INDEPENDENT AUDITOR'S REPORT

June 29, 2023

To the Participants and Employee Benefits Committee
Franklin Electric Co., Inc. Retirement Program

Opinion

We have audited the financial statements of the Franklin Electric Co., Inc. Retirement Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter — Prior-Year Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2021 was audited by other auditors whose report dated July 14, 2022 expressed an unmodified opinion on that statement.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.
- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2022, and delinquent participant contributions for the year then ended, are presented for the purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FRANKLIN ELECTRIC CO., INC. RETIREMENT PROGRAM
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Franklin Electric Co., Inc. Retirement Program (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information, which is available from the Plan Administrator.

General - The Plan is administered by the Franklin Electric Co., Inc. (the “Company”) Employee Benefits Committee (“Plan Fiduciary”). The Employee Benefits Committee is appointed by the Company and approved by the Board of Directors of Franklin Electric Co., Inc. The Plan's trustee was Well Fargo Bank of Minnesota, N.A. through May 2021. Since May 2021, the Plan's trustee has been Principal Trust Company (“Plan Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is a defined-contribution employee benefit plan covering substantially all eligible employees. Company matching contributions for employees are made to the Plan.

Contribution - U.S. domestic employees can contribute on a pre-tax basis and/or after-tax Roth basis from 1 percent to 50 percent of their eligible compensation not to exceed the IRS limit (\$20,500 for 2022). An additional \$6,500 'catch-up' contribution is also allowed for the year if an employee reaches age 50 by the end of the calendar year. Employees are automatically enrolled in the Plan at 3 percent contribution of wages upon employment with the Company, and automatically escalate 1 percent each year to a maximum of 6 percent unless otherwise specified by the employee.

For U.S. domestic employees the Company contributed an amount equal to 100 percent for the first 2 percent and 50 percent of the next 3 percent of the participant's total contributions, or up to 3 1/2 percent of each employee's eligible compensation. Participants also receive a service-based contribution in the range of 3 percent to 9 percent of annual compensation depending on the number of years of service to the Company.

Company contributions to the participant accounts are funded in the first quarter following the plan year.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited/charged with: (a) the participant's contributions and withdrawals; (b) Company matching contributions and service-based contributions (if applicable) made to the Plan; and (c) Plan earnings and losses, less expenses.

Allocation of earnings and expenses are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participating employees direct the investment of their contributions and account balances into various investment options offered by the Plan. The Plan currently offers a Franklin Electric common stock fund, an indexed bond fund, a stable return collective investment fund, a diversified real asset fund, various international equity funds, a small capitalization growth equity fund, a small capitalization value fund, a small-cap blended fund, a mid-cap blended fund, a large capitalization growth fund, a large capitalization value fund, a large-cap blended fund, and various target date funds as investment options for participants.

Vesting - Participants are 100 percent vested in both their own contributions and the employer match contribution at all times. Participants are 100 percent vested in the service contribution after completing three calendar years of service, with at least 1,000 hours of service completed within each calendar year. Forfeited balances of terminated participants may be used to pay Plan expenses or reduce the Matching Contribution or Service Contribution made under the Plan for the Plan Year in which the forfeiture occurs. Forfeited non-vested amounts of \$286,400 were used to offset employer contributions during the first quarter of 2023 relating to 2022 employer contributions.

Notes Receivable from Participants - Participants may borrow from their accounts up to the lesser of \$50,000 or 50 percent of the participant's account (excluding the portion attributable to Roth Contributions or amounts rolled over from a designated Roth 401(k) or Roth 403(b) retirement account in another plan). Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from 1 to 5 years for general purpose loans or up to 10 years for the purchase of a primary residence and are repaid through payroll deductions. The minimum principal amount of any loan shall be \$1,000. Interest is charged at the prime rate plus 1 percent, determined at the time the funds are borrowed, and is credited to the participant's account. The maximum number of loans that a participant may have at any one time is two. Should the participant terminate as

an employee of the Company, the balance of the outstanding loan(s) (including any accrued interest) becomes due and the participant's account may be used to pay the balance of the outstanding loan(s).

All loan fees are paid by the participant and are deducted directly from the assets of the participant's account.

Administrative Expenses - To cover administrative, recordkeeping, and trustee expenses for the Plan, each participant is charged an annual administration fee of \$78, which is assessed on a monthly basis. Additionally, participants are subject to transactional fees for process items such as loan requests, domestic relations orders, and expedited delivery requests.

Payment of Benefits - Participants may elect to receive a lump-sum distribution equal to the value of their account or receive equal monthly or annual installments over a specified period as defined by the Plan upon termination with the Company. Prior to termination, participants may receive distributions due to financial hardship or disability, in-service distributions, qualified reservist distributions, and other distributions as defined by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of Credit Risk - At December 31, 2022 and 2021, approximately 17 percent and 18 percent of the Plan's investments were invested in Franklin Electric Co., Inc. common stock. A significant decline in the market value of the common stock would significantly affect the net assets available for benefits.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Transactions - Purchases and sales of securities are recorded on a trade-date basis.

Income Recognition - Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options - The Plan's investments are stated at fair value.

