,368,977
Total assets in the fair value hierarchy	<u>\$ 15,895,213</u>	<u>\$ -</u>	<u>\$ 11,368,977</u>	27,264,190
Investments at NAV				<u>15,506,560</u>
Total investments, at fair value				<u>\$ 42,770,750</u>
	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 16,933,533	\$ -	\$ -	\$ 16,933,533
TIAA traditional annuity contracts - non-benefit responsive	-	-	11,200,829	11,200,829
Total assets in the fair value hierarchy	<u>\$ 16,933,533</u>	<u>\$ -</u>	<u>\$ 11,200,829</u>	28,134,362
Investments at NAV				<u>21,061,432</u>
Total investments, at fair value				<u>\$ 49,195,794</u>

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Balance, beginning of year	\$ 11,200,829
Purchases	226,184
Investment earnings	363,255
Sales	<u>(421,291)</u>
Balance, end of year	<u>\$ 11,368,977</u>

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

<u>Instrument</u>	<u>Fair Value</u>		<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
	<u>2022</u>	<u>2021</u>			
TIAA traditional annuity contracts - non-benefit responsive	\$ 11,368,977	\$ 11,200,829	Discounted Cash Flow	Risk-adjusted Discount Rate Applied	<u>2022</u> 3.70% - 6.25% <u>2021</u> 3.00% - 3.80%

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments, the fair values of which are estimated using the NAV as a practical expedient per share as of December 31:

	<u>Fair Value</u>		<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2022</u>	<u>2021</u>		
Variable Annuities:				
Domestic stock funds (a)	\$ 4,828,508	\$ 7,088,098	Daily	Daily
Social choice funds (b)	2,695,462	3,252,380	Daily	Daily
Equity funds (c)	2,676,313	3,356,201	Daily	Daily
Growth funds (d)	1,977,337	2,917,564	Daily	Daily
Bond funds (e)	466,148	520,754	Daily	Daily
Money market funds (f)	<u>415,889</u>	<u>516,855</u>	Daily	Daily
Total Variable Annuities	<u>\$ 13,059,657</u>	<u>\$ 18,629,898</u>		

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
Separate Accounts:				
Domestic stock funds (a)	\$ 352,221	\$ 407,342	Daily	Daily
Equity funds (c)	331,939	306,723	Daily	Daily
Life cycle funds (g)	181,743	216,911	Daily	Daily
Small blend funds (h)	176,596	171,171	Daily	Daily
Other annuities (i)	104,672	114,852	Daily	Daily
Bond funds (e)	24,211	28,213	Daily	Daily
Social choice funds (b)	<u>18,361</u>	<u>59,894</u>	Daily	Daily
Total Separate Accounts	<u>\$ 1,189,743</u>	<u>\$ 1,305,106</u>		

The pooled separate account of \$1,257,160 and \$1,126,428 as of December 31, 2022 and 2021, respectively, is a direct filing entity and is therefore excluded from the tables above.

- (a) These funds invest in various types of domestic stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.
- (b) These funds seek a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria.
- (c) These funds invest in combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (d) These funds invest in growth equities and in fixed income securities to achieve a long-term rate of return.
- (e) These funds invest in various types of debt securities to achieve long-term rates of return while preserving capital.
- (f) These funds invest in a money market fund to achieve long-term growth and preserve capital.
- (g) These funds invest in a combination of funds to achieve a long-term rate of return specified for certain date ranges of estimated retirement.
- (h) These funds invest in a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in smaller domestic companies based on a market index.
- (i) These funds invest in a variety of types of securities to achieve long-term growth and preservation of capital.

5. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA traditional annuity contract is a guaranteed fixed annuity contract available as an investment option to the Plan's participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA traditional annuity contract is offered through a variety of contract types, including RA, GRA, Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA traditional annuity contract determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

