INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Cattlemens 401(k) Plan
Rohnert Park, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Cattlemens 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2022 and September 1, 2021, and the statement of changes in net assets available for benefits for the year ended August 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cattlemens 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of August 31, 2022 and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 4 of the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Cattlemens 401(k) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cattlemens 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cattlemens 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cattlemens 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions as of August 31, 2022 and Schedule of Assets (Held at End of Year) as of August 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (Continued)

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CATTLEMENS 401(k) PLAN
Notes to Financial Statements
August 31, 2022 and September 1, 2021 (Inception)

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cattlemens 401(k) Plan “the Plan” provides only general information. The Plan’s sponsor is Cattlemens, Inc. “the Company.” Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a single employer defined contribution plan covering the employees of Cattlemens, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 “ERISA” and subsequent amendments. The Plan was established on September 1, 2021 to provide retirement benefits for the employees of the Company.

Plan Administration – The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Plan Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan Sponsor’s Board of Directors. The Company has delegated certain responsibilities for the operation and administration of the Plan. John Hancock Life Insurance Company (U.S.A.), or one of its affiliates, “John Hancock (U.S.A.)” is the custodian and recordkeeper of the Plan.

Eligibility – Generally, employees of the Company become eligible to participate in the Plan on the first of the month after completing six months of service beginning with the first day of the pay period immediately following or coincident with the employee’s employment commencement date, in which at least 500 hours are worked. If an employee does not complete the 500 hours of service requirement in the first six months, the employee becomes eligible to participant on the first of the month after completing one year of service, in which 1,000 hours are worked. The initial computation period for one year of service begins with the employee’s employment commencement date, and subsequent computation periods are each Plan year beginning with the Plan year which includes the first anniversary of the employee’s employment commencement date.

Employees whose regularly scheduled service is less than 1,000 hours per plan year are considered part-time, temporary and seasonal employees and are excluded from the Plan. However, such excluded employees become eligible to participate on the first of the month following a year of service in which at least 1,000 hours are worked.

Employees who are non-resident aliens or under a collective bargaining agreement are also excluded from participating in the Plan.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Contributions – Participant deferral and Roth contributions are allowed commencing with the pay period starting February 16, 2022. Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, on a tax deferred basis or Roth after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Deferral and Roth Contributions are subject to a maximum limitation as provided in the Internal Revenue Code. The maximum contribution of pretax compensation that a participant could defer in the calendar year 2022 was \$20,500, and the maximum catch-up additional deferral for participants who reached the age of fifty by the end of the calendar year 2022 was \$6,500.

Employer Contributions – The Company may make a discretionary match and non-elective contributions to all participants during the plan year. The employer contributed \$100,000 during the year ended August 31, 2022 as a non-elective contribution. The contribution was allocated on a pro rata basis to eligible participants based on eligible compensation. Employer contributions receivable totaled \$100,000 at August 31, 2022.

The Company did not make any employer match contributions in the year ended August 31, 2022.

Investment Elections – The participant contributions and the company contributions are allocated to the various investment options offered by the Plan as directed by participants.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Vesting - A participant is always fully (100 percent) vested in his or her salary reduction account, Roth contribution account and rollover contribution account, plus actual earnings thereon. Employer contributions vest over a four-year graded vesting schedule in which 25% of the employer contribution vests after one year of service, and an additional 25% vests after each year of service thereafter until the participant is fully vested upon accumulating four years of service. In the event of death, disability or attaining normal retirement age, participants are immediately vested in all company contributions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms generally range from one to five years, but can be up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate plus 1% percent. A participant's account is charged monthly interest on the outstanding loan balance. Principal and interest is paid ratably through semi-monthly payroll deductions. There were no notes receivable in the year ended August 31, 2022.

