INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Illinois College
Jacksonville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Illinois College Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended November 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of November 30, 2022 and December 31, 2021 and for the period ended November 30, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of delinquent participant contributions for the period ended November 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

November 30, 2022 and December 31, 2021

1. DESCRIPTION OF PLAN

The following description of Illinois College Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Illinois College (the College or Employer), except for student workers as defined by the Plan. Employees were immediately eligible to participate in elective contributions.

All participants (except adjunct faculty) were required to make mandatory employee contributions if they were 21 years of age and expected to perform 1,000 hours of service during the first twelve months of employment. All other participants began making mandatory contributions once they completed one year and at least 1,000 hours of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective December 1, 2022, the Plan was merged into the Illinois Independent Colleges and Universities Multiple Employer Plan (IICU MEP). The net assets of the Plan were transferred to the IICU MEP at the close of business on November 30, 2022. Management of the Plan believes that the Plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code (IRC) and, therefore is not subject to federal income taxes.

Contributions

Participants subject to mandatory employee contributions were required to contribute 5% of their eligible annual compensation to the Plan. Participants could also make elective deferral contributions up to 100% of compensation, as defined by the Plan. Participants were permitted to designate a portion or all of their deferral contributions as Roth contributions. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The College contributed 5% of compensation for all participants subject to mandatory employee contributions.

Contributions were subject to certain limitations as mandated by the IRC.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Participants could direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions was permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the College's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Vesting

Participants were immediately vested in all employee contributions and employer contributions plus actual earnings thereon.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant could receive a lump sum amount or purchase an annuity contract equal to the value of the participant's interest in his or her account. Under certain conditions participants could receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the College and are excluded from these financial statements. Investment fees are paid by the participants and are charged to each participant's account based upon the pro rata share of total assets of the Plan. These fees are included in net depreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan also holds non-fully benefit-responsive contracts that are reported at fair value.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Review Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)

The Plan has evaluated subsequent events through June 16, 2023, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2022 and December 31, 2021.

Insurance contracts: Investments in TIAA Traditional Annuity that are not fully benefit-responsive are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting the contract. In assuming the reasonableness of TIAA's methodology, the College has various procedures in place to monitor TIAA including review of performance on a fund basis and review of the reports of controls on an ongoing basis.

Pooled separate account: Investment in units of the pooled separate account held with an insurance company are stated at fair market value and are valued by the insurance company based on the net asset value of units held by the Plan on a daily basis. The unit value is updated and posted on NASDAQ's website for each day that NASDAQ is open. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Variable annuity contracts: TIAA Access Annuities and CREF Funds are variable annuities and are valued utilizing each account's daily NAV, which is considered by plan management to be the best approximation of fair value. The unit value is updated and made available on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. There were no plan assets as of November 30, 2022.

Description	Assets at Fair Value as of			Total
	December 31, 2021			
	Level 1	Level 2	Level 3	
Pooled separate account	\$ 2,392,406	\$ -	\$ -	\$ 2,392,406
Variable annuity contracts	44,714,344	-	-	44,714,344
Insurance contracts	-	-	10,623,311	10,623,311
INVESTMENTS AT FAIR VALUE	\$ 47,106,750	\$ -	\$ 10,623,311	\$ 57,730,061

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the period ended November 30, 2022 and year ended December 31, 2021:

	November 30, 2022	December 31, 2021
BALANCE, BEGINNING OF YEAR	\$ 10,623,311	\$ 10,523,809
Net investment income	395,281	371,943

3. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value of Level 3 Assets (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Quantitative Information about Level 3 Fair Value Measurements
as of December 31, 2021

Instrument	Fair Value	Valuation Techniques	Unobservable Input	Range
TIAA Traditional Annuity	\$ 10,623,311	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.00% - 3.80%

4. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA Traditional Annuity is a guaranteed fixed annuity that was offered to plan participants through a contract with Teachers Insurance and Annuity Association, an insurance company. The Plan invested in the following TIAA Traditional Annuity contracts: Retirement Annuities (RAs), Supplemental Retirement Annuities (SRAs), and Group Supplemental Retirement Annuities (GSRAs). The type of contract through which a participant invested in the TIAA Traditional Annuity determined the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The SRA and GSRA contracts were considered fully benefit-responsive, and the RA contracts was not considered fully benefit-responsive. Participants with RA contracts had certain restrictions over the availability of lump sum withdrawals from the contracts as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals were made.

