Independent Auditor's Report

The Plan Administrator
One Call Government Solutions, LLC 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of One Call Government Solutions, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 1, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended August 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of August 1, 2022 and December 31, 2021, and for the period ended August 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

One Call Government Solutions, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the One Call Government Solutions, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of One Call Government Solutions, LLC (the Employer) who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). On July 11, 2022, the Company passed a resolution to merge the Plan effective August 1, 2022 into the One Call Combined 401(k) Profit Sharing Plan. No participants were allowed to enter the Plan after that date. See further discussion regarding the Plan merger in Note 9.

Plan Administration

Bank of America, N.A. (Bank of America), is the Plan's trustee. The Plan Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, the Plan allows participants to contribute up to 100% of their eligible compensation, as defined in the Plan document, subject to limits imposed by the Internal Revenue Code (IRC). The Plan also permits Roth contributions. The Plan has an automatic enrollment feature in which newly eligible employees are enrolled with a 6% pre-tax compensation deferral which increases by 1% per year up to a maximum of 10%, unless a participant elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer may make matching contributions equal to a discretionary percentage of the participant's elective deferral. During 2022, the Employer matched 50% of the participant's contribution up to 6% of eligible compensation. Employees are eligible to participate in the Employer match on day one.

The Employer may also make additional profit-sharing contributions. Employees are eligible to participate in the profit-sharing contribution after one year of service. For the period ended August 1, 2022, there were no additional profit-sharing amounts contributed to the Plan.

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

One Call Government Solutions, LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions and related earnings is 100% on day one.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loan terms have a minimum of one year and may not exceed five years, unless the loan is used for the purchase of a primary residence. No more than two loans may be outstanding at a time for a participant and loans may not be consolidated or refinanced. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant (or beneficiary) may elect to receive his or her account balance as a lump-sum distribution or in installment payments. Participants may not withdraw their contributions until they attain age 59½ or prove a financial hardship under specific circumstances, or terminate employment for any reason including death or disability.

Forfeited Accounts

During the period ended August 1, 2022, forfeitures from non-vested accounts totaled \$4,357. During the year ended December 31, 2021, forfeitures from non-vested accounts totaled \$21,436. As of August 1, 2022 and December 31, 2021, the balance of forfeited non-vested accounts totaled \$0 and \$32,280, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the

One Call Government Solutions, LLC 401(k) Plan

Notes to Financial Statements

Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Payment of Benefits

Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate or partially terminate the Plan, subject to the provisions of ERISA.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

3. Information Certified by Bank of America

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

	August 1, 2022	December 31, 2021
Mutual funds	\$ -	\$ 1,063,952
Common/collective trusts	-	118,115
Notes receivable from participants	-	48,394

August 1, 2022

Net depreciation in fair value of investments	\$ (54,605)
Interest and dividend income	2,115
Interest income on notes receivable from participants	140

4. Fair Value Measurements

Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3).

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

One Call Government Solutions, LLC 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at August 1, 2022 and December 31, 2021. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts - These assets are valued at net asset value (NAV) provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There were no unfunded commitments to purchase investments at August 1, 2022 and December 31, 2021 and no liquidity restrictions. Further, these collective trust funds are direct filing entities filers.

The preceding valuation methods described may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Level 1		Total
Mutual funds	\$	1,063,952	\$ 1,063,952
Total investments, measured at NAV as a practical expedient*			118,115
Total Investments, at fair value	\$	1,063,952	\$ 1,182,067

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no assets held at fair value at August 1, 2022.

5. Related Party and Parties-in-Interest Transactions

All Plan investments are managed by Bank of America. These investments and transactions in these investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as exempt part-in-interest transactions.

Bank of America provides certain administrative services to the Plan pursuant to an agreement between the Employer and Bank of America. Bank of America receives revenue from mutual fund service providers for services. Bank of America provides to the funds. This revenue is used to offset certain amounts owed to Bank of America for its administrative services to the Plan.

If the revenue received by Bank of America from such mutual fund service providers exceeds the amount owed under the agreement, Bank of America remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. In 2022, the Plan paid \$700 to Bank of America for administrative expenses.

6. Tax Status

The Plan adopted the Merrill Lynch Non-Standardized Defined Contribution Pre Approved Plan. The Internal Revenue Service (IRS) has informed Merrill Lynch by letter dated June 30, 2020, that the Plan document and related trust are designed in accordance with section of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through June 15, 2023, the date of the financial statements were available to be issued, and there were no reportable events.

9. Plan Transfers and Merger

During the year, certain participants became ineligible to participate in the Plan, but eligible to participate in the One Call Combined 401(k) Profit Sharing Plan (OCM Plan), also sponsored by the Employer. Likewise, certain participants of the OCM Plan became ineligible to participate in the OCM Plan, but eligible to participate in the Plan. Reasons for this to occur include but are not limited to, the Employer changing the classification of a position held by a salaried. In accordance with these plans, participants have their account balances in the respective plan transferred to the Plan, in which they are then eligible to participate. As the vesting terms are different between the Plan and OCM Plan, the individuals who transfer and subsequently leave the Plan, may have forfeitures. In 2022, \$95,044 of assets were transferred from the OCM Plan to the Plan.

The Plan was merged effective August 1, 2022, into the OCM Plan. As a result, during the period ended August 1, 2022, \$1,256,659 was transferred from the Plan to the OCM Plan. Overall, a net plan transfer of \$1,161,615 was transferred from the Plan to the OCM Plan.