Payment of Benefits – Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. Participant vested account balances equal to or less than \$1,000 are distributed immediately in a lump-sum cash payment, unless a direct rollover into another qualified benefits plan is requested. Balances between \$1,000 and \$5,000 will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or installments sufficient to satisfy required minimum distribution requirements, or the participant may postpone payment to a later date and remain in the Plan as described in the Plan documents.

In addition, participants may elect in-service distributions if they reach 59 ½ years of age or incur a hardship.

Forfeited Accounts – Forfeitures of the nonvested portion of terminated participants' accounts can be used to restore forfeitures, pay Plan expenses, offset employer contributions or allocate as additional employer contributions. There were no available forfeitures of employer contributions at August 31, 2022 and September 1, 2021.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in sub accounts of mutual funds are held in pooled separate accounts and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing the information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses, which may vary according to the individual funds selected, are included in net appreciation (depreciation) of fair value of investments. Participants should refer to the prospectus for the individual investment funds for further details on individual investment fees. Certain administrative and investment advisory fees are charged directly to the participant's account and included in administrative expenses.

NOTE 3 – FAIR VALUE OF ASSETS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022 and September 1, 2021.

Sub Accounts of Mutual Funds

Sub accounts of mutual funds are held in pooled separate accounts. The mutual funds shares held by the sub accounts are valued at quoted market prices and are considered Level 1 assets. The fair value of each sub account is calculated as the number of units the sub-account held on a particular date multiplied by the unit value on that date. The unit values of these sub accounts are determined daily based on the price per share of the underlying fund and is posted daily by John Hancock (U.S.A.).

NOTE 3 – FAIR VALUE OF ASSETS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2022:

Assets at Fair Value as of August 31, 2022

	Fair Value Measurements Using			
	Fair Value 8/31/2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Totals	\$998,995	\$998,995	\$ -	\$ -

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at August 31, 2022, and net depreciation in fair value of investments for the year ended August 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance (U.S.A.), the custodian.

NOTE 5 – INVESTMENT CONTRACT WITH JOHN HANCOCK (U.S.A.)

The Plan's investments are managed by John Hancock Life Insurance Company (U.S.A.) under the terms of a group annuity contract. The group annuity contract as a whole is not fully-benefit responsive. Participants may direct the investment of their contributions and account balances amongst the various investment options offered under this contract. John Hancock (U.S.A.) holds the investment funds in sub accounts of mutual funds and a sub account of a collective investment trust, which are primarily managed or sub-advised by affiliates.

The group annuity contract provides that John Hancock (U.S.A.) will provide record keeping services, accumulate and invest participants' contributions in investment funds in John Hancock (U.S.A.)'s sub accounts as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments in the sub accounts of separate accounts at fair value.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed or sub-advised by members of the Manulife Financial group of companies which are affiliated with John Hancock (U.S.A.). The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investment. The Plan made direct payments to John Hancock (U.S.A.), the record-keeper, totaling \$1,949, and an investment advisor totaling \$1,737 in the year ended August 31, 2022.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 – LATE REMITTANCES OF PARTICIPANT CONTRIBUTIONS

The Company erroneously failed to transmit certain participant contributions withheld from employees' gross compensation to the Plan within the period prescribed in 29 CFR 2510.3-102 during the plan year ended August 31, 2022. The amount required to be reported on Schedule H, Part IV, Line 4a of the Federal Form 5500 totaled \$28,992. Management intends to fully correct this operational error in the current plan year.

August 31, 2022 and September 1, 2021 (Inception)

NOTE 9 – TAX STATUS

The Plan has adopted the Jordan & Associates Retirement Services Defined Contribution Pre-Approved Plan Basic, Plan Document #02. Jordan & Associates Retirement Services received a determination letter dated June 30, 2020 informing them that the non-standardized pre-approved profit sharing/money purchase/CODA plan is acceptable for use by employers for the benefit of their employees under the Internal Revenue Code (IRC) Section 401. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 – SUBSEQUENT EVENT

The plan has evaluated subsequent events through June 15, 2023, the date the financial statements were available to be issued.
