**CERNER CORPORATION FOUNDATIONS RETIREMENT PLAN
FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 7, 2022**

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Cerner Corporation Foundations Retirement Plan
Kansas City, MO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Cerner Corporation Foundations Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 7, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Cerner Corporation Foundations Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 7, 2022 and for the year then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Cerner Corporation Foundations Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cerner Corporation Foundations Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cerner Corporation Foundations Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cerner Corporation Foundations Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Auditor's Report on the 2021 Financial Statements

We have audited the statement of net assets available for benefits of Cerner Corporation Foundations Retirement Plan as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 (not presented herein), and in our reported dated June 3, 2022, we expressed an unmodified opinion on those financial statements.

Cerner Corporation Foundations Retirement Plan Notes to Financial Statements

(1) Oracle Merger Agreement

On December 20, 2021, Cerner Corporation ("Cerner" or the "Company") entered into an Agreement and Plan of Merger (as it may be amended or supplemented from time to time, the "Merger Agreement") with Cedar Acquisition Corporation ("Merger Subsidiary"), which is a wholly owned subsidiary of OC Acquisition LLC ("Parent"), Parent, which is a wholly owned subsidiary of Oracle Corporation ("Oracle"), and (solely with respect to performance of its obligations set forth in certain specified sections thereof) Oracle. Pursuant to the Merger Agreement, on January 19, 2022, Oracle commenced a cash tender offer (the "Offer") to acquire all of the issued and outstanding shares of Cerner's common stock for a purchase price of \$95.00 per share, net to the holders thereof in cash, without interest and subject to any required tax withholding. Following the completion of the Offer on June 6, 2022, Merger Subsidiary merged into Cerner effective June 8, 2022, with Cerner continuing as the surviving corporation and as a wholly owned indirect subsidiary of Oracle. As a result of the Merger, the shares of Cerner's common stock ceased to be publicly held.

Subsequent to completion of the Merger, on December 7, 2022, all assets of the Cerner Corporation Foundations Retirement Plan (the "Cerner Plan") were merged into the Oracle Corporation 401(k) Savings and Investment Plan (the "Oracle Plan"). Assets were liquidated and reinvested in similar or like investment options within the Oracle Plan. The Oracle Plan (i) meets the requirements of Section 401(a) of the IRC, and (ii) includes a qualified cash or deferred arrangement within the meaning of Section 401(k) of the IRC.

(2) Description of the Cerner Plan

The following brief description of the Cerner Plan is provided for general information purposes only. Participants should refer to the Cerner Plan prospectus and summary plan description for a more complete description of the Cerner Plan's provisions, which are documents available from Cerner, the former administrator of the Cerner Plan. The Cerner Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Cerner Plan was adopted by the Board of Directors of Cerner effective November 1, 1987. All associates of Cerner and its United States subsidiaries were eligible for participation in the Cerner Plan upon attaining age 18 except for the following:

- Associates whose employment was governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provided for participation in the Cerner Plan;
- Certain non-resident aliens who had no earned income from sources within the United States;
- Associates that would fall within the Internal Revenue Code's definition of a "leased employee";
- Associates who were previously not treated as associates of the Company, but who were reclassified as being common law employees of the Company or one of its affiliates;
- Associates who were not employed with a Participating Employer. The Cerner Plan's Participating Employers generally were those entities that (i) were a part of Cerner's controlled group of companies, and (ii) were domestic entities with their principal place of business in the United States. During 2022, the following domestic entities (which were part of Cerner's controlled group of companies) were not Participating Employers:
 - Fortified Health Solutions, Inc.;
 - Egis Systems, LLC d/b/a Fortified Health Security; and
 - Cerner International, Inc. (a Delaware corporation) and all subsidiaries of Cerner International, Inc.
- Associates who qualified as Cerner Scholars, a program for high-school students to participate in a work-based learning program.

Participant Contributions

Participants were permitted to make pre-tax and Roth contributions from 1% to 80% of their eligible compensation each year to the Cerner Plan subject to certain Internal Revenue Code ("IRC") limitations (not to exceed \$20,500 in 2022). Additionally, participants who attained the age of 50 during 2022 were able to contribute an additional \$6,500 in catch-up contributions. Participants also were generally permitted to contribute (via a rollover contribution) amounts representing eligible rollover distributions from other eligible retirement plans. Participants directed the investment of their contributions into various investment options offered by the Cerner Plan. Any contributions under the Cerner Plan that were invested in shares of Company common stock were held in a part of the Cerner Plan commonly referred to as an Employee Stock Ownership Plan or "ESOP."

