REPORT OF INDEPENDENT AUDITORS

To the Plan Participants and Fiduciary Committee of
The Nebraska Furniture Mart, Inc. Profit Sharing Plan

Opinion

We have audited the financial statements of The Nebraska Furniture Mart, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. (1) Description of Plan

The following description of The Nebraska Furniture Mart, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan, most recently amended September 1, 2022, is a defined contribution profit-sharing plan covering all employees, as defined in the Plan document, as of the start date of the employee. The employees covered under the Plan include those employed by Nebraska Furniture Mart, Inc., Floors, Inc., NFM of Kansas, Inc., NFM Custom Countertops LLC., and TXFM, Inc. (collectively the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Effective July 10, 2017, employees are auto-enrolled, upon hire, at a 4% pre-tax deferral and a 1% auto increase on their anniversary hire date. Prior to July 10, 2017 date employees were auto-enrolled at a 3% pre-tax deferral. Each year, participants may contribute up to 50% of their eligible compensation, as defined by the Plan document. Contributions are subject to certain dollar limitations, as imposed by the Internal Revenue Code (IRC). Participants also may rollover amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of employee and Employer contributions into various investment options offered by the Plan.

Once an employee has completed one year of service, they are eligible for discretionary matching contributions (Matching Contributions) following paycheck after the one year anniversary has been met. In addition, the Company may make additional profit sharing contributions (Profit Sharing Contributions), subject to limitations established by the IRC. No additional Profit Sharing Contributions were made for the years ended December 31, 2022 or 2021.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan – continued

D. Vesting

Participants are fully vested in their contributions plus any income or loss thereon. Matching and Profit Sharing Contributions become fully vested according to the following schedule:

Years of Service	Vested Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

In the event of disability, death, or normal retirement age, the participant will become fully vested.

E. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance relating to participant's contributions and rollovers under the Plan, or a maximum of $50,000. The notes are secured by the participant's account balance in the participant's account and bear interest rates, which are equal to the Prime Rate plus 1%. Principal and interest are paid ratably through biweekly payroll deductions over a period not to exceed five years. Effective September 1, 2016, the Plan only allows general purpose loans that do not exceed a five-year term. As of December 31, 2022, and 2021 interest rates ranged from 4.25% to 8.50%. As of December 31, 2022, and 2021, notes receivable from participants mature between January 2023 and January 2028, and January 2022 and January 2027, respectively.

F. Payment of Benefits

If the participant's vested account balance exceeds $1,000 and he or she is terminated due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or monthly or other periodical installments by Vanguard Fiduciary Trust Company (the "Trustee") in approximate equal amounts over the life expectancy of the participant or of the participant and his or her designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is less than $1,000, the Plan can automatically cash out the account at the participant's termination in the form of a lump-sum distribution.

Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from pre-tax and Roth deferrals if the distribution is: (1) on account of unreimbursed medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) payments to prevent eviction from principal residence; (5) funeral expenses for the participant's parent, spouse, children or dependents; or, (6) related to expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

(1) Description of Plan – continued

G. Forfeited Accounts

Participants leaving employment with the Company before becoming fully vested forfeit their non-vested interest in the Matching Contributions and Profit Sharing Contributions. These forfeitures are used as permitted within the plan document, at the discretion of the Plan Administrators. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately $197,000 and $216,000, respectively. During the years ended December 31, 2022 and 2021, the Company used approximately $529,000 and $497,000, of forfeitures to pay Plan expenses, respectively. During the years ended December 31, 2022 and 2021, the Company used approximately $200,000 and $200,000, of forfeitures to fund employer contributions, respectively.

H. Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares of Berkshire's Class B common stock fund allocated to the participant's account.

(2) Summary of Significant Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP) and with the requirements of ERISA, have been used consistently in the preparation of the Plan's financial statements.

A. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 are stated at fair value as reported by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 3 for additional information about fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies - continued

D. Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

E. Payment of Benefits

Benefits are recorded when paid.

