Independent Auditor's Report

To the Plan Administrator
Hudson Global, Inc. 401(k) Savings Plan
Old Greenwich, Connecticut

Opinion on the 2022 Financial Statements

We have audited the financial statements of Hudson Global, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4a – schedule of delinquent participant contributions and schedule H, Line 4i – schedule of assets (held at end of year) as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors whose report dated June 24, 2022, expressed an unmodified opinion on those financial statements.

The following description of the Hudson Global, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participating members ("members" or "participants") should refer to the Prototype Plan Document and the Summary Plan Description for a complete description of the Plan's provisions. The Plan was adopted as of April 1, 2003 (the "Effective Date") by the Board of Directors of Hudson Global, Inc. (the "Company" or "Employer") for the benefit of its eligible employees and the eligible employees of any other designated organization and its participating subsidiaries.

General

The Plan is a defined contribution plan available to United States ("U.S.") employees of the Company and certain of its participating subsidiaries. Eligible employees include all full-time, part-time, and short-term temporary employees other than (1) union employees unless the collective bargaining agreement provides for eligibility in the Plan, (2) any nonresident alien with no U.S. source income, and (3) any "leased employee" as defined in Section 414(n) of the Internal Revenue Code (the "Code"), and are eligible to participate in the Plan as soon as administratively possible following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code of 1986, as amended.

The Company is the administrator of the Plan ("Plan Administrator"). The Company has delegated the authority to administer the Plan on its behalf to an administrative committee (the "Committee").

Contributions

A member may elect to make contributions on a pre-tax or post-tax basis to the Plan in amounts equal to a whole percentage of the member's eligible compensation, subject to Internal Revenue Service ("IRS") regulations. Employees who have or will have attained age 50 as of the end of the Plan year may elect catch-up contributions up to a statutory limit (\$6,500 for 2022).

The Company, in its sole discretion, may make matching contributions after the end of each plan year to each member's account in an amount equal to 50% of a member's qualified contributions for the plan year (not including catch-up contributions), which is between 1% and 6% of a member's eligible compensation. Under this formula, a member can receive a maximum matching contribution of 3% of eligible compensation. Matching contributions are allocated to Plan participants who were active employees or who were disabled on the last day of the plan year, or to participants who died or retired during the plan year. Members receive matching contributions in either the Company's common stock fund ("Hudson Global Stock Fund") or cash based on the Company's discretion. Matching contributions may be redirected immediately, subject to applicable Company policy, after they are allocated to the members' accounts. In May 2023, the Company funded \$268,063 as its matching cash contribution and \$0 for its qualified non-elective contribution for 2022.

The Company may make discretionary contributions in addition to the matching contributions in such amounts, if any, as may be determined by the Company's Board of Directors, in its sole discretion. Any such amount will not be in excess of the maximum amount deductible by the Company for tax purposes. There were no discretionary contributions in 2022.

The Plan also accepts rollover contributions (i.e., amounts which can be rolled over into a tax qualified plan from another employer's qualified plan or an individual retirement account).

NOTES TO FINANCIAL STATEMENTS

Members' Accounts

Each member's account is credited with the elective contributions made by the member and with Company matching and discretionary contributions for which that member is eligible. Members direct the investment of the contributions credited to their account into one or more of the investment funds which are available to them. For those members who do not make investment elections, contributions will default to the appropriate Charles Schwab Managed Retirement Fund based on expected retirement date. Members may also individually manage their investments in a self-directed brokerage account.

Company matching contributions may be made in either cash or units of the Hudson Global Stock Fund; however, members may immediately redirect these contributions once allocated, subject to applicable Company policy. Each member's account will be credited with its share of net investment earnings, including net appreciation or depreciation of the funds in which that account is invested. The benefit to which a member is entitled is the amount that can be provided from the member's vested account.

The Company's common stock held in the Hudson Global Stock Fund is voted by Charles Schwab Trust Company (the "Trustee") at the Company's stockholder meetings in accordance with the confidential instructions of the members whose accounts are invested in the common stock. All shares of the Company's common stock for which the Trustee receives voting instructions from members to whose accounts the shares are allocated are voted in accordance with those instructions. All shares of the Company's common stock for which the Trustee does not receive timely voting instructions are voted by the Trustee in the same proportion on each issue as it votes those shares credited to members' accounts for which it has received voting instructions from participants.

Vesting

Members vest 40% after two years of service and an additional 20% every year thereafter until completion of the fifth year of service when they are 100% vested in the Company's matching and discretionary contributions. A member also becomes fully vested in his or her Company contribution account upon disability, death, or upon reaching age 55. Members are always 100% vested in their own contributions and earnings thereon.