As the SRA and GSRA are fully benefit responsive guaranteed contracts, contract value is the relevant attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The RA and GRA are non-benefit responsive guaranteed contracts in which the value is based on TIAA's quoted redemption value of the contract owned by the Plan's participant at year-end. Participants who chose to allocate a portion of their retirement savings to the TIAA traditional annuity contract make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The guaranteed annual interest rate is 3.00% for all premiums remitted under all TIAA traditional annuity contract accumulating contracts entered into by the Plan's participants. The TIAA traditional annuity contract also provides an opportunity for participants to receive additional amounts, which TIAA's Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the twelve-month "declaration year" that begins each March 1 for accumulation annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. For accumulating RA and GRA contracts, the crediting interest rate is 4.24% and 3.58% as of December 31, 2022 and 2021, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate is 3.00% as of December 31, 2022 and 2021. The TIAA traditional annuity contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a ten-year period. All GRA contracts may be withdrawn in a single lump-sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. All SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA traditional annuity contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan itself, would limit the Plan's ability to transact at contract value with the contract issuers. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan's participants is not probable.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, TERC has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

7. PARTY-IN-INTEREST TRANSACTION

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions.

The Plan also allows for a revenue sharing credit, which is used to offset certain amounts owed to TIAA and CREF for its administrative services to the plan. During 2022, the Plan paid the qualified institution and investment advisor administrative expenses totaling \$38,977, which is presented net of \$17,045 of the revenue sharing credit in the statement of changes in net assets available for benefits.

8. TAX STATUS

The prototype Plan Sponsor has obtained an opinion letter dated August 7, 2017, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The plan administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

To the Plan Administrator of
TERC, Inc. DC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TERC, Inc. DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TERC, Inc. DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TERC, Inc. DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TERC, Inc. DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TERC, Inc. DC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TERC, Inc. DC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the TERC, Inc. DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a 403(b) defined contribution plan covering all employees of TERC, Inc. (TERC) (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Retirement Plan Committee.
- b. **Eligibility** - Under the Plan, all employees of TERC are eligible to enroll and participate upon hire and any time thereafter. Participants are eligible to receive employer contributions once they have rendered three months of service.
- c. **Contributions** - Each year, participants may contribute a percentage up to 100% of pre-tax and annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to contribute a percentage of their eligible compensation into the Plan on an after-tax basis (Roth contributions). Participants are allowed to rollover funds into the Plan from other qualifying retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes a non-elective contribution equal to 2.5% of eligible compensation, as defined in the Plan document, regardless of the participant's deferral percentage. In addition, the Plan Sponsor makes a matching contribution equal to 50% of participants' elective deferrals not to exceed 5% of their eligible compensation, as defined in the Plan document. Total contributions from the Plan Sponsor cannot exceed 5% of eligible compensation. The amount of matching contributions for any Plan year shall be determined based on the elective deferrals made and compensation earned during the Plan year. The Plan requires employer true-up matching contributions, which are calculated at the end of the Plan year and funded subsequent to year end. There was no true-up matching contribution needed for the year ended December 31, 2022.

- d. **Participant Accounts** - Each participant's account is credited with the participant's and TERC's contributions, any qualified rollover contributions, and an allocation of Plan earnings and net depreciation in investments, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- e. **Vesting** - Participants are fully vested at all times in their accounts.
- f. **Plan Loans** - The Plan allows for participants to borrow an aggregate amount up to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000 of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans are made through Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), the qualified institution, and 110% of the outstanding loan balance is collateralized by the participant's account balance. Repayments of principal and interest are credited back to TIAA and CREF, and not their own participant's account balance.

Outstanding plan loans as of December 31, 2022 and 2021, totaled \$40,690 and \$65,611, respectively, and are included in TIAA traditional annuity contracts - non-benefit responsive on the accompanying statements of net assets available for benefits. Under the borrowing terms, \$44,759 and \$72,172, respectively, of Plan assets serve as collateral to these loans as of December 31, 2022 and 2021.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN (Continued)

- g. Notes Receivable from Participants** - Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at commensurate rates the qualified institution would determine for a loan of that type. Principal and interest are paid ratably through payroll deductions. Participants may have an unlimited number of loans outstanding at any time, unless limited by investments in the Plan. Loan terms range from one to five years.
- h. Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the normal retirement age of 65. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their vested account balance, partial withdrawals, installment payments, or purchase annuity contracts. Participants with account balances with a value less than \$5,000 automatically receive a lump sum amount equal to the value of their account upon termination of service. There are also retirement benefits available upon disability and death.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 1.401(k)-1(d)(3)(i) of the IRC.

