X Technologies, Inc. 401(k) Plan
San Antonio, TX

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the X Technologies, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that was agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

X Technologies, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the X Technologies, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan’s adoption agreement, basic plan document, and related amendments (collectively the “Plan Document”) for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of X Technologies, Inc. and a related entity (collectively, the “Company”). Employees of the Company are eligible to participate in the Plan on the first day of the month coinciding with or following their hire date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective on January 1, 2018 and is administered by the Company. John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper and custodian of the Plan’s assets.

Contributions

Participants can contribute up to 100% of eligible compensation on either a pre-tax or after-tax (Roth) basis. Participant contributions are funded via payroll deductions that are remitted to the custodian as soon as administratively feasible. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions which are subject to limitations. Participants may also contribute eligible amounts from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2022, the Company has elected to make safe harbor matching contributions equal to 100% of each participant’s contribution up to a maximum of 3% of each participant’s eligible compensation and an amount equal to 50% of each participant’s contribution up to the next 2% of each participant’s eligible compensation. Safe harbor matching contributions amounted to \$290,458 for the year ended December 31, 2022. Consistent with the prior year, Company safe harbor matching contributions for the year ended December 31, 2022 were funded each pay period and were allocated to investment funds in the same proportion as each participant’s investment election. The Company may also make other discretionary contributions to eligible participants. The Company did not make any discretionary contributions during the year ended December 31, 2022.

Both participant and Company contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company matching contributions, and Plan earnings (losses). Certain administrative expenses that are incurred by or attributable to the use of plan services are assessed directly to the accounts of the participants that utilize the related services. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and safe harbor employer contributions, including investment earnings (losses) thereon.

Notes Receivable from Participants

Each participant may borrow from their account at a minimum of \$1,000 and up to a maximum of \$50,000, not to exceed 50% of the participant's vested account balance. The term of each loan may not exceed five years except that the term may be for a period not to exceed fifteen years if the loan is for the purchase of a participant's primary residence. Each note is secured by the balance in the participant's account and bears interest at a fixed rate of two percentage points over the prevailing prime interest rate at the time the loan agreement is executed. No participant may have more than two outstanding loans. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, participants may elect to receive their vested balance in lump sum by a transfer to another qualified plan, a transfer to an individual retirement account, or a distribution that is subject to applicable federal and local income tax withholdings. The Plan permits hardship and in-service distributions under certain conditions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments held and sold during the year. The Company determines the Plan's valuation policies utilizing information provided by John Hancock. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Each loan is secured by the balance in the participant's account. Interest income is recorded on the accrual basis. Related fees are charged directly to borrowing participants' accounts and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Other costs such as loan fees, withdrawal fees, investment advisory fees, and other administrative fees are paid with Plan assets and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through June 23, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2022 and 2021, the fair value of the pooled separate accounts measured at net asset value was \$8,636,234 and \$9,787,212, respectively.

Pooled Separate Accounts – The fair values of participation units in the pooled separate accounts are based upon the net asset values ("NAV") of such accounts which are provided by John Hancock and are considered readily determinable. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate accounts less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. There are no restrictions on the redemption of these assets.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the financial statements, the notes to financial statements, and the supplemental schedule of assets (held at end of year) was obtained or derived from information certified as complete and accurate by John Hancock Life Insurance Company. This includes investments, net appreciation (depreciation) in fair value of investments, notes receivable from participants, and interest income on notes receivable from participants. Auditing procedures have not been performed on the certified information except to compare the information to the information included in the financial statements and supplemental schedule.

NOTE 5 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. Since John Hancock is the custodian and recordkeeper for the Plan, the transactions related to such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. The John Hancock investment transactions and the transactions associated with

notes receivable from participants qualify as exempt party-in-interest transactions, as defined by ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Plan is required to operate in accordance with the Internal Revenue Code ("IRC") to maintain the tax-exempt status for plan participants.

The Plan utilizes a non-standardized pre-approved plan document. The Plan is relying on an opinion letter dated November 30, 2020 in which the IRS stated that the pre-approved plan document was acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan adopted the most recently restated plan document effective January 1, 2021. Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by tax authorities. However, there are currently no audits in progress for any tax periods.

The plan administrator is required to evaluate tax positions taken by the Plan for any uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The plan administrator has evaluated the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risk, and overall market volatility. Due to the level of risk with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
