Independent Auditor's Report

To the Retirement Committee for The Ethan Allen Retirement Savings Plan
and Plan Administrator
The Ethan Allen Retirement Savings Plan

Opinion

We have audited the financial statements of The Ethan Allen Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2022

(1) Description of the Plan

The following description of the Ethan Allen Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored and administered by Ethan Allen Global, Inc. and its subsidiaries (collectively the “Company,” the “Employer,” or the “Plan Sponsor”). The Plan was formed effective July 1, 1994 through the merger of the Retirement Program of Ethan Allen Inc. (the “Retirement Program”) into the Ethan Allen 401(k) Employee Savings Plan. On January 1, 1999, the name of the Plan was changed from The Ethan Allen Profit Sharing and 401(k) Retirement Plan to The Ethan Allen Retirement Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and is a participant-directed defined contribution plan. The Plan was established for the purpose of providing retirement benefits for the U.S. employees of the Company.

The Plan is administered by the Ethan Allen Retirement Committee (the “Committee”), members of which are appointed by the Company’s Board of Directors. The Committee is responsible for the oversight of the Plan, determining appropriateness of the Plan’s investments and monitoring investment performance. Empower Trust Company, LLC (the “Trustee”) is the directed trustee of the Plan while Empower Retirement, LLC (the “Recordkeeper”), a wholly-owned subsidiary of Empower Annuity Insurance Company of America, serves as the recordkeeper to maintain the individual accounts of each of the Plan’s participants.

Eligibility

All U.S. employees of the Company are eligible to participate in the Plan on the first day of employment. However, the following employees or classes of employees are not eligible to participate: (i) employees whose compensation and conditions of employment are subject to determination by collective bargaining, (ii) employees who are non-resident aliens with no U.S. source income (within the meaning of the Internal Revenue Code (“IRC”)) from the Company, (iii) independent contractors, (iv) employees of employment agencies and/or leased employees and (v) persons who are not classified as employees for tax purposes.

Contributions

Upon initially meeting the Plan’s eligibility requirements, each participant is automatically enrolled in the Plan with a 4% pre-tax deferral rate unless the participant elects a different rate. Employees have the right to not participate in the Plan and can decline automatic enrollment.

Participants may contribute from 1% to 100% of their compensation (as defined in the Plan), up to a maximum tax deferred contribution level of \$20,500 in 2022 and participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of \$6,500 extra in 2022, to the 401(k) portion of the Plan (as permitted by the IRC). Participants may, in addition, contribute amounts in excess of their tax deferred contribution on an after-tax basis in the amount of 1% to 100% of their compensation. The participant’s tax-deferred contribution and after-tax contribution, in the aggregate, may not exceed 100% of their compensation.

The Company, at its discretion, may elect to match participants’ pre-tax and Roth contributions to the 401(k) portion of the Plan. Participants who are employed by the Company on the last scheduled workday of the Plan year are entitled to receive the Employer matching contributions, if any. The actual contribution is made

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements

in the ensuing year. The Company elected to match 100% of the first \$500 of pre-tax and Roth contributions and 50% of the next \$1,600 of pre-tax and Roth contributions for the 2022 Plan year. As such, the maximum annual Company match, on a per participant basis, was \$1,300. For 2022, the Company made cash contributions on a pre-tax basis totaling \$2,206,987 in satisfaction of its Employer matching contribution election for allocation to the accounts of participants. The Company's matching contribution followed the participants' investment choices as of the date paid.

Employer contributions, if any, to the profit-sharing portion of the Plan on behalf of each participant are determined by the Company, although the maximum amount that can be contributed to a participant's account in any year is the lesser of (i) \$61,000 (or \$67,500 including catch-up contributions, as permitted under section 415(d) of the IRC) or (ii) 100% of the participant's compensation for that Plan year. The Company declared and paid a profit-sharing contribution of \$495,000 for the 2022 Plan year. Employer profit-sharing contributions are allocated to each participant based on each participant's compensation (as defined in the Plan) to total compensation of all participants during the year.

Vesting

All elective contributions made by participants and earnings on those contributions are 100% vested at all times. All participants shall cliff vest 100% of Company matching contributions and Company profit-sharing contributions received after three years of service.

Participants forfeit the nonvested portion of their accounts in the Plan upon termination of employment with the Company upon 100% withdrawal of their elective contributions. If a terminated participant does not withdraw 100% of their elective contributions, then the nonvested portion of their accounts will remain in the plan for a five-year period, after which it will be forfeited. Forfeited balances of terminated participants' nonvested accounts may be used at the Company's discretion, as outlined in the Plan. During the year ended December 31, 2022, the Company used \$78,635 of forfeited balances to pay for Plan expenses. The amounts of unallocated forfeitures at December 31, 2022 and 2021 were \$478,340 and \$477,382, respectively.