Member Loans

Members may borrow from their vested fund accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000 minus the highest outstanding loan balance they had in the preceding twelve months. A member may have a maximum of two loans outstanding at any time. Loans must (a) bear a reasonable market rate of interest, (b) be for a term of no more than five years (10 years if the loan is for the purpose of purchasing a principal residence), (c) be adequately secured by the balances in the member's accounts, (d) be repaid in level installments by payroll deductions, and (e) be subject to charges as imposed by the Committee. If a loan is not repaid, the Committee will cause the Trustee to deduct the total amount of the loan, with interest and other charges, from any payment or distribution. A loan may be repaid in full at any time. Partial repayments are not permitted under the Plan. The Plan values member loans receivable at cost plus accrued interest.

The carrying value of the member loans was \$11,144 and \$10,949, which includes accrued interest on member loans of \$18 and \$6 as of December 31, 2022 and 2021, respectively. The interest rates on member loans ranged from 3.25% to 6.25% and mature on various dates through December 10, 2025. The interest rate on new loans was 7.50% as of December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Payments of Benefits

On termination of service due to death, disability, retirement or other reasons, a member or member's beneficiary may elect to receive (1) a lump sum amount equal to the value of the member's vested account balance, (2) subject to certain conditions, annual installments over a certain period as selected by the member which does not exceed the member's life expectancy or the joint life expectancies of the member and the member's beneficiary, or (3) a combination of (1) and (2). The Plan automatically rolls over terminated member vested account balances between \$1,000 and \$5,000 to a Charles Schwab Individual Retirement Account if the member does not elect another form of distribution. Members may also elect to defer distributions subject to certain conditions. Participants may elect a lump sum cash payment or direct rollover for account balances under \$1,000. Members can receive in-service distributions from all their accounts under the Plan on or after attaining age 59½ and from their salary deferral account if they have a financial hardship. Hardship withdrawals must be approved by the Plan Administrator.

Forfeitures

A member who is not 100% vested in the Company contributions and is terminated prior to age 55 for reasons other than death or disability shall forfeit the non-vested portion of Company contributions. As of December 31, 2022 and 2021, forfeited non-vested Company contributions totaled \$22,804 and \$31,625, respectively. Forfeiture balances are principally maintained in a stable value fund until they are utilized. Forfeiture balances may be applied against reasonable Plan expenses as defined in the Plan document and may be used to reduce subsequent Company contributions. If the member is subsequently re-employed by the Company, such forfeited amount shall be restored to the member's account, as defined in the Plan. During the year ended December 31, 2022, the Company used forfeitures of \$26,095 to pay administrative expenses of the Plan. For the year ended December 31, 2021, the Company used forfeitures of \$25,589 to pay administrative expenses of the Plan.

Risks and Uncertainties

The Plan provides for various investment options in the Company's common stock, self-directed brokerage accounts, registered investment companies, and investment in common/collective trusts. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and members' account balances.

The Plan provides for investment in the Hudson Global Stock Fund. As of December 31, 2022 and 2021, approximately 1% of the Plan's total net assets were invested in the Hudson Global Stock Fund. The underlying value of the Hudson Global Stock Fund is dependent upon a number of factors including macro-economic conditions, interest rates, the Company's financial performance, and the market's evaluation of such performance.

Plan Termination

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it may do so at any time subject to the provisions of ERISA, as amended, and the Code. If this were to occur, all the members of the Plan would become fully vested in the amounts in their accounts, including the Company contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Presentation**

The accompanying financial statements of the Plan are prepared under the accrual method of accounting as required by accounting principles generally accepted in the United States of America ("GAAP").

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management and the Plan Trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Options and Restrictions

All of the funds contributed are held by the Plan in trust (see Note 5) and are invested by the Trustee in investment funds in accordance with each member's instructions. The investment funds available under the Plan are to be maintained by a bank, trust company, insurance company, mutual fund company or investment company. From time to time, the Committee may designate additional investment funds, withdraw the designation of investment funds, or change designated investment funds.

Investment Valuation and Income Recognition

Investments are stated at fair value, which is determined based on the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) presented in the Statement of Changes in Net Assets Available for Plan Benefits includes the Plan's gains and losses on investments bought and sold during the year, as well as unrealized appreciation (depreciation) for investments held at the end of the year.

