FINANCIAL & MANAGEMENT CONSULTING

Independent Auditors' Report

To the Plan Administrator and Management Committee of
Systems Unlimited, Inc. 401(K) Plan
Iowa City, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Systems Unlimited, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Systems Unlimited, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Systems Unlimited, Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt that Systems Unlimited, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Systems Unlimited, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Systems Unlimited, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

SYSTEMS UNLIMITED, INC. 401(K) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Plan Description

The following description of the Systems Unlimited, Inc. 401(K) Plan (the “Sponsor”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan with 401(k) features, available to all employees of Systems Unlimited, Inc. who have reached age 21 and have three months of service. Employees can enter the Plan the first day of the month after they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and amendments. The Plan was established on January 1, 1998 with the last amendment on January 1, 2022. During the year ended December 31, 2021, the Plan changed custodians from Transamerica Life Insurance Company to Reliance Trust Company.

Contributions - Participants may contribute up to 100% of their eligible compensation, not to exceed the maximum amount allowable under the Internal Revenue Code, to the Plan in the form of a salary deferral. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Sponsor may contribute to the Plan a discretionary amount as a matching contribution, and an additional discretionary contribution. In accordance with the plan document, the Company makes discretionary match contributions of 100% of participants’ elective deferrals up to 3% of eligible compensation, and 50% of elective deferrals of the next 2% of compensation for the year ended December 31, 2022. For the year ended, December 2021, the Company made discretionary match contributions of 100% of participants’ elective deferrals up to 3% of eligible compensation. There was no additional discretionary contribution for the years ended December 31, 2022 and 2021.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Sponsor’s contributions and (b) plan earnings (expenses). Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan.

Vesting - Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of countable periods of service, regardless of hours of service.

Administrative Expenses - Certain administrative expenses are paid directly by the Sponsor, while other expenses are paid by the Plan.

Payment of Benefits - Upon retirement, death, disability or termination of employment, participants may elect to receive a lump-sum distribution equal to the value of the vested portion of their account balance. Vested balances of less than \$5,000 can be distributed in a lump sum without participant election. In-service distributions are allowed for hardship and attainment of age 59 ½ as explained in the plan document. Hardship distributions are only allowed in relation to employee deferral accounts during the participant’s time of employment with the Sponsor.

Note 1 - Plan Description (Continued)

Notes Receivable from Participants - Participants may borrow from their fund account a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The maximum term of any loan is 5 years. Participants may only have two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at 3.25% to 7.5% which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures - Forfeitures of nonvested participant accounts are used to reduce administrative expenses or used to offset employer matching contributions. Forfeitures used during the year to offset employer contributions totaled \$2,200 and \$19,209 for the years ended December 31, 2022 and 2021, respectively. Forfeitures used during the year to reduce administrative expenses totaled \$0 and \$6 for the years ended December 31, 2022 and 2021, respectively. The balance of the non-vested forfeitures was \$0 and \$423 as of December 31, 2022 and 2021.

Note 2 - Summary of Significant Accounting Policies

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results may differ from those estimates.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Basis of Accounting - Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract. Since the contract value of the fully benefit-responsive investment contract is significantly the same as the fair value, there is no adjustment required to adjust the fair value of the contract to the contract value.

Investment Valuation and Income Recognition - The investment value of each fund represents contributions made, plus the proportionate share of the increase or decrease in the assets of the fund from investment earnings (interest and dividends) and realized and unrealized appreciation or depreciation in the fair value of its investments and less amounts used to pay investments and administrative expenses charged by the custodian.

Investments are stated at fair value and contract value as reported by the custodian. Shares of pooled separate accounts and registered investment companies are valued by the change in market value that represents the net asset value of shares held by the Plan at year end. Investments in common collective trusts and guaranteed interest contracts are valued at contract value, which approximates fair value. Value is based upon the average yield earned by the plan adjusted to reflect the actual interest rate credited to participants. The effective interest rate is established every six months and is based on the performance of the underlying investments.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued) - Purchases and sales of securities are recorded as of the trade date. Dividends are recorded on the ex-dividend date. The investment income shown on the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, and also those held during the year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Date of Management Review - Management has evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued.

