INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Options for Southern Oregon, Inc. 403(b) Plan
Grants Pass, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Options for Southern Oregon, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Options for Southern Oregon, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2022 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the 2022 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Options for Southern Oregon, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the 2022 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the 2022 financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Options for Southern Oregon, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Options for Southern Oregon, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, as described in the table of contents, are presented for purposes of additional analysis and are not a required part of the 2022 financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The June 30, 2021 financial statements of Options for Southern Oregon, Inc. 403(b) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, Options for Southern Oregon, Inc. 403(b) Plan had not maintained sufficient accounting records and supporting documents relating to certain Options for Southern Oregon, Inc. 403(b) Plan annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, they were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Options for Southern Oregon, Inc. 403(b) Plan had excluded from the June 30, 2021 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the June 30, 2021 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the June 30, 2021 financial statements.

The predecessor auditor's report dated April 5, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the June 30, 2021 financial statements and supplemental schedules, and (b) the form and content of the information included in the June 30, 2021 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OPTIONS FOR SOUTHERN OREGON, INC. 403(b) PLAN NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Options for Southern Oregon, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Options for Southern Oregon, Inc. (the Employer) that work 20 or more hours per week. The Plan has no minimum age or service requirement for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be qualified under Section 403(b) of the Internal Revenue Code (IRC). The Plan's most recent restatement was effective July 1, 2018. The Plan Administrator oversees governance of the Plan.

Contributions

Participants may elect pretax and after tax (designated as Roth) deferrals to be contributed to their account in lieu of receiving cash payments directly as salary or wages. However, such amounts may not cause the participant's total contributions to exceed limitations provided by the IRC. Additionally, employees age 50 or older, or who will attain age 50 before the end of the calendar year, are eligible to contribute catch-up contributions up to Internal Revenue Service (IRS) limits. With approval by the Plan Administrator, the Plan also allows for participants to make rollover contributions from existing qualified plans into the Plan.

The Employer may contribute matching or other Employer contributions to the Plan at its discretion. Employees are eligible for Employer contributions upon reaching 90 days of service if scheduled to work 20 or more hours per week. The percentage of the matching contribution is to be determined by the Employer each year, up to a maximum of 6 percent of compensation. For the years ended June 30, 2022 and 2021, the Employer made a matching contribution of to 6 percent of eligible compensation. There were no other Employer contributions for the years ended June 30, 2022 and 2021.

Participants may direct the investment of their contributions into various investments offered through The Variable Annuity Life Insurance Company (VALIC), the Plan's third-party investment custodian.

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions and earnings on the specific investments held in the participant's account, and charged with an allocation of administrative expenses paid by the Plan, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of \$50,000 or 50 percent of their vested account balance, with a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest. Loan terms range up to five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time commensurate with the repayment period permitted by commercial lenders for similar loans.

OPTIONS FOR SOUTHERN OREGON, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participants are fully vested in their accounts at all times.

Payments of Benefits

On termination of employment, a participant may be entitled to receive a distribution from the Plan. The availability of the distribution depends on the amount of the participant's vested account balance. The participant may elect to receive an amount equal to the vested interest in his or her account in the either a lump-sum amount or in equal annual installments over a set number of years if the vested balance is greater than \$5,000.

The Plan provides for hardship withdrawals in the event of immediate and heavy financial need in an amount not to exceed the lesser of the participant's vested balance or the amount of the financial need. Participants aged 59½ or older may take in-service distributions from their vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than fully benefit-responsive insurance contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements. The Plan's investment in benefit-responsive fixed annuity contracts is carried at contract value, which represents invested principal plus credited interest. See Note 4 for a discussion of investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments held by plans qualified under IRC Section 403(b) are limited to registered investment companies (mutual funds) and fixed or variable annuity contracts.

OPTIONS FOR SOUTHERN OREGON, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of June 30, 2022 and 2021, an allowance has been recorded in the amount of \$62,917 and \$98,516, respectively, related to the amount of loans in default. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan documents.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses and Fees

Administrative expenses of the Plan are paid by Plan assets, or may be paid by the Employer. Plan expenses paid by the Employer are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments. Fees for the administration of notes receivables from participants are included in administrative expenses and charged directly to the participant's account.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified as complete and accurate by the custodian, The Variable Annuity Life Insurance Company (VALIC), as of and for the years ended June 30:

OPTIONS FOR SOUTHERN OREGON, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

4. Investment Contracts

The Fixed Account Plus and Short Term Fixed Account are fixed rate annuity contracts guaranteed by The Variable Annuity Life Insurance Company (VALIC) which provide a guarantee of principal and a guaranteed minimum rate of interest for the life of the contract of no less than 1 percent. Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events is not probable. There is no charge for cash surrender or withdrawals. The contracts are considered fully benefit-responsive and are reported at contract value as of June 30, 2022.

5. Related Party and Party in Interest Transactions

Certain Plan investments are managed by VALIC, the custodian of the Plan for the years ended June 30, 2022 and 2021. As defined by the Plan, these transactions qualify as party in interest transactions. Fees paid directly to VALIC for investment-related fees were \$44,671 and \$37,786 for the years ended June 30, 2022 and 2021, respectively, of which a portion is netted against investment earnings. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to the provisions set forth in ERISA.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

OPTIONS FOR SOUTHERN OREGON, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

8. Fair Value Measurements, continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Unallocated insurance contracts, which were previously classified as Level 3 investments held at fair value for the year ended June 30, 2021, are valued at contract value for the year ended June 30, 2022.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Unallocated insurance contracts: These assets are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

Assets at Fair Value as of June 30, 2022				
	Level 1	Level 2	Level 3	Total

Total investments at fair value	<u>\$14,396,186</u>	<u>\$ -</u>	<u>\$ 5,084,030</u>	<u>\$19,480,216</u>

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Nonexempt Transactions

During the year ended June 30, 2022, participant contributions totaling \$45,878 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. The Employer is taking appropriate steps to correct the situation by calculating lost earnings and interest and intends to further implement procedures to ensure that all future remittances are made within the prescribed time period.

11. Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on previously stated net assets available for benefits or changes in net assets available for benefits.

12. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