- i. SECURE Act 2.0** - On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles established by the Financial Accounting Standards Board (FASB). References to generally accepted accounting principles (U.S. GAAP) in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Non-benefit responsive investment contracts are reported at fair value. Units held by the Plan in variable annuity accounts, separate accounts and pooled separate account are based on each fund's daily net asset value (NAV) as a practical expedient, which is considered by the plan administrator to be the best approximation of fair value. All investments, except for certain shares in mutual funds, are not traded on public exchanges and are redeemable only by the issuer. Shares of registered mutual funds are stated at quoted market prices on public exchanges, which represent the NAV of shares held by the Plan at year-end. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institution. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value changes during the period. Net depreciation in investments includes realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, which approximates fair value. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were no loan default distributions for the year ended December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan's investment transaction fees are allocated to the individual participant accounts in accordance with the Plan document and are netted against depreciation in investments in the accompanying statement of changes in net assets available for benefits. The asset management, administrative and accounting fees are paid by TERC and, accordingly, are not reflected in the accompanying statement of changes in net assets available for benefits. Recordkeeping fees are paid by the Plan and are included in administrative fees in the statement of changes in net assets available for benefits.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events have been evaluated through June 7, 2023, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. CERTIFICATION INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, and the related investment transactions and investment loss and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable, and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price and, accordingly, these investments are valued using observable inputs. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: The fair value of accumulation units held by the Plan in variable annuity accounts are based on each account's daily NAV as a practical expedient, which is considered by TERC to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the variable annuities will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the variable annuities at amounts different from NAV. Variable annuities are not exchange traded. Data for NAVs are available daily to plan administrators and client investors via the TIAA and CREF website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

TIAA traditional annuity contracts - non-benefit responsive: Investments in TIAA traditional annuity contracts that are non-benefit responsive investment contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See Note 5 for discussion of the TIAA traditional annuity contracts. Fair value for Retirement Annuity (RA) and Group Retirement Annuity (GRA) is based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

Pooled separate account: The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV as a practical expedient, which is considered by TERC to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the pooled separate account will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the pooled separate account at an amount different from NAV. This account is not exchange traded. Data for the NAV is available daily to plan administrators and client investors via the TIAA website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the unallocated contract provides the fund with a liquidity guarantee whereby TIAA ensures that the account has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

Separate accounts: These are variable annuity products that are funded through TIAA Separate Account VA-3, which is a separate investment account of TIAA. VA-3 invests in proprietary and non-proprietary mutual funds through various sub-accounts. Sub-account unit values are calculated daily at NAV as a practical expedient and the underlying investments are generally valued using market quotations obtained from independent pricing services. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the separate accounts will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the separate accounts at amounts different from NAV. VA-3 is available only to participating plans under variable annuity contracts. There are no unfunded commitments from participants in the Plan who invest in these accounts.

There have been no changes in methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 15,895,213	\$ -	\$ -	\$ 15,895,213
TIAA traditional annuity contracts - non-benefit responsive	-	-	11,368,977	11,368,977
Total assets in the fair value hierarchy	<u>\$ 15,895,213</u>	<u>\$ -</u>	<u>\$ 11,368,977</u>	27,264,190
Investments at NAV				<u>15,506,560</u>
Total investments, at fair value				<u>\$ 42,770,750</u>
	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 16,933,533	\$ -	\$ -	\$ 16,933,533
TIAA traditional annuity contracts - non-benefit responsive	-	-	11,200,829	11,200,829
Total assets in the fair value hierarchy	<u>\$ 16,933,533</u>	<u>\$ -</u>	<u>\$ 11,200,829</u>	28,134,362
Investments at NAV				<u>21,061,432</u>
Total investments, at fair value				<u>\$ 49,195,794</u>

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Balance, beginning of year	\$ 11,200,829
Purchases	226,184
Investment earnings	363,255
Sales	<u>(421,291)</u>
Balance, end of year	<u>\$ 11,368,977</u>

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

<u>Instrument</u>	<u>Fair Value</u>		<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
	<u>2022</u>	<u>2021</u>			
TIAA traditional annuity contracts - non-benefit responsive	\$ 11,368,977	\$ 11,200,829	Discounted Cash Flow	Risk-adjusted Discount Rate Applied	<u>2022</u> 3.70% - 6.25% <u>2021</u> 3.00% - 3.80%