Note 3 - Information Certified by Plan Custodian

The following information has been certified by Reliance Trust Company the custodian of Plan assets as of December 31, 2022 and 2021, respectively.

		2022	2021
Total investments	\$	9,102,120	9,347,497
Net appreciation (depreciation) in fair value of investments		1,304,841	1,195,779
Interest and dividends		-	3,266
Notes receivable from participants		156,431	121,795
Interest income from notes receivable from participants		7,005	5,838

Note 4 - Fair Value Measurement

Accounting principles generally accepted in the United States of America establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

SYSTEMS UNLIMITED, INC. 401(K) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 4 - Fair Value Measurement (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In addition to quoted market prices in active markets, valuation techniques for Level 2 inputs included:

- Pooled separate accounts (Level 2) are measured based on pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities included in the account.
- Registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The following tables present by level, within the fair value hierarchy, the plan investment assets at fair value, as of December 31, 2022 and 2021. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Description	December 31, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment company	\$ 7,816,830	7,816,830	-	-
Total investments at fair value	\$ 7,816,830	7,816,830	-	-

Description	December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment company	\$ 8,339,760	8,339,760	-	-

Note 5 - Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that are comprised of traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest as a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events are described in the contract; however, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In August 2019, the Plan entered into an investment contract with Transamerica Life Insurance Company, which maintains the contributions in pooled separate accounts, collective trusts and a fully benefit-responsive investment contract. The contract is a traditional single group annuity contract with a fixed rate of interest. The methodology for calculating the interest crediting rate is defined in the contract. Under the terms of this contract, there is no stated minimum or maximum interest rate for the fund. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses charged by Transamerica Life Insurance Company. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by Transamerica Life Insurance Company.

Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the Plan's ability to transact at contract value with the insurance company. These events are listed in the investment contract. The plan administrator does not believe the occurrence of any such events is probable.

Note 5 - Benefit-Responsive Investment Contracts (Continued)

In November 2021, the Plan entered into an investment contract with The Standard Life Insurance Company, which maintains the contributions in registered investment companies, and a guaranteed interest contract. The contract is a traditional single group annuity contract with a fixed rate of interest. The methodology for calculating the interest crediting rate is defined in the contract. Under the terms of this contract, there is no stated minimum or maximum interest rate for the fund. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses charged by The Standard Life Insurance. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by The Standard Life Insurance.

Contract value, as reported by The Standard Life Insurance Company, represents contributions made, less withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value is guaranteed by the full faith and credit of Standard Insurance Company; there are no wrap contracts supporting the liquidity of the fund. The fund is neither a mutual fund nor a bank product. Standard Insurance Company's obligations are not insured by the FDIC or any other federal government agency.

Time Period	Rate
November 4, 2021 - December 31, 2021	0.22%
January 1, 2022 - December 31, 2022	1.50%

Note 6 - Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 7 - Related Party Transactions

Transamerica Life Insurance Company and The Standard Insurance are the trustees as defined by the Plan; and 16% and 12% of the Plan's investments at fair value as of December 31, 2022 and 2021 are held in The Standard and Transamerica-sponsored mutual funds, collective trusts, and loans to participants respectively. Therefore, Transamerica and The Standard Insurance are a party-in-interest for those investments.

Fees paid by the Plan to Transamerica and The Standard Life Insurance Company for investment management services and contract administrator fees amounted to \$33,480 and \$36,579 for the years ended December 31, 2022 and 2021, respectively. Notes receivable from participants totaled \$156,431 and \$121,795 as of December 31, 2022 and 2021, respectively.

Note 8 - Income Tax Status

The Plan has adopted a standardized form of a prototype plan. The prototype plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
