Independent Auditor's Report

To the Plan Administrator and Plan Participants
Centurion Investments, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Centurion Investments, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Centurion Investments, Inc. 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Centurion Investments, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Centurion Investments, Inc. 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Centurion Investments, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Centurion Investments, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Centurion Investments, Inc. 401(k) Plan and Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 23, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the Centurion Investments, Inc. 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established effective January 1, 1990 and most recently restated January 1, 2021. The Plan sponsor is Centurion Investments, Inc. d/b/a/ AVMATS (the Company). The Plan covers all employees of AVMATS and Georgian Aerospace, LLC who are age 18 or older.

Contributions

Employees may contribute up to the amount permitted by Internal Revenue Service (IRS) regulations, which was \$20,500 in 2022. Employees who meet certain age requirements are also permitted to make catch-up contributions. The Plan also permits Roth contributions, as well as rollover contributions. The Plan provides for automatic enrollment at six percent of a participant's eligible compensation.

During 2022, the Company made a matching contribution of fifty percent of the first six percent of amounts deferred by participants. As permitted by the plan document, the Company may make discretionary profit-sharing contributions to be determined annually. In order to be eligible for the profit-sharing contribution, a participant must have worked at least 1,000 hours during the plan year and must be employed on the last day of the plan year, unless termination is due to death, disability, or retirement. The amount allocated to eligible participants is based on compensation. All contributions are subject to maximum amounts as permitted by the Internal Revenue Service (the IRS).

Participant Accounts

All Plan investments are participant directed. Plan participants have the option of having their contributions invested in a variety of mutual funds or common collective trusts.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) charged with administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Under the provisions of the Plan, participants are immediately 100 percent vested in their contributions and rollovers plus earnings thereon. Participants vest in their employer contributions plus earnings thereon over a two-to-six-year graded vesting schedule.

Benefits

On termination of service due to death, disability, or early retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan permits in-service and hardship withdrawals under certain conditions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at reasonable rate comparable to similar loans issued by financial institutions at the time the loan is originated. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. Other costs are paid by plan assets and are reflected in the financial statements.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Unallocated Accounts and Revenue Sharing

At December 31, 2022 and 2021, unallocated accounts totaled \$29,116 and \$17,823, respectively. These accounts represent forfeitures of non-vested participant accounts and income from revenue-sharing. These amounts may be used to reduce employer contributions or to pay plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the company contribution portion of their account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting. The Federated Capital Preservation Fund was formerly classified as a fully benefit responsive investment contract in 2021. Upon further review, management determined it was a collective trust and has classified it accordingly in the 2022 financial statements. This change did not affect the total investment amounts reported in the financial statements.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Net investment income reported in the financial statements includes the effects of dividends received, interest earned, and net appreciation on the Plan's mutual funds and collective trusts bought and sold as well as held during the year.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid to participants.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

3. Investment Information Certified by Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest on participant notes receivable for the year ended December 31, 2022, were obtained or derived from information supplied to the plan administrator, and certified as complete and accurate, by the custodian, Charles Schwab Trust Bank.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Mutual funds are valued daily based on quoted market prices on stock exchanges.

The common collective trust funds are valued at the NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchase and sales) may occur daily. The common/collective trust funds trade daily at the NAV with no trading restrictions or unfunded commitments.

The life insurance cash value is determined using methodologies as dictated by National Life Insurance Company in accordance with specified maturity tables as defined within the policies.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Assets at fair value:				
Mutual funds	\$ 13,324,211	\$ -	\$ -	\$ 13,324,211
Life insurance cash value		202,649		202,649
				13,526,860
Investments measured at net asset value (NAV) per share (a)				3,998,408
Total Assets at Fair Value				<u>\$ 17,525,268</u>

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Assets at fair value:				
Mutual funds	\$ 16,903,317	\$ -	\$ -	\$ 16,903,317
Life insurance cash value		198,723		198,723
				17,102,040
Investments measured at net asset value (NAV) per share (a)				4,307,124
Total Assets at Fair Value				<u>\$ 21,409,164</u>

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Group Annuity Contract - 2021

In 2021, the Plan classified the Federated Capital Preservation Fund as a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

5. Group Annuity Contract (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

As of December 31, 2022, the Plan administrator reviewed the investment and determined the appropriate classification was as a collective trust fund.

6. Life Insurance Cash Value

In prior years, the Plan offered a life insurance policy for its participants who elect this option. The Plan has been amended and participants are no longer allowed to elect life insurance within the Plan. Participants who had elected the life insurance when it was offered by the Plan are allowed to continue and premiums are deducted from the participant's bi-weekly payroll.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to Financial Statements (continued)

7. Administration of Plan Assets

The Plan's assets are held by the custodian of the Plan. Employee contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Related Party Transactions

As noted in Notes 1 and 7, the Plan has a number of service providers. Such parties are a party-in-interest under ERISA.

9. Income Tax Status

On June 30, 2020, the Internal Revenue Service informed the Company by letter that the Plan is designed in accordance with and qualifies under Internal Revenue Code (IRC) Section 401(a). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

Management has evaluated all subsequent events through June 16, 2023, which represents the date the financial statements were available to be issued.

Supplemental Schedule
