Independent Auditor's Report

The Plan Administrator and
The Plan Committee
Bank Hapoalim B.M. Employee Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank Hapoalim B.M. Employee Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank Hapoalim B.M. Employee Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank Hapoalim B.M. Employee Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Hapoalim B.M. Employee Savings and Investment Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank Hapoalim B.M. Employee Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Hapoalim B.M. Employee Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bank Hapoalim B.M. Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1. Description of the Plan

The following description of the Bank Hapoalim B.M. Employee Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees directly employed by the United States branches of Bank Hapoalim B.M. (the “Bank”). The Plan is a prototype plan sponsored by Principal Life Insurance Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate upon attainment of age 18.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Bank matches employee’s pre-tax contributions in an amount equal to 50% of those contributions. However, those pre-tax contributions are not matched to the extent they exceed 6% of eligible compensation.

For employees with employment commencement date on or after January 1, 2019, the Bank makes additional contribution in an amount equal to 2% of annual compensation for persons who meet certain requirements.

The Plan gives the Bank the discretion to decide whether to make additional contributions to the Plan and to determine the amount of any such contribution by the Bank.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with (a) participant's contributions; (b) employer's matching contributions; and (c) allocations of Plan earnings. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances.

Vesting

Participants are immediately vested in their salary deferral contribution and rollover accounts, plus earnings thereon. A participant is 100% vested in the Bank's matching and any discretionary contributions after three years and at least 1,000 hours of service during each year.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions. In 2022, employer contributions were reduced by \$83,163 from forfeited non-vested accounts. As of December 31, 2022 and 2021, there were no forfeited non-vested accounts balances pending application.

Payment of Benefits

Vested account balances are payable upon retirement, death or disability, or termination of service. In-service distributions are permitted upon meeting certain requirements as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. Notes receivable from participants are secured by the balance in the participant's account and bear an interest rate equivalent to that charged by major financial institutions in the community for comparable loans at the time the loan is made as determined by the Plan Administrator. Notes receivable from participants as of December 31, 2022 and 2021 bear interest at rates ranging from 4.25% to 8%.

Generally, the term of loans may not exceed five years. However, if the purpose of the loan is to acquire a principal residence, then the maximum term is ten years but not beyond normal retirement age.

December 31, 2022 and 2021

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Bank, as provided in the Plan document and governing contract. Expenses that are paid by the Bank are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Revenue Sharing

In 2021, the Plan and Principal Life Insurance Company initiated a revenue sharing arrangement whereby the Plan receives revenue sharing earned in connection with Plan investments. During 2022, revenue sharing in the amount of \$34,616 is included as other income in the statement of changes in net assets available for benefits. The funds can be used to pay certain administrative expenses.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, which is determined using various methods described more fully in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Bank Hapoalim B.M. Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 2. Summary of Significant Accounting Policies – continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as a distribution based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through June 26, 2023, the date the financial statements were available to be issued.

Note 3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2022 and 2021

Note 4. Information Prepared and Certified by Trustee

The following investment information included in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the trustee of the Plan:

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Principal pooled separate accounts	\$ 33,065,883	\$ 38,485,066
Registered investment companies - Mutual funds	9,655,831	12,521,391
Principal Stable Value Z Fund	<u>3,987,545</u>	<u>4,110,799</u>
Total investments	<u>\$ 46,709,259</u>	<u>\$ 55,117,256</u>
	<u>2022</u>	
Investment income (loss):		
Net depreciation in fair value of investments	\$ (9,466,318)	
Dividends	<u>94,804</u>	
Net investment loss	<u>\$ (9,371,514)</u>	

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Bank Hapoalim B.M. Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 5. Fair Value Measurements – continued

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Pooled separate accounts are accounts maintained by Principal Life Insurance Company that are used for the collective investment of plan funds from more than one employee benefit plan.

Bank Hapoalim B.M. Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 5. Fair Value Measurements – continued

Pooled Separate Accounts – continued

Pooled separate accounts are valued at NAV which is calculated in a manner consistent with generally accepted accounting principles (GAAP) for investment companies. Because it is valued similarly to mutual funds, pooled separate accounts are assigned input level 1 by Principal Life Insurance Company.

Principal Stable Value Z Fund

The Plan holds an investment in Principal Stable Value Z Fund, which is a common collective trust fund. The fund is valued at NAV which is calculated in a manner consistent with GAAP for investment companies. Because it is valued similarly to mutual funds, the fund is assigned level 1 input by Principal Life Insurance Company.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Notes to Financial Statements

December 31, 2022 and 2021

Note 7. Tax Status

The Plan adopted a prototype plan document sponsored by Principal Life Insurance Company. The prototype plan received an updated opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the prototype document satisfies the applicable provision of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Amendment

The Plan was amended effective January 1, 2022, to eliminate the requirement of completed 6 months of participant eligibility service to receive employer matching contributions.

The Plan was amended to comply with the requirements of certain provisions of the Bipartisan Budget Act of 2018 and final regulations that amend the rules relating to hardship distributions effective April 10, 2021.

Note 9. Party-In-Interest Transactions

Separate accounts are available through a group annuity contract with Principal Life Insurance Company. Investment products and certain administrative services are provided by Principal Life Insurance Company.

Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) is the Plan trustee.
