INDEPENDENT AUDITOR'S REPORT

To the Benefits Administration Committee
EQT Corporation Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of EQT Corporation Employee Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of the years ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EQT CORPORATION
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Description of Plan

The following description of the EQT Corporation Employee Savings Plan, as amended and restated effective January 1, 2022, including amendments through December 31, 2022 (as amended, the Plan), provides only general information. Participants should refer to the Plan document, the summary Plan description, and any summary of material modifications for a complete description of the Plan's provisions. In July 2021, EQT Corporation, a Pennsylvania Corporation (EQT) acquired an unrelated entity, ARD Operating, LLC, a Delaware limited liability company, from Alta Resources Development, LLC, a Delaware limited liability company. The Plan was amended on November 15, 2021, to reflect the merger of the ARD Operating, LLC 401(k) Plan (ARD Plan) with and into the Plan, effective as of that date. Following the acquisition, the participants in the ARD Plan were immediately eligible to participate in the Plan.

General

The Plan is a defined contribution profit sharing and savings plan with 401(k) salary reduction plan features. The Plan was originally adopted on September 1, 1985, by a predecessor of EQT and certain subsidiaries (collectively, together with EQT, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Benefits Administration Committee (BAC), a named fiduciary of the Plan responsible for matters other than those that are investment-related. The BAC has discretionary power and authority to construe, interpret and administer the Plan and may adopt rules and regulations for administering the Plan. The Benefits Investment Committee (BIC) is the named fiduciary responsible for carrying out the investment-related provisions of the Plan.

Full-time and certain part-time employees of the Company are eligible to participate in the Plan on their first day of employment. The Plan has an automatic enrollment provision, where all employees are automatically entered in the Plan electing a 6% deferral percentage when determined eligible, unless the employee waives participation or elects a different deferral percentage.

Contributions

All participants may elect to contribute to the Plan on a pretax basis an amount equal to between 1% and 50% of eligible compensation, subject to Internal Revenue Code (IRC) limitations. These contributions are referred to as contract contributions.

All participants who are eligible to make contract contributions under the Plan and who have attained age 50 before the close of the Plan year may elect to make additional "catch-up" contributions for the Plan year.

Each pay period, participants are eligible to receive a Company-matching contribution. The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan, subject to a maximum Company-matching contribution of the lesser of the amount permitted by the IRC and 3% of eligible compensation.

DECEMBER 31, 2022 AND 2021

1. Description of Plan (Continued)

The Plan includes a “true-up” feature for all contributing participants employed by the Company on the second regular pay date during December of each Plan year. The “true-up” feature ensures that the participant receives the maximum Company-matching contribution for the Plan year, regardless of the timing of the contract contributions. As a result, if the participant makes contract contributions that qualify for matching contributions that are not received on a per-pay period basis, the Company makes an additional matching contribution in December. For the year ended December 31, 2022, the aggregate amount of this “true-up” contribution was \$78,274.

Participants may also receive a retirement contribution, which is determined on an annual basis at the discretion of the Company. During 2022 and 2021, the amount of the retirement contribution was 6% of eligible compensation, subject to limitations imposed by the IRC.

Each participant directs the investment of contract, “catch-up” and pre-2010 after-tax contributions (together, elective contributions) under Plan provisions intended to comply with ERISA Section 404(c). Each participant directs his or her elective contributions into various investment options offered by the Plan and (subject to any applicable blackouts under the Plan) may change his or her investment options on a daily basis. If a participant refuses or fails to make an investment election, his or her elective contributions are invested in a qualified default investment alternative designated by the BIC under the Plan until the participant makes his or her investment election. Currently, this investment is made into the age-appropriate Fidelity Institutional Asset Management Target Date Commingled Pool Fund Class Q (FIAM Funds), a diversified portfolio based on the participant’s date of birth. The Company’s retirement and matching contributions are allocated among investment options in the same manner as the participant’s elective contributions are allocated and are completed under Plan provisions intended to comply with ERISA Section 404(c).

Rollover Contributions

Participants are permitted to make rollover contributions (contributions transferred to the Plan from other qualified retirement plans), subject to certain requirements.

Participant Accounts

Each participant’s account is credited with the participant’s elective and rollover contributions, the Company’s matching and retirement contributions and Plan earnings based on investment selection and charged with an allocation of administrative expenses not paid by the Company.

The Plan was amended effective November 15, 2021 to allow for any Roth sub-accounts that were transferred to the Plan upon the merger of the ARD Plan with and into the Plan to be maintained as Roth sub-accounts within the Plan.

Investment-related administrative expenses are allocated to participant accounts based on investment selection and account balances. Other administrative expenses not paid by the Company are allocated to participants on a per capita or per transaction basis. Each participant is entitled to the benefit provided from the participant’s vested account.

1. Description of Plan (Continued)

Vesting

Participants are 100% vested in the value of contract contributions, pre-2010 after tax contributions and rollover contributions made to the Plan, as well as the related earnings.

If employment of a participant is terminated from the Company for any reason other than involuntary termination without cause, retirement on or after age 65, death or total and permanent disability, the participant is entitled to receive the vested value of any Company contributions (matching and retirement).

Matching and retirement contributions for participants hired subsequent to July 10, 2019 vest in accordance with the following schedule:

<u>Years of Continuous Service Completed</u>	<u>Vested Interest</u>
Less than one year	0%
One year but less than two years	33%
Two years but less than three years	67%
Three years or more	100%

Participants who were previously a part of the ARD Plan and received an employer discretionary contribution prior to November 15, 2021 within the ARD Plan will become 100% vested in the contribution upon the earliest of three years of continuous service, normal retirement while employed at ARD Operating, LLC or total and permanent disability.

