## **Independent Auditor's Report**

To the Administrative Committee of the  
Benjamin Moore & Co. Deferred Savings and Investment Plan

### **Opinion**

We have audited the financial statements of Benjamin Moore & Co. Deferred Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## **BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN**

### **Notes to Financial Statements December 31, 2022 and 2021**

#### **NOTE A - DESCRIPTION OF PLAN**

The following description of the Benjamin Moore & Co. Deferred Savings and Investment Plan (the “Plan”) provides only general information. The Participants should refer to the Plan document and subsequent amendments for a more complete description of the Plan’s provisions. The Plan is sponsored and administered by Benjamin Moore & Co. (the “Company”). The Company is a wholly-owned subsidiary of Berkshire Hathaway Inc. (the “Parent”). Charles Schwab Bank (“Schwab”) is the appointed trustee (“Trustee”) and Charles Schwab Corporation – Schwab Retirement Plan Services, Inc. is the recordkeeper of the Plan.

#### **[1] General:**

The Plan is a safe-harbor plan and permits eligible employees of the Company to participate in the Plan on the first day of the month following the date of hire. Also, the Plan accepts “Roth” elective deferrals on behalf of participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Participants may contribute amounts representing distributions from other qualified plans. The Plan also permits participants to make voluntary elective transfers of their entire account balance to or from this Plan to or from another qualified section 401(k) plan of the Company. The plan transfer must be made in connection with a participant’s change in employment status which results in the participant not being entitled to additional allocations under the prior plan.

#### **[2] Investments:**

Participants have the option to direct the investment of participant and employer contributions into various investment options offered by the Plan.

#### **[3] Participant accounts:**

Each participant’s account is adjusted for the participant’s contribution and allocations of (a) the Company’s contributions and (b) Plan earnings and losses, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

#### **[4] Contributions and eligibility:**

All employees can voluntarily contribute up to 50 percent of annual compensation, as defined in the Plan document, up to the Internal Revenue Service (“IRS”) maximum allowance. The IRS maximum allowance was \$20,500 and \$19,500 in 2022 and 2021, respectively. Participants age 50 and older may contribute an additional \$6,500 as a catch-up contribution in 2022 and 2021, resulting in a total pre-tax contribution limit of \$27,000 and \$26,000 for 2022 and 2021, respectively, for such individuals.

The Plan includes an auto enrollment feature whereby all newly eligible employees shall be automatically enrolled at a deferral rate of 5% within 45 days of their date of hire if they have not voluntarily enrolled prior to that date or affirmatively elected not to participate in the Plan. The Plan also has an escalation provision feature that will increase each year 1% up to 50% of compensation, unless the participant affirmatively elects not to participate.

## **BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN**

### **Notes to Financial Statements December 31, 2022 and 2021**

#### **NOTE A - DESCRIPTION OF PLAN (CONTINUED)**

##### **[4] Contributions and eligibility (Continued):**

Through December 31, 2022, contributions were matched for 100 percent of the participant directed contribution, up to three percent of eligible earnings, plus 50 percent of the participant directed contribution on the next two percent of eligible earnings. Effective January 1, 2023, the Company will begin matching 100 percent of the participant directed contribution, up to five percent of eligible earnings. Matching contributions are funded each pay period. There is an annual three percent special discretionary contribution to be contributed by the Plan Sponsor for wage and hourly employees employed on the last day of the Plan year and on the retirement date for Retirees who retire within the Plan year. The special discretionary contributions are included in Employer contributions receivable and were \$1,055,444 and \$933,150 as of December 31, 2022 and 2021, respectively.

As stated above, the IRS sets a maximum limit on the amount of pre-tax salary deferrals a participant can contribute each year. If a participant reaches this limit early in the year, the participant will continue to receive the Company matching contributions; however, it is possible that the participant will not receive the maximum Company match for the year or receive an amount over the maximum Company match. To address these issues, the Company makes an additional "true-up" contribution to all participant accounts that did not receive the full match amount or a match correction to all participants who received an amount over the allowable maximum match.

"True-up" contributions are included in Employer contributions receivable and were \$765,970 and \$643,576 as of December 31, 2022 and 2021, respectively.

##### **[5] Payment of benefits:**

After participants reach age 59-1/2, they may withdraw all or a portion of their participant-directed account balance at any time and for any reason. Prior to age 59-1/2, in-service withdrawals from the Plan are only allowed for unusual financial hardships and must be approved by the Company. While employed, a participant who has been approved by the Company for unusual financial hardships, may withdraw all or part of the employee and vested employer contributions, subject to certain restrictions imposed pursuant to the Plan and excise taxes imposed by IRS guidelines. A participant, who is performing service in the military (while on active duty for a period of more than thirty days) may elect an in-service withdrawal of participant deferral amounts provided that the participant does not make elective deferrals to the Plan during the six-month period beginning on the date of such distribution. Termination withdrawals are a result of disability, termination of employment, retirement or death. Once a participant's employment ends and the participant reaches age 72 (age 70½ if the participant reached that age prior to January 1, 2020), the participant must make the required minimum distributions as imposed by IRS guidelines. If a participant remains employed by the Company after reaching age 72, the participant may delay the distribution of their account until retirement.