F. Administrative Expenses

Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative fees are paid by the Company and are not reflected in the accompanying financial statements.

G. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

(3) Fair Value Measurements

Various inputs are used to determine the fair value of the Plan's investments. These inputs are summarized in three broad levels described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual Funds: Valued at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end and classified within Level 1 of the valuation hierarchy.

(3) Fair Value Measurements – continued

Money Market Fund: Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 2 of the valuation hierarchy as they are not publicly traded.

Berkshire Hathaway Class B Common Stock Fund: The Berkshire Hathaway Class B Common Stock Fund is valued using a quoted active market price which is considered a Level 1 input.

Common Collective Trusts: Common/collective trusts are valued based on the calculated net asset value of the respective investment entity. Although the trusts themselves are not publicly traded, the underlying assets are traded on exchanges and on other markets, and price quotes for the assets held by these trusts are readily available. Additionally, the net asset value per share is determined and published daily and is the basis for current transactions. These investments are classified as Level 2 in the hierarchy.

Vanguard Retirement Savings Trust III: Vanguard Retirement Savings Trust III ("VRSTIII") invest in fully benefit-responsive investment contracts, including traditional contracts, wrapper contracts re-bid to determine the replacement cost and underlying bond instruments valued by the Trustee. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for amount different from the reported net asset value. Participant redemption from the VRSTIII is permitted on any day that US securities markets are open. Trustee requires a twelve month written notice for plan level liquidation of the VRSTIII. There are not unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair Value Measurements - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021. The Plan has no investments classified within Level 3 of the valuation hierarchy.

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money market fund	$ -	$197,389	$ -	$ 197,389
Berkshire Hathaway Class B Common Stock Fund	$7,671,127	-	-	$7,671,127
Mutual funds	$143,951,878	-	-	$143,951,878
Common/Collective Trusts	-	$121,762,341	-	$121,762,341
Total investments in the fair value hierarchy	$151,623,005	$121,959,730	$ -	$273,582,735
VRSTIII measured at net asset value (a)				$11,921,480
Total investments at fair value				$285,504,215

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money market fund	$ -	$216,041	$ -	$ 216,041
Berkshire Hathaway Class B Common Stock Fund	$6,836,569	-	-	$6,836,569
Mutual funds	$310,825,966	-	-	$310,825,966
Total investments in the fair value hierarchy	$317,662,535	$ 216,041	$ -	$317,878,576
VRSTIII measured at net asset value (a)				$12,324,926
Total investments at fair value				$330,203,502

(a) In accordance with U.S. GAAP, investments in VRSTIII that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented as Investments at Fair Value in the Statements of Net Assets Available for Benefits.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

(5) Tax Status

The Plan has adopted a prototype plan. The prototype plan has received opinion letters from the Internal Revenue Service (IRS) dated May 28, 2014 and June 30, 2020 as to the prototype plan's qualified status. The prototype plan opinion letters have been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Risks and Uncertainties

The Plan invests in various marketable securities. Marketable securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain marketable securities and the level of uncertainty related to changes in the value of marketable securities, it is at least reasonably possible that changes in values of marketable securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(7) Related Parties and Party-in-Interest Transactions

The Plan invests in shares of mutual funds, a money market fund, and common collective trusts managed by an affiliate of the Trustee and, therefore, transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Additionally, the Plan has a number of service providers, which qualify as parties-in-interest. Fees paid by the Plan to parties-in- interest amounted to approximately $739,000 and $669,000 for the years ended December 31, 2022 and 2021, respectively.

The Plan also invests in the Class B common stock fund of Berkshire Hathaway. The Plan had purchases of approximately $1,204,000 and $1,171,000 of Berkshire Class B Common Stock Fund during the years ended December 31, 2022 and 2021, respectively. The Plan had approximately $606,000 and $420,000 of sales of the Berkshire Class B Common Stock Fund during the years ended December 31, 2022 and 2021, respectively.

(8) Reconciliation of Financial Statements to Form 5500