Forfeitures of the non-vested portion of participant accounts are used to reduce future Company contributions (matching and retirement) and to pay Plan administrative expenses. Certain forfeitures may be restored if the participant is re-employed before accruing five consecutive break-in-service years, as defined in the Plan. For the year ended December 31, 2022, forfeited non-vested accounts reduced Company contributions by \$30,984. At December 31, 2022 and 2021, there were no significant forfeited credit balances.

Upon involuntary termination without cause, retirement on or after age 65, death or total and permanent disability of the participant or termination of the Plan, a participant is entitled to receive the full value of any Company contributions (matching and retirement), regardless of years of continuous service completed.

In the event of a change of control, as defined in the Plan, all Company contributions (matching and retirement) become 100% vested immediately. Effective July 10, 2019, due to the fact that a change-of-control event (as defined in Section 14.2(e) of the Plan) occurred by reason of certain continuing directors (as defined in the Plan) ceasing to constitute a majority of the Company's board of directors, all affected participants became fully vested in all Company-matching and retirement contributions (and related earnings) allocated to their accounts.

1. Description of Plan (Continued)

Payments of Benefits to Participants

Upon separation from service with the Company due to death, disability, retirement or termination of employment, a participant whose vested account balance exceeds \$1,000 may elect to receive a lump-sum distribution, a direct rollover or installment payments. Installment payments can be based on a fixed-dollar amount for each installment payment. In addition, a participant may elect an installment payment based on a fixed period. Under the fixed-period calculation option, the account balance will be depleted over the fixed number of years specified, not to exceed 20 years. As soon as administratively possible after one of the preceding distribution events, a participant whose vested account balance is \$1,000 or less will automatically receive a lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances, as set forth in the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as set forth in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Notes Receivable from Participants

A participant may borrow from his or her account up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested eligible account balance. Loan terms may not exceed five years or, for the purchase of a primary residence, 30 years. The \$50,000 limit, when applied, is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not apply for a second loan if a loan is outstanding. The loans bear interest equal to 1% above the "prime rate" (as posted to the "Federal Reserve Website" on the last business day of the prior month) at the time the loan is approved. This rate remains the same for the entire period of the loan. Principal and interest are paid ratably through payroll deductions. If the loan is not repaid within 30 days of termination of employment, the unpaid loan balance will automatically be treated as a distribution to the participant.

Administrative Expenses

Administrative expenses associated with the Plan may be paid out of Plan assets or by the Company. The expenses paid out of Plan assets are included in the administrative expenses line item in the accompanying statement of changes in net assets available for benefits. Investment management fees are paid by Plan participants based on participation in the various funds. Fund operating expenses are deducted from fund investment returns.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

EQT CORPORATION
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

Investments

The Plan's investments are reported at fair value in the statements of net assets available for benefits. See Note 4 for additional information regarding the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the dividend payment date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related loan fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution pursuant to the terms of the Plan and applicable tax law, the notes receivable balance is reduced, and a benefit payment is recorded.

Subsequent Events

Subsequent events were evaluated through June 20, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, net depreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurement

The Plan has an established process for determining fair value for its financial instruments, which consist of a money market fund, mutual funds, and common/collective funds. The Plan has categorized its financial instruments into a three-level fair value hierarchy, based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input used is observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EQT CORPORATION
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

4. Fair Value Measurement (Continued)

The fair value measurement level of assets and liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Fund: Valued at quoted market prices in an exchange and on an active market that represents the net asset value (NAV) of shares held by the Plan at year-end.

Mutual Funds: Valued at quoted market prices in an exchange and on an active market that represents the NAV of shares held by the Plan at year-end.

Common/Collective Funds - The units of the Fidelity Managed Income Portfolio and Fidelity Managed Income Portfolio II Funds (FMIP and FMIP II Funds) and Fidelity Freedom Funds are valued at fair value using the NAV as determined by the issuer based on current fair values of the underlying assets of the fund. The Plan's investment is based on the Plan's proportionate ownership of the underlying investments' fair value. The investment objective of these funds is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. In regard to the FMIP and FMIP II Funds, participant-directed redemptions can be made on any business day but must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur; however, withdrawals directed by the Plan must be preceded by 12 months' written notice to the Plan's trustee. The Plan has no unfunded commitments relating to the common/collective funds at December 31, 2022 and 2021.

The preceding methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurement (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022					
	NAV	Level 1	Level 2	Level 3	Total
Money market fund	-	\$ 4,613,513	-	-	\$ 4,613,513
Mutual funds	-	82,077,815	-	-	82,077,815

Investments measured at (a) - Common collective	\$ 165,685,167	-	-	-	165,685,167
Total investment assets at fair value	\$ 165,685,167	\$ 114,357,669	-	-	\$ 280,042,836

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of termination of the Plan, the interests of all affected participants will become fully vested.

6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the values of participants' account balances under the Plan and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of a money market fund, mutual funds and common/collective funds managed by Fidelity Management Trust Company or an affiliate thereof (Fidelity). Fidelity is the trustee and recordkeeper of the Plan; therefore, these transactions may qualify as party-in-interest transactions under ERISA. Transactions with respect to notes receivable from participants also qualify as party-in-interest and related-party transactions due to the relationships between the participants.

8. Income Tax Status

The Plan received a determination letter from the IRS dated July 25, 2016, stating that the Plan is qualified under Section 401(a) of the IRC; therefore, the related trust was exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with its express terms and provisions, as set forth therein and as dictated by the IRC, in order to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has determined that, as of December 31, 2022 and 2021, no uncertain tax positions existed or were expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.
