INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Columbus Orthopaedic Clinic, P.A.
Cash Balance Plan
Columbus, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Columbus Orthopaedic Clinic, P.A. Cash Balance Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2022 (in liquidation) and December 31, 2021 (in liquidation), the related statements of changes in net assets available for benefits for the period ended July 31, 2022 (in liquidation) and year ended December 31, 2021 (in liquidation), the statement of accumulated plan benefits as of December 31, 2021 (in liquidation), the related statement of changes in accumulated plan benefits for the year then ended (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Columbus Orthopaedic Clinic, P.A. Cash Balance Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended July 31, 2022 and year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Columbus Orthopaedic Clinic, P.A. Cash Balance Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, in October 2020 the Plan's management agreed to terminate the Plan with an effective date of December 31, 2020. Plan management liquidated the remaining assets and settled liabilities of the Plan during the 2021 and 2022 plan years. In accordance with accounting principles generally accepted in the United States of America, the Plan's basis of accounting was changed to the liquidation basis used in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Columbus Orthopaedic Clinic, P.A. Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment and the Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLUMBUS ORTHOPAEDIC CLINIC, P.A.
CASH BALANCE PLAN

July 31, 2022

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Columbus Orthopaedic Clinic, P.A. Cash Balance Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. *General.* The Plan is a noncontributory, cash balance defined benefit pension plan providing retirement, disability, and death benefits to all eligible employees. The Plan sponsors are Columbus Orthopaedic Clinic, P.A. and Columbus Orthopaedic Center, LLC (the Company). The effective date of the Plan is January 1, 2018. In October 2020 plan management elected to terminate the plan. The Plan was further amended on October 29, 2020 to terminate the plan effective December 31, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. *Funding Policy.* The Plan's funding policy was for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions met the minimum funding requirements of ERISA.
- C. *Plan termination.* In 2020 the Plan Sponsor approved the termination of the Plan in a standard termination, effective December 31, 2020. During 2021 and 2022 the plan obligations were fully distributed through lump sums to Plan participants who elected such payments. The accrued benefit of the participants are not affected by the termination of the plan.
- D. *Eligibility and Vesting.* The Plan covers full-time employees from certain employment classifications who have met the eligibility requirements of one year of service, and attaining age 21. Eligible employees become active participants on January 1 or July 1 following the completion of age and service requirements. At Plan termination all participants became 100 percent vested.
- E. *Participant's Accounts.* Under the Plan provisions, amounts are credited by the Company to participants' hypothetical accounts. Each Plan year, the participant's account is allocated a compensation credit of 2 % of the participant's eligible compensation and an interest credit equal to 4.5% of the beginning balance of the participant's accumulation account. Certain classes of employees are allocated compensation credits in excess of 2%, and certain classes of employees receive no compensation credits pursuant to the Plan document.
- F. *Pension Benefits.* Benefits are determined based on the participant's hypothetical account balance. Plan participants are entitled to retirement benefits at normal retirement age of 65, or after terminating employment with vested benefits. The Plan also permits early retirement at age 60. Participants become 100% vested after three years of service or due to death, disability, or reaching normal retirement age. The normal retirement benefit is generally equal to the actuarial equivalent pension provided by the participants' accumulation account.

NOTES TO FINANCIAL STATEMENTS - (Continued)

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

- A. *Basis of Accounting.* The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. As a result of the Plan termination, approved in 2020, the liquidation basis of accounting was used for the period ending July 31, 2022 and year ended December 31, 2021 as the formal termination was considered imminent.

Under the liquidation basis of accounting the plan accrued income expected to be received and administrative costs expected to be incurred through the end of its liquidation. No other income, loss or cost will be incurred and paid by this plan.
- B. *Use of Estimates.* The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. The statement of net assets available for benefits as of December 31, 2021 (in liquidation) includes income expected to be received and accrued expenses expected to be incurred through the end of its liquidation. Actual results could differ from those estimates.
- C. *Investment Valuation and Income Recognition.* The Plan's assets are cash and cash equivalents. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's unrealized gains and losses on investments held during the year.
- D. *Payment of Benefits.* Benefits payments to participants are recorded upon distribution.
- E. *Administrative Expenses.* The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements.
- F. *Subsequent Events.* In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through the date of the Independent Auditors' Report, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS - (Continued)

NOTE 3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service.

The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The initial valuation date of the plan is January 1, 2018, which is the effective date of the Plan. Funding of the plan based on requirements specified in the plan document state that interest and pay credits shall be credited to the accumulation account of each eligible participant as of the last day of the allocation period, or plan year. Due to this, no benefits were accrued as of January 1, 2018 and the actuarial present value of accumulated plan benefits was zero at the initial valuation date. The significant actuarial assumptions used in the final valuation as of December 31, 2019, were (a) life expectancy of participants, (b) retirement age assumptions, and (c) investment return. The interest rates used to discount the obligation for 2019 was the three tier rates required by the Internal Revenue Service. The foregoing actuarial assumptions were based on the presumption that the Plan will continue. Due to the Plan's termination, effective December 31, 2020, the actuarial present value of accumulated Plan benefits will be eliminated when the Plan completes the lump sum distributions and the purchase of a group annuity contract.

NOTE 4. FEDERAL INCOME TAX STATUS

The Company adopted a defined benefit plan using a prototype plan document. The company is relying on the opinion letter as obtained and updated by the sponsor and has not applied for an individual determination letter. The Company believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code through its termination date and that therefore the plan qualifies under section 401(a) and the related trust is tax exempt. Therefore no provision for income taxes has been included in the plan's financial statements.

The Plan's Form 5500 information returns are subject to examination by the Department of Labor generally for three years after they are filed. Management has evaluated the tax positions taken, and has not identified any positions that are not more likely than not to be sustained upon examination.

NOTE 5. CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at July 31, 2022 and December 31, 2021, reportable transactions, and net appreciation (depreciation) in fair value of investments including realized gains and investment income for the period ended July 31, 2022 and year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Renasant Bank (the trustee of the Plan).

NOTES TO FINANCIAL STATEMENTS - (Continued)

NOTE 6. RISKS AND UNCERTAINTIES

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to the Form 5500 for the period ended July 31, 2022:
