1. Description of the Plan

Thumbtack, Inc. (the Company) established the Thumbtack, Inc. 401(k) Plan (the Plan), effective July 1, 2012, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan was amended and restated effective December 31, 2018, and then further amended effective February 2, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by a Plan Investment Committee, which consists of Company employees. Ascensus Trust Company (Ascensus) serves as the Plan's trustee and Vanguard Group, Inc. (Vanguard) serves as the Plan's record keeper, however they have sub-contracted with Ascensus, LLC to carry out these responsibilities. Ascensus holds, invests and reinvests the Plan assets in the interest and direction of the participants and their beneficiaries. The Company and the participants have access to the Plan through Vanguard Retirement Plan Access, provided by Vanguard. The Company has engaged ABD Retirement Services, Inc. (ABD) as an investment advisor. ABD assists the Plan Investment Committee in selecting investment options offered under the Plan and monitoring investment performance.

Eligible Participants:

Employees, as defined by the Plan agreement, age 18 or older may participate in the Plan on the first day of the month coinciding with or following their date of hire.

Contributions:

Participants are permitted to make voluntary pre-tax salary deferral and post-tax contributions up to 75% of their annual eligible compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional "catch-up" contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers).

1. Description of the Plan (continued)

Contributions: (continued)

The Plan has an automatic enrollment feature under which all eligible employees hired or rehired are automatically enrolled in the Plan and have 5% of their pre-tax compensation deferred and contributed to the Plan, unless they request a different amount to be contributed or formally decline participation. Following the automatic enrollment in the Plan, the salary deferral amount increases 1% on the first day of each subsequent Plan year, to a maximum of 15%, unless the participant requests a different amount to be contributed or formally declines participation. Participants may adjust their salary deferral rate or discontinue their contributions at any time.

Company contributions are not permitted under the Plan, other than qualified non-elective contributions to satisfy the requirements associated with applicable non-discrimination tests or to correct for Plan operational failures.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions, qualified non-elective Company contributions, if any, rollovers and an allocation of Plan net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

Vesting:

Participants are fully vested in their account balances.

Notes Receivable from Participants:

In April 2020, the Plan implemented Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) provisions to allow for participants to take COVID-19 related notes, offering a participant a note limit up to the lesser of $100,000, or the participant's vested account balance in 2020. The CARES Act also allows for note relief to allow the delay of repayments on existing COVID-19 related notes through December 31, 2021.

1. Description of the Plan (continued)

Notes Receivable from Participants: (continued)

Participant notes receivable outside of CARES Act, COVID-19 related notes are not permitted under the Plan. Interest rate on the two COVID-19 related notes outstanding at December 31, 2020 is 4.25%. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits:

Upon termination of employment, participants may elect to receive an amount equal to the value of their account. Distributions will be paid as soon as administratively feasible and may be paid in lump sum cash payment, partial payment, or rolled into another participant qualified retirement plan or individual retirement account, as elected by the participant, subject to certain stipulations as defined by the Plan. The Plan may elect to distribute a terminated participant's account balance without participant consent if the balance is $5,000 or less. Any participant account balance greater than $1,000 distributed to a participant without their consent and before normal retirement age, as defined by the Plan, will be automatically rolled over to an individual retirement account on behalf of the participant. Benefits are recorded when paid.

In April 2020, the Plan implemented certain provisions under the CARES Act, allowing eligible participants to take COVID-19 related distributions. Through December 30, 2020, qualified participants were permitted to take a CARES Act distribution of up to $100,000 from the Plan due to adverse financial consequences experienced from the COVID-19 pandemic. The Plan also waived its requirement for minimum required distributions to be made in 2020.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Certain account maintenance, benefit payment and note fees are paid to the Plan and charged to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in these financial statements.

1. Description of the Plan (continued)

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus continues to materially and adversely impact global commercial activity and contribute to volatility in financial markets. The outbreak is having, and will likely continue to have, a material adverse impact on economic and market conditions for the foreseeable future. This presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds and a money market fund. These funds are reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted prices in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The Plan investments are classified as Level I investments within the fair value hierarchy at December 31, 2020 and 2019.

The Plan adopted Financial Accounting Board Accounting Standards Update (ASU) 2018-13, *Disclosure Framework: Changes to the Disclosure Requirements for Fair Value Measurement*, on January 1, 2020. ASU 2018-13 eliminated the disclosure requirements of the amount of, reasons for, and the policy on transfers between Level I and Level II of the fair value hierarchy and modified certain disclosure requirements related to Level III recurring and nonrecurring fair value measurement. This standard was adopted retrospectively and had no material impact on the Plan's financial statements or disclosures.

2. Summary of Significant Accounting Policies (continued)

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

3. Information Prepared and Certified by Ascensus

Ascensus, as the Plan's trustee, has certified the fair value of the following assets held at December 31, 2020 and 2019, and the net income for the year ended December 31, 2020 that were used in the preparation of the accompanying financial statements and supplemental schedules.

The following table summarizes the certified information at:

	December 31, 2020	December 31, 2019
Investments, at fair value	$ 21,443,764	$ 17,130,900
Non-interest bearing cash	-	6,472
Total certified investments	21,443,764	17,137,372
Notes receivable from participants	2,944	-
Total certified assets	$ 21,446,708	$ 17,137,372
Certified net income for the year ended December 31, 2020		$ 3,008,198

4. Party-in-Interest Transactions

The Plan's investments are managed by Vanguard. As Vanguard is the Plan record keeper, purchases and sales of these investments by the Plan qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Prohibited Transactions

In 2018 and 2019, the Company did not remit certain participant contributions of $321,723 and $361,539, respectively, on a timely basis, as required by the Department of Labor (DOL). In 2020, the Company remitted lost earnings to correct the delinquent remittances.

In 2020, the Company did not remit participant contributions totaling $469,860 on a timely basis, as required by the Department of Labor. These late remittances are considered nonexempt prohibited party-in-interest transactions with the Company. In 2020, the Company remitted lost earnings to correct $4,901 of the late remittances. The Company intends to contribute lost earnings in 2021 for the remaining $464,959 of late contributions to the Plan on behalf of affected participants.

6. Income Tax Status

The Plan is a prototype plan offered by Ascensus, Inc. The Internal Revenue Service (IRS) has determined and informed Ascensus, Inc. by a letter dated January 1, 2018, that the plan submitted for review qualifies under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and Plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP require Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan and has concluded, at December 31, 2020, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.