Prior to April 1, 2022, new participants automatically had 3% withheld on a pre-tax basis from their compensation, unless they elected a different percentage or not to participate in the Cerner Plan. Effective April 1, 2022, new participants automatically had 4% of their eligible compensation withheld on a pre-tax basis, unless they elect a different percentage or not to participate in the Cerner Plan. An automatic escalation feature under the Cerner Plan also became effective on April 1, 2022, pursuant to which the deferral elections of participants contributing less than 6% of their eligible compensation to the Cerner Plan were automatically increased by one percentage point each year. Also effective April 1, 2022, participants were eligible to convert amounts previously contributed to the Cerner Plan on a pre-tax basis to Roth contributions using an in-plan Roth conversion.

Company Contributions

Prior to January 1, 2022, all eligible participants contributing to the Cerner Plan received a matching contribution equal to 33% of the participant's deferral contribution. Beginning on January 1, 2022, eligible participants contributing to the Cerner Plan received a matching contribution equal to 50% of the participant's deferral contribution. No matching contribution was made on the participant's deferral contributions in excess of 6% of the participant's eligible compensation. This matching contribution was discretionary, and the above percentages were subject to change by the Plan Administrator. Matching contributions were provided in the form of cash contributions allowing participants to control where such contributions were originally invested. Participants were able to diversify their matching contribution at any time. See "Vesting" below for information about the vesting of matching contributions. For the year ended December 7, 2022, matching contributions were \$36.8 million, which were attributable to Company contributions of \$36.0 million and Cerner Plan forfeitures of \$0.8 million.

Participant Accounts

Each participant's account was credited with the participant's and the Company's contributions and adjusted based on Cerner Plan earnings or losses. Participant accounts were charged the applicable expense ratio for the funds in which such participant invested. Allocations of earnings or losses were based on relative account balances. The benefit to which the participant was entitled under the Cerner Plan was the benefit that could be provided from the participant's vested account.

Vesting

Participants were always 100% vested in their participant contribution accounts. Vesting in the Company's contributions were based on years of service with the Company and its affiliates. Participants vested 50% in Company contributions after one year of service and 100% after two years of service. Participants would become fully vested in their account balance upon reaching normal retirement age (55), permanent disability, or death.

Notes Receivable from Participants

Participants were permitted to borrow from their Cerner Plan accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever was less. Loan terms were not permitted to exceed five years, except where the loan was obtained for the purchase of a primary residence, in which case the duration was permitted to be

extended to a term not to exceed 10 years. The loans were secured by the balance in the participant's account and accrued interest at a fixed rate based on the prime rate at the date of loan origination, plus 1%. In addition to loans originated under the Cerner Plan, loan rollovers from other plans were allowed in the event of an acquisition. Loans that were taken under a previous employer's plan were administered according to the terms of that plan. Principal and interest were paid ratably through scheduled payroll deductions. Outstanding loans were transferred to the Oracle Plan and amortized to continued repayment under Oracle's pay schedule.

Payments of Benefits and Transfers

Upon termination of service, a participant was permitted to elect to receive a lump-sum amount equal to the value of the vested interest in the participant's account. The Cerner Plan permitted in-kind distributions of Company common stock. In such a case, only whole shares would be distributed and the value of any fractional share would be distributed in cash.

Participants were permitted to make transfers out of the Company stock within their account at any time with no limit to the amount of stock the participant can move in any one transfer.

If a participant left employment and their vested benefit was \$1,000 or less (including amounts attributable to rollovers), and the participant did not elect a direct rollover, a lump sum distribution was made to the participant within a reasonable time after the termination of employment. This occurred regardless of whether the participant had consented to the distribution. If the value of the vested benefit was more than \$1,000 and did not exceed \$5,000 (including amounts attributable to rollovers), and the participant did not elect a distribution or direct rollover, the Cerner Plan rolled the distribution over to an individual retirement plan account designated by the Plan Administrator. This occurred regardless of whether the distribution was consented to by the participant.

Forfeited Accounts

Forfeited non-vested accounts totaled \$0.8 million for the year ended December 7, 2022. These forfeited non-vested accounts were used to offset matching contributions, as described above.

(3) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Cerner Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Cerner Plan invested in various investment securities. Investments in shares of mutual funds were valued at quoted market prices, which represented the net asset value ("NAV") of shares held by the Cerner Plan at year end. Investments in common stock, preferred stock and corporate bonds were stated at fair value based upon the closing price as reported on a recognized securities exchange on the last business day of the year. Investments in common collective trust assets were measured at fair value using the NAV practical expedient. Refer to Note (4) of these notes to the financial statements for additional information.

