1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Participants and
Retirement Committee of the
Computer Task Group, Inc.
401(k) Retirement Plan:

Opinion

We have audited the accompanying financial statements of Computer Task Group, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Computer Task Group, Inc. 401(k) Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Computer Task Group, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Computer Task Group, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Computer Task Group, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Computer Task Group, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Computer Task Group, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC). The Plan is funded by employee and employer contributions and covers substantially all U.S. based employees of Computer Task Group, Incorporated (CTG or the Company) who complete one hour of service. The Plan assets are held in shares of registered investment companies, a common collective trust fund, and an employer stock fund held by Fidelity Management Trust Company, the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions – The Plan provides for employee pre-tax contributions ranging from 1% to 100% of salary, up to the maximum annual limitations allowed by the IRC. A Roth 401(k) feature is also available under the plan. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions, also as allowed by the IRC. The Company may contribute on a discretionary basis to employee accounts. The Company made discretionary contributions to the Plan totaling $749,986 in 2022 and $499,992 in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may initiate electronic or telephonic fund exchanges each business day.

The Plan provides for automatic enrollment, where each new eligible employee is enrolled contributing 6% of their salary to the Plan unless they opt out of the election at the time of hire. Each subsequent year, the employee's contributions are increased by 1% automatically until the contributions reach 10% of the employee's salary. The employees can also opt out of contributing to the Plan at a date subsequent to their date of hire.

Vesting - Participants are immediately vested in their own contributions, including actual earnings or losses thereon. Participants become 20% vested in employer contributions after two years, 50% vested after three years of service, and fully vested after four years of service. Should the Plan be deemed top-heavy as defined under ERISA guidelines, an alternate vesting schedule will apply for those top-heavy years. The Plan was not deemed to be top-heavy in both 2022 and 2021.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to limit or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in employer contributions.

Forfeitures - Amounts forfeited by participants are used to reduce future employer contributions. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2022 ($14,233 - 2021). At December 31, 2022, there were $515,916 of unapplied forfeitures ($151,336 - 2021).

Notes Receivable from Participants - Participants may borrow from their fund accounts, starting at a minimum of $1,000 and increasing up to the lesser of a maximum of $50,000 or 50% of their vested account balance. Loan terms range from 1-5 years and may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested portion of a participant's account balance.

Withdrawals and Distributions - Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or the actual retirement date occurs. The normal retirement date is the date upon which a participant reaches age 65.

Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death, or disability, if their account balance is in excess of $5,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of

earnings and losses. Terminated participants with an account balance in excess of $1,000, but less than $5,000, who have not elected to receive their vested account balance, and are under the normal retirement age, will receive a distribution of their account and the funds will automatically be transferred to an IRA at Fidelity Investments.

Participants who reach age 59-1/2, but who are not separated from service, may withdraw from the Plan up to 100% of the value of their non-forfeitable interest in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accounts of the Plan are maintained on an accrual basis of accounting.

Accounting Estimates - The process of preparing financial statements requires management to use estimates and assumptions that affect certain types of assets, liabilities and changes therein. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition - All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses incurred by the plan administrator, investment manager, and trustee for their services and costs in administering the Plan are paid directly either by the Company or the Plan.

Income Taxes - The Internal Revenue Service has determined and informed the Company by letter dated March 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe the Plan is qualified and the related trust is tax-exempt.

3. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid for a liability in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants. The Company utilizes a fair value hierarchy for its assets and liabilities, as applicable, based upon three levels of input, which are:

Level 1 - quoted prices in active markets for identical assets or liabilities (observable)

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in inactive markets, or other inputs that are observable or can be supported by observable market data for essentially the full term of the asset or liability (observable)

Level 3 - unobservable inputs that are supported by little or no market activity, but are significant to determining the fair value of the asset or liability (unobservable)

The following provides a description of the types of Plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Shares of Registered Investment Companies: Valued at quoted prices in active markets. Shares of registered investment companies are classified as Level 1 investments.

Computer Task Group, Inc. Common Stock Fund (Employer stock fund): This fund represents employer securities valued at the closing price reported on the active market on which the individual securities are traded. A small portion of the fund is invested in short-term money market instruments. The money market portion of the fund provides liquidity, which enables the Plan participants to transfer money daily among all investment choices. This common stock fund is classified as a Level 1 investment.

Common Collective Trust: Fund assets invested in the Fidelity Managed Income Portfolio (the Portfolio) invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. The net asset values (NAVs) are quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market or have observable inputs, with the exception of wrap contracts, which are valued using unobservable inputs including the Portfolio's own assumptions based on the best information available. The common collective trust's underlying investments seek to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital. The common collective trust does not have any unfunded commitments relating to its investments, nor any significant restrictions on redemptions.

NAV is a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth financial assets measured at fair value in the Statements of Net Assets Available for Benefits and the respective levels to which the fair value measurements are classified within the fair value hierarchy as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Quoted prices in active markets for identical assets: (Level 1)	Significant observable inputs: (Level 2)	Significant unobservable inputs: (Level 3)	Total Fair Value
Shares of registered investment companies	$ 160,724,991	$ -	$ -	$ 160,724,991
Employer stock fund	523,031	-	-	523,031
Total	$ 161,248,022	$ -	$ -	161,248,022
Common collective trust (a)				14,425,378
Total investments at fair market value				$ 175,673,400

	Assets at Fair Value as of December 31, 2021			
	Quoted prices in active markets for identical assets: (Level 1)	Significant observable inputs: (Level 2)	Significant unobservable inputs: (Level 3)	Total Fair Value
Shares of registered investment companies	$ 205,175,426	$ -	$ -	$ 205,175,426
Employer stock fund	672,522	-	-	672,522
Total	$ 205,847,948	$ -	$ -	205,847,948
Common collective trust (a)				13,189,418
Total investments at fair market value				$ 219,037,366

(a) In accordance with subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the participants primarily for distributions from the Plan and loan maintenance fees amounted to $58,813 for the year ended December 31, 2022 ($64,417 - 2021). For the year ended December 31, 2022, fees paid primarily for investment advisory and audit services totaled $97,027 ($121,572 - 2021). The Plan also allows investments in employer securities through the Computer Task Group, Incorporated unitized common stock fund. Computer Task Group, Incorporated is the Plan sponsor, and therefore, transactions qualify as party-in-interest. Additionally, notes receivable from participants are party-in-interest transactions. Investment (loss) income from investments sponsored by Computer Task Group, Incorporated and interest income from notes receivable from participants totaled ($87,525) for the year ended December 31, 2022 ($322,858 - 2021), net.

5. SUBSEQUENT EVENTS

In accordance with the authoritative guidance for subsequent events, the Plan has evaluated subsequent events through June 26, 2023, which represents the date the financial statements were available to be issued, in order to ensure that these financial statements include appropriate disclosure of events both recognized in the financial statements as of December 31, 2022, and events which occurred subsequent to December 31, 2022 but were not recognized in the financial statements. As of June 26, 2023, there were no subsequent events which required recognition or disclosure.
