REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
The Bancorp, Inc. 401(k) Plan

Opinion

We have audited the financial statements of The Bancorp, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Item 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These

additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of The Bancorp, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan of The Bancorp, Inc. and its subsidiary (collectively, the Company) covering all employees. Full-time employees shall become eligible to participate in the Plan on the date of their employment. Participants may start contributing to the Plan the first day of each month after becoming eligible. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Contributions to the Plan are made by eligible employees and the Company. Each year, participants may contribute on pre-tax and after-tax basis up to the Internal Revenue Service (IRS) maximum allowable limit, as defined in the Plan. The Company matches 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Participants may also contribute amounts representing rollovers from other qualified plans. The Plan contains an automatic enrollment feature of 6%. Discretionary amounts may be contributed at the option of the Company's board of directors. There were no discretionary amounts contributed in 2022. Contributions are subject to certain limitations.

3. Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching contributions and (b) Plan earnings and is charged with (a) withdrawals and (b) allocation of administrative expenses and Plan losses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as defined. A participant is 50% vested after two years of service and 100% vested after three years of service.

Participants attaining their normal retirement age and those who become disabled or die are entitled to 100% of their accrued benefits, regardless of credited service period.

5. Investment Options

The Plan's trustee is Fidelity Management Trust Company and record-keeper is Fidelity Workplace Service LLC. Participants are able to direct contributions into any of thirty-two investment options.

All investments are included in the financial statements at fair market value (Note D).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

6. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior twelve-month period. Loan terms range from one to five years, with longer terms available for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate set at 1% above the prime rate. Interest rates on outstanding loans ranged from 4.25% to 8.00% at December 31, 2022, and 4.25% to 6.50% at December 31, 2021. Principal and interest are paid ratably through monthly payroll deductions and are deposited into the participant's account. A fee based on the loan term is charged to cover administrative costs.

7. Benefit Payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over an agreed-upon period. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

8. In-Service Withdrawals

Participants in the Plan, while employed with the Company, may make withdrawals for the following circumstances: they have reached the age of 59-1/2, have a "qualifying" hardship withdrawal request, or they have rollover contributions invested in their account. Once a participant has reached 59-1/2 years of age, they may withdraw all or a portion of their vested account. A Plan participant who has rollover contributions may withdraw all or a portion of their rollover contribution account. A participant who has a "qualifying" hardship withdrawal, in instances of immediate and heavy financial hardship, may withdraw up to 100% of their accounts in the following priority: elective deferral contributions, catch-up contributions, and the vested portion of the employer matching contributions account.

9. Forfeited Accounts

Forfeitures are used to reinstate previously forfeited balances of former employees, with any remaining portion available to reduce future employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$142,273 and \$151,657, respectively. Forfeitures of \$185,679, were used to reduce employer contributions during the year ended December 31, 2022.

10. Voting Rights

Each participant is entitled to exercise voting rights attributable to the Company shares allocated to their account through their holdings and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is required to vote any unallocated shares held by the Plan and any allocated shares for which instructions have not been given by a participant in the same proportion as the shares for which voting instructions have been received, subject to the power, responsibility and obligation of the Plan Administrator to direct the Trustee to act with respect to the voting of such shares in a different manner, if the Plan Administrator determines that such action is consistent with and/or required by its fiduciary obligations under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

4. Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan unless otherwise paid by the Company at the Company's discretion.

5. Benefit Payments

Benefit payments and distributions are recorded when paid. At December 31, 2022 and 2021, there were no benefits processed and approved for payment but not paid.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Income is recorded on the accrual basis. There was no material unpaid interest at December 31, 2022 and 2021. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, delinquent participant loans are reclassified as distributions based upon the terms of the Plan document and a benefit payment is recorded.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is subject to concentrations of credit risks in its investments. Credit risk with respect to investments is limited to the Plan's investments in the Company's common stock representing 13% and 10% of the total assets as of December 31, 2022 and 2021, respectively (Note C).

NOTE C - RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

Investments include 334,303 and 334,197 shares of the Company's common stock valued at \$9,487,513 and \$8,458,514 as of December 31, 2022 and 2021, respectively. During 2022, the Plan purchased 12,340 shares at a cost of \$316,406 and sold 12,234 shares at a cost of \$115,218; in addition, the price per share of Company's common stock increased from \$25.31 to \$28.38 as of December 31, 2021 and 2022, respectively. There are no additional contributions made on Company's common stock in 2022 and 2021. The Plan also permits notes receivable from participants. These transactions qualify as parties-in-interest transactions which are exempt from the prohibited transaction rules.

Certain Plan investments are shares of mutual funds and units of a collective trust managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid administrative fees of \$24,966 to Fidelity Investments for the year ended December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

In general, fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Accounting guidelines establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access;
- Level 2 Quoted prices in markets that are not active or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability; and
- Level 3 Prices or valuation techniques that require inputs are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

Following is a description of the valuation methodologies used for assets at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

Common stock: Valued at the closing price of shares held by the Plan at year end as reported in the active market in which the stock is traded.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Collective trust: Valued at fair value of the underlying securities held by the fund, which represents NAV of the units held by the Plan at year end.

Money Market Fund: Valued at fair value of the short-term cash investments held by the fund, which represents NAV of the shares held by the Plan at periodic basis. Shares can be redeemed on a same day basis but only directly from the Fund. Such transactions do not constitute an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at fair value as of December 31, 2022

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

^(a) In accordance with Accounting Standards Codification (ASC) Subtopic 820-10, *Fair Value Measurement*, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share as a Practical Expedient.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair value December 31, 2022	Fair value December 31, 2021	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust	\$2,087,915	\$2,267,011	N/A	See below	See below

The Plan is applying the practical expedient as of December 31, 2022 and 2021 to its investment in Fidelity's Managed Income Portfolio (MIP), a collective trust fund. Participants' ownership of the MIP is represented as units. Units are issued and redeemed daily at the MIP's constant NAV of \$1 per unit. The MIP allows for daily liquidity, with no additional days' notice required for redemption for participant level transactions; however, the Plan is required to give twelve-month notice prior to liquidation. It is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the MIP will be able to maintain this value. There are no unfunded commitments as of December 31, 2022 and 2021.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE F - INCOME TAX STATUS

The Plan is a Fidelity Volume Submitter Plan. The IRS has determined and informed Fidelity by letter dated

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

June 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since that date, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance, in all material respects, with the applicable requirements of the IRC and is, therefore, tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through June 23, 2022 which represents when the financial statements were issued, to ensure that the Plan's financial statements include appropriate disclosure of events both recognized in the financial statements as of December 31, 2022, and events which occurred subsequent to December 31, 2022, but were not recognized in the financial statements.

The Plan Administrator is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.