Investment Options

Participants direct the investment of their contributions, Employer profit-sharing contributions and Employer matching cash contributions into various investment options offered by the Plan. The Plan currently offers a broad range of mutual funds, a self-directed brokerage account and a stable value fund inclusive of a common collective trust, as investment options for participants.

Participants' Accounts

A separate account is maintained for each participant. Net investment income is comprised of dividend income and net appreciation (depreciation) in fair value of investments and is allocated daily to each participant's account on a proportional basis according to account balances so that each account bears its proportionate share of income or loss. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled to is the benefit that can be provided from the Participant's vested account.

Notes Receivable from Participants (Participant Loans)

Each participant may apply to the Recordkeeper for a loan against the 401(k) portion of that participant's account. Participants may borrow from their account a minimum of \$1,000 and up to the lesser of (a) \$50,000 or (b) 50% of the 401(k) portion of such participant's account at the time of such loan. The terms of these loans generally shall not exceed five years, and in certain circumstances, greater than five years as defined in the Plan document. If a participant's employment terminates for any reason and no payment is made by the end of the second quarter following the last payment date, the loan balances will be deemed distributed and become taxable income to the participant. Participants may continue to make loan repayments after termination of employment under procedures established by the Plan administrator.

Loans are processed by the Recordkeeper upon approval of the application. The Plan Sponsor has determined that loans shall bear interest at a reasonable rate and commensurate with local prevailing lending rates. Loan rates on outstanding loans as of December 31, 2022 ranged from 4.25% to 8.00% with maturities through 2032. Participant loans are classified as notes receivable in the statements of net assets available for benefits and measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are deducted from loan proceeds. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Distributions and Withdrawals, including Payment of Benefits

Participants may elect to receive their benefits when they reach age 59½, or when they leave the Company. The Plan also provides death benefits to the designated beneficiary of eligible participants. An employee may withdraw any or all of their after-tax 401(k) contributions and participant rollover contributions at any time; early withdrawal of pre-tax and Company match 401(k) contributions may only be made by a participant upon attaining the age of 59½ or because of serious financial hardship, subject to limitations. Distributions are usually made in cash. If a participant's account includes shares of Company stock, a participant can elect to receive a distribution in cash or stock. Unless a participant elects otherwise, in no event shall distributions commence later than sixty days after the close of the Plan year in which the latest of the following events occurs: the participant's attainment of age 65; the 10th anniversary of the date on which the employee began participating in the plan; the participant's termination date. Participants (active or otherwise) must commence required minimum distributions from the Plan beginning on April 1 of the calendar year following the later of the year in which employment terminates or the year in which the participant reaches the age of 72. If the value of the vested portion of the Participants account does not exceed \$5,000 as of termination date, such vested portion shall be distributed to the Participant or rolled over to another qualified plan as soon as practicable after their termination date.

Benefits are recorded when paid.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2022

Administrative Expenses

In 2022, administrative expenses, other than (i) certain transaction fees borne by the participants and (ii) certain audit, legal and investment advisory fees borne by the Company, were paid by the Plan, in accordance with Plan provisions, and allocated to participant accounts based upon their account balances. Fees paid for recordkeeping and trust services amounted to \$282,092 for the year ended December 31, 2022. The investment funds offered by the Plan have investment fees and expenses that are indirectly borne by the Plan and charged against the related funds' net asset values.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions, and to terminate the Plan in accordance with the provisions of ERISA. If the Plan is terminated, each participant's interest will be payable in full according to the Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace it for any reason. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results may differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at their fair values in the statements of net assets available for benefits at December 31, 2022 and 2021 with the exception of the Putnam Stable Value Fund (a separately-managed account fund investment), which its underlying investment in a common collective trust and fully-benefit responsive investment contracts are stated at fair value and contract value, respectively. The shares of registered investment companies (mutual funds) are valued at quoted market prices. The mutual funds are valued at the Net Asset Value ("NAV") of shares held by the Plan at year end based on the closing price reported on the active market on which the individual mutual funds are traded. The Company's common stock is traded on the New York Stock Exchange ("NYSE"), under the ticker symbol "ETD" and is valued at the last reported sales price on the last day of the Plan year. Plan interests in collective trusts are reported at fair value as determined based on net asset value as provided by the Recordkeeper. The fair value of the self-directed brokerage accounts is determined by reference to the fair value of the underlying securities within the self-directed brokerage accounts. The underlying investments held in the self-directed brokerage accounts are valued at the closing price as quoted on the exchange where the underlying securities are traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2022

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification 820, *Fair Value Measurement* (“ASC 820”). Refer to Note 3 for the fair value measurement disclosures associated with the Plan’s investments.

