INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Martin's Point 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Martin's Point 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Martin's Point 401(k) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Martin's Point 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Martin's Point Health Care, Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Eligibility

Employees become eligible to make salary deferrals on the first day of employment. Employees become eligible to receive employer matching and employer nonelective safe harbor contributions upon the attainment of age 21 and the completion of 1,000 hours of credited service within 12 months of the employment commencement date, as defined by the Plan. Student interns are not eligible to participate in the Plan.

Contributions

Participants may contribute, on a pre-tax basis, up to the maximum percentage of compensation and dollar amount permissible under Section 402(g) of the Internal Revenue Code (the Code) not to exceed the limits of the Code Sections 401(k), 404, and 415. Participants are also allowed to make Roth contributions on an after tax basis. Participants may direct their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Participants whose deferral rates were less than 6% when enrolled in the Plan prior to the implementation of the 6% automatic enrollment provision have their deferral rate automatically increased by 1% of eligible compensation per year on September 1 of each year, until a deferral rate of 6% is achieved, unless another deferral rate is affirmatively elected by the participant.

The Company contributes 50% of the first 6% of eligible compensation the participant contributes to the Plan. The Company also made additional 3% safe harbor contributions for eligible employees for the Plan years ended December 31, 2021 and 2020.

Participants may change their salary reduction contribution and investment options at any time during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. **Plan Description (Continued)**

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's nondiscretionary match contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service, based on a graded vesting schedule.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and to pay administrative expenses of the Plan. During 2021 and 2020, approximately \$84,000 and \$64,000, respectively, was used from the forfeiture account to offset employer contributions, and approximately \$0- and \$15,000, respectively, was used to pay administrative expenses. At December 31, 2021 and 2020, forfeited nonvested amounts available were approximately \$2,700 and \$2,100, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balances in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator.

Under the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act), the Plan adopted the temporary loan repayment deferral provision. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to defer such repayments until December 31, 2020.

The CARES Act also permitted qualified participants the ability to take a loan up to the lesser of \$100,000 or 100% of the participant's vested balance from the Plan beginning on or after March 27, 2020 to September 22, 2020.

Payment of Benefits

Participants are eligible to receive their vested account balance upon termination of employment, retirement, disability or death. The Plan also allows participants to make hardship withdrawals from participant balances attributable to employee elective deferrals and rollover contributions.

Effective March 27, 2020, the Plan adopted the distribution provision of the CARES Act that was signed into law. A CARES Act distribution allowed the Plan's qualified participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Additionally, required minimum distributions were temporarily waived over the same period.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. **Plan Description (Continued)**

Administrative Expenses

Any administrative expenses of the Plan that are not paid by the Plan or offset by forfeitures are paid by the Company.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A discussion of fair value measurements is included in Note 4.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, if material.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Participant contributions are recorded in the period in which payroll deductions are made; employer matching and safe harbor contributions are recorded in the same period as corresponding participant contributions.

2. **Summary of Significant Accounting Policies (Continued)**

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through June 27, 2022, the date the financial statements were available to be issued.

3. **Investments and Information Certified by the Trustee**

The Plan's assets, including investments and notes receivable from participants, related investment income, and investment and notes receivable transactions, including net appreciation in fair value of investments and interest income on notes receivable from participants, were certified by Fidelity Management Trust Company (Fidelity), the Plan trustee, as of and for the years ended December 31, 2021 and 2020. The Plan Administrator has determined that Fidelity meets the requirements of a qualified institution as defined by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, in accordance with the request of the Plan's Administrator and as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to generally accepted auditing procedures by the Plan's independent public accountants.

