INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
The PDC Energy, Inc. 401(k) & Profit Sharing Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the accompanying financial statements of the PDC Energy, Inc. 401(k) & Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PDC ENERGY, INC. 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The PDC Energy, Inc. (the "Company") 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the official Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all Company employees who meet the eligibility requirements of the Plan. The plan also covers employees of the Company's subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code of 1986, as amended.

Trustee and Recordkeeper

All of the Plan's assets are held by Fidelity Management Trust Company ("FMTC") as trustee. FMTC also has participant account record keeping responsibilities.

Contributions

Each year, participants may make salary deferral contributions of up to 60% of their pretax annual compensation, as defined in the Plan, subject to statutory limitations. Participants in the Plan may elect to make contributions to Roth salary deferral accounts, and make both regular and Roth rollover contributions to the Plan. The Plan allows catch up contributions for participants who have reached age 50 by the end of the year, subject to statutory limitations.

The Company may make discretionary matching contributions in such amounts as may be determined by the Company's Board of Directors each plan year. In 2022, the Company matched 100% of each participant's contributions up to 10% of each participant's eligible compensation and 20% of the remaining employee contribution that exceeded 10% up to the IRS Limits.

In addition, the Company may make discretionary profit sharing contributions on the participants' behalf in an amount to be determined by the Board of Directors at the end of the plan year. The Company elected to make a 2022 discretionary profit sharing contribution of $2.4 million, which is included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers approximately 30 mutual funds, including age appropriate managed funds, a managed income fund, and a money market fund, as investment options for participants. Participants may change their investment election for current or future contributions, the percentage(s) invested in each of these options, or transfer funds among these options, on any business day.

Participant Accounts

Each participant's account is funded with the participant's salary deferral contributions, the participant's rollover contributions, the Company's discretionary matching contribution, allocations of the Company's discretionary profit sharing contribution, net realized and unrealized change in fair value of investments and investment income. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Vesting

Participant contributions, plus actual earnings thereon, vest immediately. Company contributions relating to 401(k), profit share and related earnings vest based on years of service. Participants vest 25 percent after one year of service, 50 percent after two years of service, and are 100 percent vested after three years of service.

Notes Receivable from Participants

Participants generally may borrow from their accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Principal and interest are paid ratably through payroll deductions. The repayment period shall be no more than five years unless such note is for the purchase of a participant's primary residence, in which case the repayment period may not extend beyond ten years from the date of the note. The notes are secured by the balance in the participant's account and interest is set at the discretion of the Plan Administrator. The interest rate on notes is set at the prime lending rate in effect at the loan origination date plus one percent. Interest during 2022 accrued at rates ranging from 4.25% to 8.00%.

Payment of Benefits

On termination of service for any reason, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments under a systematic withdrawal plan. In addition, age 59 ½ withdrawals from all accounts, and in-service hardship withdrawals from a participant's deferral contributions account and match account, are also allowed. Rollover contributions may be withdrawn at any time.

Forfeitures

The Company's discretionary contributions that are not vested upon termination of employment are forfeited and may be used to reduce future Company contributions. At December 31, 2022 and 2021, the forfeited non-vested accounts amounted to $279,500 and $173,500, respectively. For the year ended December 31, 2022, a total of $267,000 of forfeitures were used to offset current year employer contributions to Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan uses the accrual basis of accounting and the financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex- dividend date. Net realized and unrealized change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent participant notes may be reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Administrative expenses, including trustee, legal, auditing and other fees, are paid by the Company and, as such, are not expenses of the Plan. The amount reported as administrative expenses of the Plan are transactional fees charged to the participant's account, such as loan processing, expedited shipping fees, etc. Investment related expenses are included in net realized and unrealized change in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

The Plan's assets are measured at fair value pursuant to a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 financial instruments) and the lowest priority to unobservable inputs (Level 3 financial instruments). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

- *Level 1 Inputs* - Quoted prices (unadjusted) for identical assets or liabilities in active markets.

- *Level 2 Inputs* - Inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for the asset or liability, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived from observable market data by correlation or other means.

- *Level 3 Inputs* - Unobservable inputs for the asset or liability, including situations where there is little, if any, market activity.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Money market funds: Valued at the NAV of the shares held by the Plan at year-end.

Common/collective trusts: The collective trust funds are public investment vehicles valued using a NAV provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. However, the NAV is based on the fair value of the underlying securities within the fund, which are traded on active markets, and valued at the closing price reported on the active market on which those individual securities are traded. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The significant investment strategies of the funds are as described in the financial statements provided by each fund. There are no restrictions on redemptions from these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The table below sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
		(in thousands)		
Money market	$ 2,321	$ —	$ —	$ 2,321
Mutual funds	103,948	—	—	103,948
Total assets in the fair value hierarchy	106,269	—	—	106,269
Investments measured at net asset value [(1)]	—	—	—	1,539
Total investments at fair values	$ 106,269	$ —	$ —	$ 107,808

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
		(in thousands)

Mutual funds	119,347	—	—	119,347
Total assets in the fair value hierarchy	120,711	—	—	120,711
Investments measured at net asset value [(1)]	—	—	—	1,554
Total investments at fair values	$ 120,711	$ —	$ —	$ 122,265

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

Subsequent Events

The Plan administrator has evaluated subsequent events through the date of this report to ensure that financial statements include appropriate disclosure or recognition of events that occurred subsequent to December 31, 2022. In 2022, The 401(k) and profit sharing plan was amended to update plan entry dates, deferrals changes, withdrawals and repayment of loans for terminated participants which will be effective January 1, 2023. Refer to the plan document for more details.

On May 21, 2023, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Chevron Corporation ("Chevron") and Bronco Merger Sub Inc, a direct, wholly-owned subsidiary of Chevron ("Merger Subsidiary"). The Merger Agreement provides that, among other things and subject to the terms and conditions of the Merger Agreement, Merger Subsidiary will be merged with and into PDC, with PDC surviving and continuing as the surviving corporation in the Merger as a direct wholly-owned subsidiary of Chevron (such transaction, the "Merger"). The Merger is expected to close by the end of 2023, subject to regulatory clearance, the approval of PDC stockholders and the satisfaction of other customary closing conditions. No decisions have been made regarding the impact of the Merger on the Plan.

NOTE 3 - CERTIFICATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022, net change in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2022 was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by FManTruComny.

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTusC, a qualified institution, has certified the following investment information included in the financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as at December 31, 2022 and 2021.

- Investment income (loss), net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

- Investment information included in the schedule of assets (held at end of year) as at December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, Plan participants will become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Plan is documented on a volume submitter profit sharing/401(k) plan prepared by Fidelity Management and Research Company. The Plan has received an opinion letter from the Internal Revenue Service dated June 30,2020, that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code.

The Company has not sought an individual determination letter for the Plan and is relying on the opinion letter as to the Plan's tax qualification, as provided for in Revenue Procedure 2005-16 and subsequent guidance. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statement. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY / PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by FMTC. FMTC is the trustee as defined by the Plan, and therefore, the historical transactions qualify as party-in-interest transactions.
