## INDEPENDENT AUDITORS' REPORT

To the Plan Committee of  
Five Star/Five Diamond Holdings, Inc. Employee Stock Ownership Plan

### Opinion

We have audited the accompanying financial statements of the Five Star/Five Diamond Holdings, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits in liquidation of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits in liquidation for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Emphasis of Matter—Basis of Accounting

As described in the notes to the financial statements, the governing body of the Plan approved a plan of liquidation on May 31, 2018, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the accrual basis to the liquidation basis used in presenting the 2022 and 2021, financial statements. Our opinion is not modified with respect to that matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**DESCRIPTION OF PLAN**

The following description of the Five Star/Five Diamond Holdings, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan and trust agreement for a more complete description of the Plan's provisions. On April 8, 2022, the Company received a favorable determination letter from the IRS to terminate the Plan.

**General:** Five Star/Five Diamond Holdings, Inc. (the "Company") established the Plan effective September 30, 2010, (effective date). The Plan operates as a leveraged employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder the Internal Revenue Code of 1986 ("IRC"), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by an independent third-party Trustee appointed by the Company's Board of Directors.

Effective January 1, 2018, the Plan was amended to allow for inactive participants' shares of Company Stock to be exchanged for cash and other liquid assets.

**Plan Termination:** Effective May 31, 2018, the Plan was terminated due to the acquisition of the plan sponsor by another company. Upon the Plan's termination, participants became 100% vested in their accounts. Due to the termination of the Plan in 2018, the loan was repaid, and all the shares were allocated.

**Eligibility/Contributions:** Due to the termination of the Plan on May 31, 2018, participation in the Plan was frozen, and no further contributions will be received.

**Participant Accounts:** The Plan is a defined contribution plan under which a separate individual account is established for each participant. The allocation of plan earnings, expenses, as well as asset appreciation or depreciation is based on the participants' account balances as of the end of the year, prior to the current year's allocation.

**Voting Rights:** All Company stock held in the Plan shall generally be voted by the Trustees. However, with respect to certain corporate matters, as defined in the Plan, each participant may be entitled to direct the Trustees as to the exercise of any voting rights attributable to shares of employer common stock allocated to the participant's ESOP account. If participants are provided with voting rights, the Trustees shall vote any shares of unallocated employer common stock in the Plan, or any allocated employer common stock for which no voting instructions have been received.

**Payment of Benefits:** Due to the Company's receipt a favorable determination letter from the IRS on April 8, 2022, each participant's account balance was fully distributed during 2022. Distributions were made in cash or rollover to a qualified plan at the participant's election or transferred into an IRA if no election was made by the participant.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting:*** For the years ended December 31, 2022 and 2021, the Plan's basis of accounting was the liquidation basis in accordance with the accounting principles generally accepted in the United States of America ("US GAAP").

***Use of Estimates:*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The financial statements include Five Star/Five Diamond Holdings, Inc. common stock, whose value was estimated with the assistance of an independent valuation specialist in the absence of a readily ascertainable market value for the year ended December 31, 2021. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material. No appraisal was completed in 2022 as the Company's operations had ceased and it held no assets.

***Investment Valuation and Income Recognition:*** The shares of the Company common stock are valued at estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Payment of Benefits:*** Benefit payments are recorded when paid.

***Administrative Expenses:*** All expenses of maintaining the Plan are paid by the Company.

***Subsequent Events:*** Plan management has evaluated subsequent events through February 16, 2023, the date the financial statements were available to be issued.

**INVESTMENTS**

The Plan's investment in the Company's common stock for the year ended December 31, 2021 consisted of 96,638 allocated shares at a cost of \$832,697 and a fair value of \$144,956. As the Company's operations had ceased and all transactions had been completed as of December 31, 2022, the Company held no assets and the Plan's shares of Company stock had no value.

**FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used and any changes in valuation methodology for assets measured at fair value.

**Company Common Stock:** The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. In 2021, this appraisal was based on the net assets method because the Company completed an asset sale during 2018 and is no longer an operating entity. No appraisal was completed in 2022 as all aspects of the sale were complete and the Company held no assets.

The valuation process involves plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>December 31, 2022</b>

<b>December 31, 2021</b>				
Shares of Five Star/Five Diamond Holdings, Inc. common stock	\$ -	\$ -	\$ 144,956	\$ 144,956

***Changes in Fair Value of Level 3 Assets and Related Gains and Losses***

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the years ended December 31, 2022.

<b>Balance, December 31, 2021</b>	\$ 144,956
Unrealized depreciation in fair value	<u>(144,956)</u>
<b>Balance, December 31, 2022</b>	<u>\$ -</u>

The amount of total losses for the period included in changes in net assets attributable to the change in unrealized losses relating to assets still held at December 31, 2022 were losses of \$144,956.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits in Liquidation.

**ADMINISTRATION OF PLAN ASSETS**

The Plan assets which consisted of cash equivalents and sponsor Company common stock are held by the Trustee of the Plan.

Company contributions were held and managed by the Trustee. The recordkeeper for the Plan allocated contributions and appreciation (depreciation) of investments to participant accounts. Certain administrative functions were performed by employees of the Company. These employees were not compensated for these services from the Plan. Administrative expenses for the trustee's and recordkeeper's fees were paid by the Company.

**TAX STATUS**

The Company has applied with the Internal Revenue Service for determination that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. The Plan has been amended since the application date. However, the Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invested in common stock of the Company, which was considered a party-in-interest investment. The fair value of the investment in the Company's common stock as of December 31, 2022 and 2021, was \$0 and \$144,956, respectively. Additionally, GreatBanc Trust Company, the Plan trustee, held assets in a money market fund. As such, GreatBanc was also considered a party-in-interest.