Related Party and Party in Interest Transactions

Certain Plan investments are shares of registered investment companies and common/collective trusts managed by an affiliate of the Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The expenses of administering the Plan are generally paid by the Company except for certain trustee and investment management fees, which are charged to the Plan. Administrative expenses incurred by the Plan for services performed by the trustee totaled \$87,762 for the year ended December 31, 2022. Investment management expenses, which are paid to an affiliate of the trustee, are paid from the investment funds and are reflected in the net appreciation (depreciation) of those investments. The Hudson Global Stock Fund and member loans are also assets that qualify as party-in-interest transactions. The Plan's investment in the Hudson Global Stock Fund, which principally invests in the Company's common stock, was \$320,782 and \$544,994 as of December 31, 2022 and 2021, respectively.

Member Loans

Member loans are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Transaction and investment manager fees for each fund are charged against the Plan's assets and related rates of return. In general, other expenses of administering the Plan are paid by the Company, unless otherwise indicated in the Plan document. Qualified domestic relations order fees and certain other transaction fees are paid by the members.

Benefits Paid to Members

Benefits paid to members are recorded when paid.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, "*Fair Value Measurements*," (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value

NOTES TO FINANCIAL STATEMENTS

hierarchy under ASC 820 are described as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or that we corroborate with observable market data for substantially the full term of the related assets or liabilities.
Level 3	Unobservable inputs supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common/Collective Trusts:	Valued based on the value of the underlying assets held less liabilities, which are measured at the closing net asset value ("NAV") per unit (or the equivalent) using the practical expedient. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported NAV. The fair value of the Plan's investments in common/collective trusts are calculated each business day and can be redeemed on a daily basis without restriction. There are no unfunded commitments.
Registered Investment Companies:	Valued at the NAV (quoted market prices) of shares held by the Plan.
Hudson Global Stock Fund:	The Hudson Global Stock Fund is a unitized stock fund. The fund consists of both Hudson Global, Inc. common stock and a short-term cash component that provides liquidity for daily trading. Hudson Global, Inc. common stock is valued at the quoted market price from a national securities exchange and the short-term cash investment is valued at cost, which approximates fair value. Beginning in 2021, the Hudson Global Stock Fund is classified as Level 1 of the fair value hierarchy. The Hudson Global, Inc. common stock component is included within "Hudson Global Common Stock" and the short-term cash component is included within "Money Market Account".
Self-Directed Brokerage Accounts	Consists primarily of common stocks and mutual funds valued at quoted prices in active markets.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	December 31, 2022

- (a) In accordance with FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

NOTE 4. INCOME TAX STATUS

Effective January 1, 2009, the Plan adopted a non-standardized prototype plan sponsored by Charles Schwab Trust Company. Effective June 1, 2022, the Plan was restated to adopt a new plan document to comply with tax law changes. Schwab Retirement Plan Services, Inc. obtained an opinion letter of the Plan dated September 21, 2020, from the IRS stating that the form of the Plan is acceptable under section 401 of the Code for use by employers for the benefit of the employees. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. TRUSTEE AND RECORDKEEPER

The funds of the Plan are maintained under a trust with the Trustee. The duties and authority of the Trustee are defined in the related Trust Agreement.

The recordkeeper of the Plan is Charles Schwab Retirement Plan Services. The duties of the recordkeeper include administration of the trust fund (including income there from) at the direction of the Trustee, and the payment of benefits and loans to Plan members, and the payment of expenses incurred by the Plan in accordance with instructions from the Plan Administrator and Trustee (with the option given to members to individually direct the investment of their interest in the Plan). The recordkeeper is also responsible for the maintenance of the individual member records and to provide statements to the members detailing their interest in the Plan.

NOTE 6. LATE REMITTANCE

During the Plan year ended December 31, 2021, employee withholdings in the amount of \$400, were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The 2021 members' contributions transferred late to the Plan, listed on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, have been fully corrected to make members' accounts whole during the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PLAN MERGER

On October 29, 2021, Hudson Global, Inc. completed the acquisition of Karani, LLC, a recruiting services provider based in Chicago. Following the acquisition, beginning on January 1, 2022, all eight U.S.-based covered employees of Karani, LLC, were eligible to participate and were enrolled in the Plan. On June 1, 2022, the Plan administered by Karani, LLC (the “Karani Plan”) was merged into the Plan. As a result of this merger, the net assets of the Karani Plan, amounting to \$326,322, were transferred and included within the “Net assets transferred from other plans” on the Statement of Changes In Net Assets Available for Plan Benefits. The merger did not impact participant benefits as the benefit provisions from the Karani Plan were incorporated into the Plan.

NOTE 8. SUBSEQUENT EVENT

The Plan Administrator has performed an evaluation of events that have occurred subsequent to December 31, 2022, and through June 23, 2023, the date these financial statements were available to be issued. There have been no material subsequent events that occurred during such period that would require disclosure in these financial statements, as of or for the year ended December 31, 2022.
