INDEPENDENT AUDITOR'S REPORT

May 30, 2023

To the Board of Trustees of
NYSUT Staff 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of NYSUT Staff 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NYSUT Staff 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NYSUT Staff 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NYSUT Staff 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with general accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NYSUT Staff 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NYSUT Staff 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NYSUT STAFF 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the NYSUT Staff 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the New York State United Teachers (NYSUT) who are regularly scheduled to work more than 910 hours during a year.

Participation in the Plan is voluntary. The Plan provides that employees of NYSUT who are receiving compensation are eligible to participate in the Plan on the first day of the first payroll period after the eligibility requirements are met. The Plan's Board consists of six trustees as follows: three NYSUT management trustees who are designated by the NYSUT Executive Committee, and three trustees designated by one from each of the bargaining units. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute pre-tax and post-tax annual compensation up to Internal Revenue Code limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. NYSUT may make a qualified matching contribution to the Plan on behalf of the participants as a percentage of the employee's contribution. The matching contribution is 100% of the participant's contribution up to 4% of annual compensation.

NYSUT amended the plan as of April 1, 2021. Under the amendment, NYSUT made a one-time, non-elective employer contribution to employees under a collective bargaining agreement between NYSUT and the Legal Staff Association ("LSA") employed by NYSUT as of April 1, 2021. The contribution amounted to 1.50% of employees title and current Step of the LSA salary schedule as of April 1, 2021. Participants are immediately 100% vested in this contribution. NYSUT also made a one-time, non-elective employer contribution which effects employees under a collective bargaining agreement between NYSUT and the Communication Workers of America Local No. 1141 ("CWA"); the Professional Staff Association ("PSA"); and Management and Confidential employees employed by NYSUT as of September 1, 2021. The contribution amounted to 1.50% of their maximum base salary category, excluding longevity. Participants are immediately 100% vested in the contribution. There were no such contributions made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) NYSUT's contribution, and (b) Plan earnings/losses, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Additionally, participants are also immediately vested in NYSUT's matching contribution portion of their accounts plus actual earnings thereon.

Forfeiture

If a participant terminates employment and is less than 100% vested in their Employer Account, they may forfeit the non-vested portion of their Employer Account. A forfeiture will occur in the Plan Year that the participant receives a distribution of their entire vested account, or if they do not receive a distribution, after five consecutive one-year breaks in service. Forfeitures are retained in the Plan and will first be used to pay administrative expenses under the Plan, as directed by the Employer. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. There were no forfeitures for the years ended December 31, 2022 and 2021.

Investment Options

The Plan currently offers thirty-one (31) mutual funds, one stable value collective trust, and one participant-directed brokerage account through a regulated investment company. The stable value collective trust contract is an investment, whose objective is to preserve capital and achieve a competitive level of income over time. Participants may change their investment options daily. Upon enrollment in the Plan, a participant may direct contributions to any of the investment options. For fund investment objectives, risks, charges and expenses, participants should contact the fund manager for a prospectus.

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the fair market value of their vested account balance. Generally, loan terms range from 1-5 years. If the loan is used to purchase a primary residence, the loan may be repaid over a reasonable period of time longer than 5 but no more than 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Distributions

All distributions from the Plan are subject to the Internal Revenue Code sections governing distributions. A participant is eligible to withdraw funds from the Plan for the following reasons:

1. Termination of employment.
2. Hardships as defined by the Internal Revenue Code.
3. Death.
4. Disability.
5. Attainment of age 59 ½ while actively employed.
6. Withdrawal of rollover contribution.

A participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account in periodic installments or a participant may also request a partial one-time distribution amount.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value based upon quoted market prices for mutual funds. The Plan invests in the Fidelity Managed Income Portfolio ("MIP") stable value common collective trust fund. The Plan's interest in the MIP is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP consist primarily of readily marketable fixed income securities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan provided for various investment options in a variety of investment securities. Investment securities are exposed to various risk, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Other Income

Other income is recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by NYSUT and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment income.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: registered investment companies, which include mutual funds, are valued at the daily closing price as reported by the fund. The registered investment companies held by the Plan are deemed to be actively traded.

Participant-directed brokerage accounts: participant-directed brokerage accounts may include registered investment companies and certificates of deposit, which are valued based on quoted market prices.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2022, the Plan's investments that are measured at fair value on a recurring basis and are valued with the fair value hierarchy are as follows:

		Fair Value Measurements at the End of the Reporting Period Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
	Fair Value			
Registered investment companies	\$196,126,077	\$196,126,077	\$ -	\$ -
Participant-directed brokerage accounts	2,391,685	2,391,685	-	-
Total assets in the fair value hierarchy	198,517,762	198,517,762	-	-
Common collective trust fund measured at NAV	10,066,681	-	-	-
Total investments at fair value	\$208,584,443	\$198,517,762	\$ -	\$ -

3. FAIR VALUE MEASUREMENTS (Continued)

At December 31, 2021, the Plan's investments that are measured at fair value on a recurring basis and are valued with the fair value hierarchy are as follows:

	Fair Value	Fair Value Measurements at the End of the Reporting Period Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Registered investment companies	\$253,291,534	\$253,291,534	\$ -	\$ -
Participant-directed brokerage accounts	2,023,246	2,023,246	-	-
Total assets in the fair value hierarchy	255,314,780	255,314,780	-	-
Common collective trust fund measured at NAV	9,347,148	-	-	-
Total investments at fair value	<u>\$264,661,928</u>	<u>\$255,314,780</u>	<u>\$ -</u>	<u>\$ -</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in the registered investment funds and a stable value collective trust managed by Fidelity Management Trust Company. Plan administrative expenses of \$53,626 and \$65,751 were paid by the Plan to Fidelity Management Trust Company, the trustee of the Plan, for the Plan years ended December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions.

The Plan received \$222,000 and \$209,000 from Fidelity Management Trust Company, the trustee of the Plan, for the Plan years ended December 31, 2022 and 2021 related to revenue sharing, which is a return of service fees that Fidelity Management Trust Company receives from the Plan's investment funds. These transactions qualify as party-in-interest transactions.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have notes receivable to the Plan qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, NYSUT has the right under the Plan, subject to applicable collective bargaining, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan should terminate, the plan administrator will facilitate the distribution of account balances under the provisions of the Plan and trust agreement until all assets have been distributed to the participants.

7. ADMINISTRATION OF PLAN ASSETS

The Plan has entered into a service agreement with Fidelity Management Trust Company (Fidelity). Under the agreement, Fidelity provides trustee services, including responsibility for the safekeeping of plan assets, compliance with participant direction on investing account balances and preparation of financial information including the annual report on federal Form 5500 and annual tax reporting. Fidelity has no discretion or authority with respect to the investment of plan assets and acts solely as a directed trustee of the contributed funds. Fidelity also provides record keeping and processing services. All related fees are an expense of the Plan or NYSUT.

8. INCOME TAX STATUS

NYSUT has adopted a Fidelity Investments pre-approved plan document that has been updated with required amendments, regulatory changes and other enhancements. Although the Plan has been amended since, Fidelity Investments received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan and related trust are designed in accordance with the appropriate sections of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions through May 30, 2023, the date that the financial statements were available to be issued.