Risks and Uncertainties

The Plan’s exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of its investments. Investment securities, in general, are exposed to various risks, such as risk of foreign currency fluctuations relative to the U.S. dollar, interest rate risk, credit risk, and overall market volatility risk. During the year ended December 31, 2022, net depreciation in the fair value of investments totaled \$51,837,683. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available for benefits.

(3) Fair Value Measurements

The Plan performs fair value measurements in accordance with the guidance provided by ASC 820 for all financial assets and non-financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). ASC 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at their fair values, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the assets or liabilities, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. An asset’s or a liability’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair values of the assets or liabilities.

The following section describes the valuation methodologies used by the Plan to measure different financial assets at fair value.

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2022

Mutual Funds

Valued at the NAV of shares held by the Plan at year end based on the closing price reported on the active market on which the individual mutual funds are traded.

Collective Trusts

Valued at the NAV of the underlying assets owned by the fund, minus its liabilities and then divided by the number of units outstanding. The NAV is provided by the Recordkeeper, and is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount materially different than the reported NAV.

Self-Directed Brokerage Accounts

The fair value of self-directed brokerage accounts are based upon quoted market prices.

Common Stock

Valued at the closing price reported on the active market on which the individual security is traded.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following table presents the Plan's assets and liabilities measured at fair value on a recurring basis at December 31, 2022 and 2021. There are currently no redemption restrictions on these investments.

	December 31, 2022			December 31, 2021

(a) In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or their equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The Plan's valuation techniques used to measure the fair values of mutual funds, common stock, and self-directed brokerage accounts that were classified as Level 1 in the table above were derived from quoted market prices as substantially all of these instruments have active markets. There were no Level 2 or 3

investments as of December 31, 2022 and 2021. There have been no changes in valuation methodology as of December 31, 2022 and 2021.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

	2022	2021			
Putnam Stable Value Fund	\$ 18,600,293	\$ 3,348,978	None	Daily	None

(4) Fully-Benefit Responsive Investment Contracts

In October 2018, the Company approved the creation of a stable value fund option comprised of the Putnam Stable Value fund paired with high quality traditional guaranteed investment contracts ("GICs"), which together formed the Ethan Allen Stable Value fund. As the GIC contracts matured over the course of four years (by December 9, 2022), all assets were invested in the Putnam Stable Value fund and there was no outstanding GIC contracts as of December 31, 2022. The Putnam Stable Value Fund is a common collective investment trust. Prior to maturity in 2022, these investment contracts, which help to stabilize the value and returns of the fund, met the fully benefit-responsive investment contract criteria and, therefore, were reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The traditional investment contracts previously held by the Plan were guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. There was no crediting rate as of December 31, 2022 as the GICs matured prior to such date. The crediting rate as of December 31, 2021 was 2.22% and for the period from January 1, 2022 through December 9, 2022.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with

THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2022

the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract and (3) a material misrepresentation.

(5) Related Party and Party-in-Interest Transactions

As of December 31, 2022, the Plan held 153,900 shares in the Company's common stock, with a total fair value of \$4,066,030. As of December 31, 2021, the Plan held 167,551 shares in the Company's common stock, with a total fair value of \$4,404,920. For the year ended December 31, 2022, the Plan purchased and sold \$348,198 and \$688,230 of the Company's common stock, respectively. During 2022, the Plan received dividend income on Company common stock totaling \$280,280. Transactions involving the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA.

Certain members of the Company's management perform administrative and fiduciary duties for the Plan that qualify them as parties-in-interest and/or related parties of the Plan. Transactions between such members of the Company's management and the Plan were routine in nature and conducted pursuant to the Plan's provisions as of and during the year ended December 31, 2022. As described in Note 1, Empower Trust Company, LLC is the directed trustee of the Plan while Empower Retirement, LLC serves as the recordkeeper to maintain the individual accounts of each of the Plan's participants.

(6) Income Tax Status

In 2016, the IRS published *Revenue Procedure 2016-37*, which stated that it was ending the remedial amendment cycle program, effective January 1, 2017, and that it would review only new or terminating individually designed plans going forward. Prior to 2017, individually designed retirement plans were generally required to renew IRS determinations of qualified status every five years (referred to as the remedial amendment cycle program). As a result of *Revenue Procedures 2016-37*, the Plan was not required to obtain a new IRS determination letter upon the expiration of the previously received determination letter dated March 14, 2013, which had stated that the Plan is a qualified plan under Section 401(a) of the IRC and the corresponding trust is exempt from income tax under Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter dated March 14, 2013, the Committee believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements at December 31, 2022 or 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Subsequent Event

The Plan has evaluated subsequent events through June 26, 2023, the date the financial statements were available to be issued.