Based on these provisions, the RA contracts were considered to be non-fully benefit responsive. As there were no comparable restrictions over the SRA and GSRA contracts, those contracts were considered fully benefit-responsive. Participants in the Plan held investments in both non-fully benefit-responsive and fully benefit-responsive contracts through the TIAA Traditional Annuity. Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of November 30, 2022, the contracts were transferred into the IICU MEP. As of December 31, 2021, the contract value of the fully benefit-responsive investment contract \$888,189. Non-fully benefit-responsive contracts are reported at fair value, as described in Note 3.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

4. TIAA TRADITIONAL ANNUITY CONTRACT (Continued)

Participants who chose to allocate a portion of their retirement savings to the TIAA Traditional Annuity made contributions that purchased a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Interest credited to the TIAA Traditional Annuity included a guaranteed rate, plus additional amounts that were not guaranteed but could be established on a year-by-year basis by the TIAA Board of Trustees. These additional amounts, when declared, remained in effect for the declaration year which began each March 1. The minimum guaranteed interest rate for TIAA Traditional Annuity for RA, SRA, and GSRA was 3%.

For the period ended November 30, 2022, the crediting interest rates ranged from 4.00% to 6.25% for RA contracts. The crediting interest rate for SRA and GSRA contracts for the period ended November 30, 2022 ranged from 3.20% to 5.50%.

When a participant's accumulation in the TIAA Traditional Annuity was converted to a lifetime payout annuity, the present value of the stream of payments was equal to the accumulated balance, and the entire amount was recorded as a distribution in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements as of November 30, 2022 and December 31, 2021 and for the period ended November 30, 2022 has been certified as complete and accurate by TIAA and CREF, qualified institutions, and has not been audited by the independent auditors for the Plan: investments at fair value, investment at contract value, interest income, and net depreciation in fair value of investments.

6. PLAN TERMINATION

While the College has not expressed any intent to terminate the Plan, the Plan was merged into the IICU MEP on December 1, 2022. In the event such termination occurs, the distribution of the Plan's assets to participants or their beneficiaries will be made by the trusts of the Plan in accordance with the Plan document and subject to the provisions of ERISA.

7. TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated August 7, 2017, in which the Internal Revenue Service (IRS) stated that the volume submitter plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since the date of the opinion letter; however, the plan administrator believes that the Plan was designed, and is being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by TIAA and CREF, the custodians; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain expenses were paid by the Plan or the College. Employees of the College provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

ILLINOIS COLLEGE
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER MATTERS

The Plan has not maintained sufficient accounting records and supporting documents for certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009 to determine the proper accounting of plan assets.

The plan administrator has determined that these accounts meet the conditions to be excluded from plan investments. The plan administrator is unable to obtain sufficient documentation to establish the balances in these transferred accounts as of November 30, 2022 and December 31, 2021.

As permitted by the Department of Labor's Field Assistance Bulletin (FAB) No. 2009-02, the plan administrator has elected to exclude from plan assets certain annuity and custodial accounts issued to current and former employees. The FAB specifically excludes from plan assets annuity contracts and custodial accounts for purposes of ERISA's annual reporting requirements provided that:

1. The contract or account was issued to a current or former employee before January 1, 2009;
2. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
3. All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
4. The individual owner of the contract is fully vested in the contract or account.

11. PROHIBITED TRANSACTIONS

During 2020, the College failed to remit to the Plan's custodian certain employee contributions totaling \$580 within the period prescribed by Department of Labor's regulations. Delays in remitting contributions to the custodian were due to administrative errors. The College made contributions to the affected participants' accounts on June 3, 2022 to compensate those participants for potential lost income due to the delays.