Distributions are paid directly to an eligible retirement plan specified by the participant (or designated beneficiary) in a direct rollover or to an Individual Retirement Account. Distributions can also be paid in cash, if so elected. In addition, terminated employees with account balances in excess of \$1,000 may elect to leave their account balance in the Plan and share in future investment results only.

Effective on January 11, 2021, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), Plan participants may take a distribution of up to \$5,000 as a penalty-free early withdrawal from their retirement plan to help cover expenses related to the adoption or birth of a child. The distribution may be repaid at a later date if the participant so chooses.

## **BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN**

### **Notes to Financial Statements December 31, 2022 and 2021**

#### **NOTE A - DESCRIPTION OF PLAN (CONTINUED)**

##### **[6] Notes receivable from participants:**

Participants may borrow from their participant-directed account balance, with a minimum loan amount of \$500, up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. No more than one loan per participant may be outstanding at any time. All loans shall be evidenced by a promissory note. The loans are secured by the balance in the participant's account and interest is accrued at the defined prime rate at the beginning of the month that the loan was originated plus one percentage point. Principal plus interest on participant loans is generally repaid in five years in equal installments through payroll deductions each pay period. The maximum term for participant loans used for first-time home purchases is fifteen years. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

##### **[7] Vesting:**

Each participant is fully vested in their account at all times including matching and special discretionary contributions.

#### **NOTE B - SUMMARY OF ACCOUNTING POLICIES**

##### **[1] Basis of accounting:**

The financial statements and accompanying notes are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **[2] Use of estimates:**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from these estimates.

##### **[3] Benefits paid to participants:**

Distributions from the Plan are recorded in the period in which they are paid to participants in accordance with the terms of the Plan.

##### **[4] Investment valuation and income recognition:**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold and held during the year. Investment income and appreciation/(depreciation) for each participant-directed investment fund is allocated to each participant in the same ratio that the participant's account balance in that fund bears to the total account balances for all participants in that fund.

## **BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN**

### **Notes to Financial Statements December 31, 2022 and 2021**

#### **NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)**

##### **[5] Notes receivable from participants:**

Loans issued to participants in the form of promissory notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

##### **[6] Administrative expenses:**

Investment-related and recordkeeping expenses are paid from the Plan's assets. Certain investment-related expenses are recorded as a reduction of net investment income and are not identifiable on the financial statements. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no cost to the Plan.

##### **[7] Subsequent Events:**

The Plan has been evaluated for subsequent events through June 16, 2023, the date the financial statements were available to be issued.

#### **NOTE C – FAIR VALUE MEASUREMENTS**

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The established framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for the Plan's instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

##### *Stable Value Collective Trust Fund*

A stable value fund is a form of common collective trust funds, which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value ("NAV") of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

# BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN

## Notes to Financial Statements December 31, 2022 and 2021

### NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

#### *Other Common Collective Trust Funds*

Common collective trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

#### *Mutual Funds*

The investments in mutual funds are valued utilizing a market approach wherein the Plan uses the quoted prices in the active market for identical assets. All of these investments are traded in active markets at their NAV per share and are primarily categorized as Level 1.

#### *Berkshire Hathaway Stock Fund*

The Plan allows investment in the common stock of the Company's Parent. Berkshire Hathaway common stock trades on an active market. This investment option (referred to as the Berkshire Hathaway Stock Fund) also includes a cash component, thus resulting in a level 2 valuation.

A summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021, set forth by level within the fair value hierarchy (if applicable), is as follows:

|                                                     | Investments, at Fair Value as of December 31, 2022 |               |         |                |

## **BENJAMIN MOORE & CO. DEFERRED SAVINGS AND INVESTMENT PLAN**

### **Notes to Financial Statements December 31, 2022 and 2021**

#### **NOTE D - TERMINATION OF THE PLAN**

The Company expects and intends to continue the Plan indefinitely but reserves the right to amend or terminate the Plan at any future date subject to the provisions of ERISA. However, no such amendment or termination shall affect the account balance of any participant as of the date such amendment or termination takes effect.

#### **NOTE E - TAX STATUS**

The IRS has determined and informed the Company by letter dated August 23, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the tax determination letter. The Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been provided in the Plan's financial statements and the Company believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Company and Plan to evaluate tax positions taken by the Plan and recognize a related tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