The Stable Value Fund was stated at contract value, as the investment contracts were fully benefit-responsive. Contract value, as reported to the Plan by Fidelity Management Trust Company (the "Trustee"), represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants were permitted to ordinarily withdraw or transfer all or a portion of their investment at contract value. Refer to Note (6) of these notes to the financial statements for further detail on the Stable Value Fund.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Cerner Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions

Company and participant contributions were recorded in the period in which funds were remitted to the Cerner Plan.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Cerner Plan document.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of the Cerner Plan were paid by the Company and are not included in the statement of changes in net assets available for benefits.

Subsequent Events

The Cerner Plan has evaluated subsequent events for potential recognition and/or disclosure through June 29, 2023, the date the financial statements are available to be issued.

(4) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. All assets in the fair value hierarchy have been valued using a market approach.

Common collective trust assets are measured at fair value using the NAV practical expedient, as outlined in FASB Accounting Standard Update 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The NAV is based on the value of the underlying assets owned by the fund. The investments that are measured at NAV have not been categorized in the fair value hierarchy. The amounts presented in the table below are provided to permit reconciliation of the fair value hierarchy to amounts presented on the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Cerner Plan's investments at fair value as of December 31, 2021:

(In thousands)	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Cerner Corporation common stock	\$ 762,934	\$ —	\$ —	\$ 762,934

Transfers between Levels

For the years ended December 7, 2022 and December 31, 2021, there were no transfers between fair value hierarchy levels for investments measured at fair value.

(5) Differences between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

(In thousands)	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ —	\$ 3,612,166
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	—	1,038
Net assets available for benefits per the Form 5500	\$ —	\$ 3,613,204

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 7, 2022:

(In thousands)	
Net decrease in net assets available for benefits per the financial statements	\$ 785,958
Change in adjustment from contract value to fair value for fully benefit-responsive investment contracts	1,038
Net decrease in net assets available for benefits per the Form 5500	\$ 786,996

(6) Fully Benefit - Responsive Investment Contract with J.P. Morgan Asset Management

The Stable Value Fund was a portfolio of synthetic investment contracts managed by J.P. Morgan Investment Management, Inc. The Stable Value Fund invested in a collective trust fund and separate account which consisted of a fixed income

portfolio, combined with investment contracts, commonly referred to as benefit-responsive wrap contracts, issued by insurance companies and other financial institutions for a fee. The fixed income portfolio consisted of investment grade fixed income securities, primarily U.S. Treasury, agency, corporate, mortgage-backed, and asset-backed. The wrap contracts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but it could not be less than zero percent. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the ability of the Cerner Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Cerner Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Cerner Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Cerner Plan sponsor or other Cerner Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Cerner Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Generally, the wrapper contracts did not permit the issuer to terminate the contracts at a value other than contract value unless the Cerner Plan lost its qualified status, had incurred material breaches of responsibilities, or had made material and adverse changes to the provisions of the Cerner Plan. The investment contracts had a 30-day redemption notice requirement.

(7) Related Party Transactions

Certain Cerner Plan investments were shares of mutual funds managed by the Trustee; therefore, those transactions qualified as party-in-interest transactions (as such is defined under ERISA). Fees paid by the Cerner Plan to the Trustee for recordkeeping services amounted to \$423,401 for the year ended December 7, 2022.

Certain Cerner Plan investments were shares of Cerner Corporation common stock. The Company is the Cerner Plan sponsor; therefore, these transactions were considered party-in-interest transactions. Certain receivables were loans to participant employees of the Company, and, therefore, these transactions were considered party-in-interest transactions.

(8) Tax Status

The Internal Revenue Service had determined and informed the Company by a letter dated February 18, 2016 that the Cerner Plan and the related trust were designed in accordance with applicable sections of the IRC. Although the plan had been amended since receiving the determination letter, the Cerner Plan administrator believed that the Cerner Plan was designed in accordance with the applicable requirements of the IRC and, therefore, believed that the Cerner Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Cerner Plan management to evaluate tax positions taken by the Cerner Plan and recognize a tax liability (or asset) if the Cerner Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Cerner Plan Administrator had analyzed the tax positions taken by the Cerner Plan, and concluded that as of December 7, 2022, there were no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Cerner Plan was subject to routine audits by taxing jurisdictions.

(9) Investment Information Certified or Provided by Trustees

The Cerner Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Cerner Plan, has certified the completeness and accuracy of the information related to investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 7, 2022.