Fidelity Advisor Stable Value Fund

The Plan holds an investment in the Fidelity Advisor Stable Value Fund (FASV Fund), a collective trust. The FASV Fund is a commingled pool managed by Fidelity as trustee. The FASV Fund's investment objective is to seek preservation of capital while providing a competitive level of income over time and to maintain a stable net asset value (NAV) of \$1.00 per unit. The FASV Fund primarily invests in fixed income securities, including U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, and asset-backed securities, as well as bond funds and money market funds. The FASV Fund may invest in derivative instruments, including futures contracts and swap agreements. Additionally, the FASV Fund enters into wrap contracts with third-party issuers, such as financial institutions or insurance companies, normally rated in the top three long-term rating categories (A- or the equivalent and above). The wrap contracts are designed to allow the portfolio to maintain a constant NAV and to protect the portfolio in extreme circumstances. There are no unfunded commitments at December 31, 2021 and the FASV Fund provides for only redemptions by the Plan at NAV, with no advance notice requirements.

MARTIN'S POINT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

3. **Investments and Information Certified by the Trustee (Continued)**

Certain employer initiated events may reduce the reported value of the investments in the collective trust. These events include discontinued operations, layoffs, Plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualifications of the Plan or other events. Such events are not expected to be probable to occur and any adjustments would not be material to the Plan.

4. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value based upon quoted market prices which represent the net asset value of shares.

Collective trust: The units of collective trust are valued at fair value using the NAV practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund (see Note 3).

MARTIN'S POINT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2021</u>				
Mutual funds	<u>\$131,867,882</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$131,867,882</u>
Investments measured at net asset value				<u>8,663,364</u>
Total investments				<u>\$140,531,246</u>
<u>2020</u>				
Mutual funds	<u>\$108,978,228</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$108,978,228</u>
Investments measured at net asset value				<u>7,374,706</u>
Total investments				<u>\$116,352,934</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions or terminate the Plan at any time subject to the provisions of ERISA. In the event of any total or partial termination or discontinuance, all affected participants shall be fully vested in their accounts, and the assets shall be distributed to the participants in accordance with the terms set forth in the Plan.

6. Tax Status

Effective December 13, 2010 the Plan adopted a volume submitter form of a plan sponsored by Fidelity. The volume submitter plan was restated and readopted by the Plan effective July 7, 2015 and again as a nonstandardized preapproved form of a plan effective February 5, 2021. The volume submitter plan in effect for 2020 received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, as to the volume submitter plan's qualified status. The amended and restated nonstandardized preapproved plan effective February 5, 2021, received an opinion letter from the IRS dated June 30, 2020, as to its qualified status. The plan opinion letters have been relied upon by this Plan. The Plan Administrator believes that the Plan has continued to operate within the applicable sections of the Code upon which the favorable opinion was based.

MARTIN'S POINT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. Related Party Transactions

A significant portion of the Plan's assets at December 31, 2021 and 2020 are invested in mutual funds and a collective trust fund managed by Fidelity Investments, an affiliate of the trustee; therefore, these transactions qualify as party-in-interest transactions. Plan administrative expenses are also paid to Fidelity. In addition, the Plan pays fees to the Plan's independent auditors, Baker Newman & Noyes LLC, and the Plan's investment advisors, Valmark Advisors, Inc., and transactions with these parties qualify as party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

8. Reconciliation to Form 5500

The following is a reconciliation of the significant differences between the financial statements and Form 5500 at December 31, 2021 and 2020 and for the years then ended:

	<u>2021</u>	<u>2020</u>
Net increase in net assets available for benefits per the financial statements	\$ 24,307,654	\$ 15,658,019
Difference in reported amount of collective trust	(177,779)	167,600
Deemed distributed loans and accrued interest	5,417	(887)
Prior year employer contributions receivable	<u>—</u>	<u>62,939</u>
Net income per Form 5500	<u>\$ 24,135,292</u>	<u>\$ 15,887,671</u>
Net assets available for benefits per the financial statements	\$141,755,225	\$117,447,571
Difference in reported amount of collective trust	89,800	267,579
Deemed distributed loans and accrued interest	<u>(1,360)</u>	<u>(6,777)</u>
Net assets available for benefits per Form 5500	<u>\$141,843,665</u>	<u>\$117,708,373</u>

Notes receivable from participants are reflected as a receivable on the financial statements which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption "participant loans."