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments, the fair values of which are estimated using the NAV as a practical expedient per share as of December 31:

	<u>Fair Value</u>		<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2022</u>	<u>2021</u>		
Variable Annuities:				
Domestic stock funds (a)	\$ 4,828,508	\$ 7,088,098	Daily	Daily
Social choice funds (b)	2,695,462	3,252,380	Daily	Daily
Equity funds (c)	2,676,313	3,356,201	Daily	Daily
Growth funds (d)	1,977,337	2,917,564	Daily	Daily
Bond funds (e)	466,148	520,754	Daily	Daily
Money market funds (f)	<u>415,889</u>	<u>516,855</u>	Daily	Daily
Total Variable Annuities	<u>\$ 13,059,657</u>	<u>\$ 18,629,898</u>		

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
Separate Accounts:				
Domestic stock funds (a)	\$ 352,221	\$ 407,342	Daily	Daily
Equity funds (c)	331,939	306,723	Daily	Daily
Life cycle funds (g)	181,743	216,911	Daily	Daily
Small blend funds (h)	176,596	171,171	Daily	Daily
Other annuities (i)	104,672	114,852	Daily	Daily
Bond funds (e)	24,211	28,213	Daily	Daily
Social choice funds (b)	<u>18,361</u>	<u>59,894</u>	Daily	Daily
Total Separate Accounts	<u>\$ 1,189,743</u>	<u>\$ 1,305,106</u>		

The pooled separate account of \$1,257,160 and \$1,126,428 as of December 31, 2022 and 2021, respectively, is a direct filing entity and is therefore excluded from the tables above.

- (a) These funds invest in various types of domestic stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.
- (b) These funds seek a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria.
- (c) These funds invest in combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (d) These funds invest in growth equities and in fixed income securities to achieve a long-term rate of return.
- (e) These funds invest in various types of debt securities to achieve long-term rates of return while preserving capital.
- (f) These funds invest in a money market fund to achieve long-term growth and preserve capital.
- (g) These funds invest in a combination of funds to achieve a long-term rate of return specified for certain date ranges of estimated retirement.
- (h) These funds invest in a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in smaller domestic companies based on a market index.
- (i) These funds invest in a variety of types of securities to achieve long-term growth and preservation of capital.

5. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA traditional annuity contract is a guaranteed fixed annuity contract available as an investment option to the Plan's participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA traditional annuity contract is offered through a variety of contract types, including RA, GRA, Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA traditional annuity contract determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

As the SRA and GSRA are fully benefit responsive guaranteed contracts, contract value is the relevant attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The RA and GRA are non-benefit responsive guaranteed contracts in which the value is based on TIAA's quoted redemption value of the contract owned by the Plan's participant at year-end. Participants who chose to allocate a portion of their retirement savings to the TIAA traditional annuity contract make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The guaranteed annual interest rate is 3.00% for all premiums remitted under all TIAA traditional annuity contract accumulating contracts entered into by the Plan's participants. The TIAA traditional annuity contract also provides an opportunity for participants to receive additional amounts, which TIAA's Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the twelve-month "declaration year" that begins each March 1 for accumulation annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. For accumulating RA and GRA contracts, the crediting interest rate is 4.24% and 3.58% as of December 31, 2022 and 2021, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate is 3.00% as of December 31, 2022 and 2021. The TIAA traditional annuity contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a ten-year period. All GRA contracts may be withdrawn in a single lump-sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. All SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA traditional annuity contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan itself, would limit the Plan's ability to transact at contract value with the contract issuers. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan's participants is not probable.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, TERC has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

TERC, INC. DC RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

7. PARTY-IN-INTEREST TRANSACTION

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions.

The Plan also allows for a revenue sharing credit, which is used to offset certain amounts owed to TIAA and CREF for its administrative services to the plan. During 2022, the Plan paid the qualified institution and investment advisor administrative expenses totaling \$38,977, which is presented net of \$17,045 of the revenue sharing credit in the statement of changes in net assets available for benefits.

8. TAX STATUS

The prototype Plan Sponsor has obtained an opinion letter dated August 7, 2017, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The plan administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