The short-term investment fund includes highly liquid assets that seek to maintain a constant net asset value of \$1 per unit. The short-term investment fund is valued at the deposit account balance, which approximates fair value. Investments in Franklin Electric Co., Inc. common stock are valued at the last quoted sale or bid prices as reported on the NASDAQ Global Select Market. Together, these investments comprise the Franklin Electric Stock Fund, which is tracked on a unitized basis. The value of a unit reflects the combined market value of the common stock and the short-term investment fund. In 2021, the Franklin Electric Stock Fund was dissolved and all units were converted into shares of Company stock that are valued at the last quoted sale or bid prices as reported on the NASDAQ Global Select Market. At December 31, 2022, there were 398,325 shares outstanding with a value of \$79.75 per share. At December 31, 2021, there were 417,639 shares outstanding with a value of \$94.56 per share.

Shares of registered investment companies are valued at quoted market prices on a nationally recognized security exchange, which represent the net asset values of shares held by the Plan at year end.

Units held in the collective investments are valued based on the unit value established by the Fund for each investment on the valuation date. The Fund calculates the unit value by dividing each investments net asset value on the calculation date by the number of units that are outstanding on the calculation date for each investment. The fair values of participation units held in the various collective investments were based on the net asset value reported by the Fund manager as of the financial statement dates and recent transaction prices. The Plan Administrator, committee, participant or other authorized party may instruct

Principal in writing to redeem some or all units of the various collective investment. Redemptions will be handled by the Fund per the Participation Agreement in which the Plan Sponsor entered into with the Trust. Units will be redeemed at the unit value as determined following receipt by Principal of written redemption instructions. Redemption proceeds will generally be paid to the account within one business day after receipt of a redemption request for participant directed redemptions, but no more than six business days after such a receipt. Plan Sponsor directed redemption will follow the withdrawal terms within the Participation Agreement per the Trust and could be held up to, but not to exceed, 12 months after receipt of the request for liquidation.

Management fees charged to the Plan for investments are deducted from income earned on a daily basis, and are not separately reflected. Accordingly, management fees are reflected as a reduction of investment return for such investments.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not significant at December 31, 2022 and 2021.

Administrative Expenses - Administrative expenses may be paid by the Company or the Plan, at the Company's discretion and are recognized when incurred. An annual administration fee is paid by each participant.

3. INVESTMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*, provides guidance for defining, measuring, and disclosing fair value within an established framework and hierarchy. Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants and requires that assets and liabilities carried at fair value are classified and disclosed in the following three categories:

Level 1 - Securities valued using quoted prices from active markets for identical assets;

Level 2 - Securities not traded on an active market but for which observable market inputs are readily available; and

Level 3 - Securities valued based on significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021 (rounded):

	December 31, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Franklin Electric Co., Inc. common stock	31,766,500	31,766,500	\$ —	\$ —
Investments in shares of registered investment companies	41,208,300	41,208,300	—	\$ —
Total assets in the fair value hierarchy	72,974,800	72,974,800	—	—
Investments measured at net asset value ^(a)	113,404,500			
Investments at fair value	<u>\$ 186,379,300</u>			

	December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Franklin Electric Co., Inc. common stock	39,491,900	39,491,900	—	—
Investments in shares of registered investment companies	54,120,900	54,120,900	—	—
Total assets in the fair value hierarchy	93,612,800	93,612,800	—	—
Investments measured at net asset value ^(a)	121,832,300			
Investments at fair value	<u>\$ 215,445,100</u>			

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

There were no transfers between Level 1 and Level 2 investments during 2022 or 2021.

4. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants held by the Plan and certain administrative services provided by paid service providers are also considered party-in-interest transactions.

At December 31, 2022 and 2021, the Plan held 398,325 and 417,639 shares, respectively, of common stock of Franklin Electric Co., Inc., the sponsoring employer. Dividends of common stock of Franklin Electric Co., Inc., for Plan year 2022 were \$320,300.

5. PLAN TERMINATION

The Company has not expressed any intent to terminate the Plan. If the Plan was terminated, the termination would be subject to provisions set forth by ERISA, and the net assets of the Plan would be allocated among the participants and the beneficiaries of the Plan in the order provided for by ERISA. In the event of Plan termination, participants would become fully vested in their employer service contributions and earnings thereon.

6. PLAN MERGER

Effective December 31, 2021, the New Aqua LLC 401(k) Plan ("New Aqua Plan") and Puronics, Incorporated 401(k) and Profit Sharing Plan ("Puronics Plan") were merged into the Plan. The net assets of the New Aqua Plan of approximately \$8.5 million were transferred on January 4, 2022 and net assets of the Puronics Plan of approximately \$4.1 million were transferred on January 7, 2022. As a result of the mergers, a receivable for the plan mergers were recorded in the statement of net assets available for benefits as of December 31, 2021. Each covered employee who was eligible to participate in these plans immediately prior to the respective merger date is eligible to participate in the Plan.

7. TAX STATUS

The IRS has determined and informed the Company by a letter, dated July 24, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (the "Code"). The Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company failed to remit certain employee deferrals to the Plan in a timely manner according to DOL regulations during 2021 aggregating to \$42,771. The Company has calculated lost earnings and deposited the lost earnings into the Plan during 2022.

9. SUBSEQUENT EVENT

The Plan Sponsor evaluated subsequent events for recognition or disclosure in these financial statements through June 29, 2023, the day these financial statements were available to be issued. There were no subsequent events that would require recognition in these financial statements or disclosure in the notes thereto.
