Independent Auditors' Report

To the Participants and Plan Administrator of the
Savings Plan of PJM Interconnection, L.L.C.
Audubon, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Savings Plan of PJM Interconnection, L.L.C. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following description of the Savings Plan of PJM Interconnection, L.L.C. (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all qualifying employees of PJM Interconnection, L.L.C. (“PJM”). Employees are eligible to participate in the Plan after the first of the month following the date of hire and are eligible to receive a matching contribution from PJM beginning with the first month following the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). PJM is both the administrator and sponsor of the Plan.

Effective August 1, 2008, in connection with its spin-off of a division of PJM to Monitoring Analytics, LLC (“MA”), PJM agreed to convert the Plan to a multiple employer plan and to allow the employees of MA to participate in the Plan.

The Plan is administered by a Benefits Administrative Committee (“Committee”) that serves at the discretion of PJM’s Board of Managers. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits and interpreting Plan documents.

Contributions

The Plan provides for employee discretionary salary reduction (pre-tax) contributions in any amount up to the maximum percentage of compensation allowable as defined by the Plan. Participants may also make Roth deferral and catch-up contributions. PJM matches, under a safe harbor matching formula, 100% of the first 5% of eligible compensation that a participant contributes to the Plan. Due to limitations imposed by the Internal Revenue Code (IRC), the aggregate amount of compensation deferral contributions with respect to any participant could not exceed \$20,500 and \$19,500 for 2022 and 2021, respectively. A participant that has reached the age of 50 by the end of the tax year may contribute an additional \$6,500 for 2022 and 2021 as a catch-up contribution.

Under certain circumstances, participants may elect to make deferred contributions of up to 100% of compensation and may, upon proper notice and approval, make deferral contributions of up to 100% of any employer paid cash bonus. Participants may also contribute amounts representing distributions (rollover contributions) from other qualified retirement plans.

1. Plan Description (cont.)

Effective January 1, 2014, the PJM Interconnection, L.L.C. Pension Plan (the Pension Plan) was amended to freeze the Pension Plan to new entrants. In connection with this Pension Plan amendment, the Savings Plan of PJM Interconnection, L.L.C. was amended to provide for a non-elective contribution for new employees that are not eligible to participate in the Pension Plan. The amount of the non-elective contribution is determined by a formula based on a combination of a participant's age and years of service and amounted to approximately \$2,380,000 and \$1,937,000 for the years ended December 31, 2022 and 2021. Such amounts are included in employer contributions in the statements of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of PJM's contributions and the Plan's earnings.

Vesting

Participants are immediately vested in their contributions and PJM's matching safe harbor contribution plus actual earnings. Employer non-elective contributions vest over a five-year service period (0% in year one and 25% each year thereafter). Non-vested employer contributions are forfeited under the terms of the Plan. The balance in the forfeiture account at December 31, 2022 and 2021 was approximately \$0 and \$5,000, which can be used to pay all reasonable costs and expenses incurred by the Plan and reduce contributions of the plan sponsor. During the years ended December 31, 2022 and 2021, approximately \$76,000 and \$33,000 of forfeitures were used for such purposes.

Investment Options

Contributions to the Plan are invested, at the discretion of the participants, in various investment options. Participants determine the amount to be invested and may make changes to their investment elections at any time. Currently, the Plan offers various mutual funds, including shares of mutual funds managed by an affiliate of the trustee, and collective trust funds.

1. Plan Description (cont.)

Participant Notes Receivable

Each participant may borrow from his or her account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. Note repayment terms range from 1 – 5 years or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid ratably through bi-weekly payroll deduction. The interest rates range from 4.25% to 8.00%.

On March 27, 2020 the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law and, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The Plan's management implemented the provisions of the CARES Act to allow for loans up to \$100,000 and delaying the period for loan repayments by individuals affected by the COVID-19 pandemic, if applicable, for up to one year. Participant notes receivable are valued at their outstanding balances, which approximates fair value.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to withdraw all or part of the vested value of their account balance, subject to certain restrictions.

Additionally, under certain circumstances of financial hardship or attainment of the age of 59½, the participants are allowed to withdraw funds from their account, as defined in the Plan, while still employed.

Plan management implemented the provision under the CARES Act allowing certain affected participants to take special COVID-19 related distributions of up to \$100,000. COVID-19 related distributions could be taken up to December 31, 2020 and may be repaid within three years of the date of distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Changes in fair value, along with realized gains and losses, are reflected as net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and these differences could be material.

Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative expenses incurred in the operation of the Plan are paid directly by PJM and are not reflected in the accompanying financial statements (see Note 5).

Plan Termination

Although it has not expressed any intent to do so, PJM has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

4. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds

Mutual Funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2022 and 2021.

Collective Trust Fund

The collective trust fund, Fidelity Managed Income Portfolio II, represents an investment primarily in bond funds or fixed income securities. Units held in the collective trust fund are valued at the net asset value per unit as reported by the investment trustee as of December 31, 2022 and 2021. The Plan's trustee certified the fair values of the Fidelity Managed Income Portfolio II as of December 31, 2022 and 2021.

4. Fair Value Measurements (cont.)

The investment strategy for the investment using the Net Asset Value practical expedient under Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2009-12, *Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset per Share (or its Equivalent)*, is to seek the preservation of capital and provide a competitive level of income over time that is consistent with the preservation of capital. This fund is managed to maintain a \$1 dollar unit price, however, there is no guarantee that it will be able to do so. There are no unfunded commitments.

Participants have no restrictions or redemption period requirements, but at the plan level, there is a twelve-month notification period if plan management chooses to close this fund and place assets elsewhere.

The methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2022 and 2021. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no material financial liabilities as of December 31, 2022 and 2021.

4. Fair Value Measurements (cont.)

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with ASU 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related Party Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is an affiliate of the trustee and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid by the Plan for trustee and recordkeeping services, including participant note administration, were \$239,033 and \$89,717 for the years ended December 31, 2022 and 2021, and were included in administrative expenses in the statements of changes in net assets available for benefits.

6. Terminated Participants

When participants terminate employment with the plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$1,000. Terminated participants' accounts totaled \$72,198,196 and \$82,419,133 as of December 31, 2022 and 2021.

7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a determination letter dated October 2, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure to the financial statements.

9. Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors' report which is the date the financial statements were available to be issued. No events requiring disclosure to or recording in the financial statements have been identified as of and for the year ended December 31, 2022.
