INDEPENDENT AUDITORS' REPORT

To the Plan Trustee and Management of
Gulf Industries, Inc. Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of Gulf Industries, Inc. Profit Sharing Plan (formerly Gulf Industries, Inc. Employee Stock Ownership Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (in liquidation) of Gulf Industries, Inc. Profit Sharing Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits (in liquidation) for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gulf Industries, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gulf Industries, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Plan Trustee and Management of
Gulf Industries, Inc. Profit Sharing Plan

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gulf Industries, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gulf Industries, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

To the Plan Trustee and Management of
Gulf Industries, Inc. Profit Sharing Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GULF INDUSTRIES, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) DESCRIPTION OF PLAN

The following brief description of the Gulf Industries, Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Gulf Industries, Inc. established the Gulf Industries, Inc. Employee Stock Ownership Plan and Trust effective as of March 1, 1985. The Plan is administered by a corporate trustee (the Trustee) appointed by the Gulf Industries, Inc. Board of Directors. The Plan operated as a stock bonus plan under section 401(a) of the Internal Revenue Code (IRC) and was intended to be an employee stock ownership plan under section 4975(e)(7). As of January 1, 2021, the Plan was converted into a profit-sharing plan intended to satisfy the requirements of Section 401(a) of the IRC and renamed to its current name.

Eligibility

The Plan covered substantially all employees of Gulf Industries, Inc. (the “Plan Administrator”) and its wholly owned subsidiaries (collectively, the “Employers”) who completed one year of service with the Employers, defined as a twelve-consecutive month period during which the employee completed at least 1,000 hours of service. As of January 1, 2021, the Plan was closed to new entrants.

Contributions and Forfeitures

At the discretion of the Board of Directors, annual contributions could be made to the Plan. Allocations were based on participant compensation. Plan contributions were typically paid in cash to repurchase employee shares. Employee contributions were not permitted. All contributions to the Plan were subject to certain IRC limitations. Plan net earnings or losses were allocated to each participant’s account based on the ratio of the participant’s beginning of the year account balance to all participants’ beginning of the year account balances. Any amounts forfeited and unallocated under the Plan were reallocated to eligible participants in the plan year in which the forfeiture occurs. At December 31, 2022 and 2021, there were no unallocated forfeited amounts.

Participant Accounts

The Plan was established as a defined contribution plan under which a separate individual account was established for each participant. As of each valuation date, which is the last day of the plan year, the account of each participant who had completed 1,000 hours of service during the plan year and who had not terminated employment with the Employers prior to the last day of the plan year was credited with an allocation of the Employers’ contributions and forfeitures, if any. Only those participants who were eligible employees of the Employers as of the last day of the plan year would receive an allocation. Allocations were based on a participant’s eligible compensation relative to total eligible compensation.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

(1) DESCRIPTION OF PLAN (CONTINUED)

Voting Rights

Prior to the adoption of the termination amendment as discussed in Note 7, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights are to be exercised. The Trustee was not permitted to vote any allocated share for which instructions had not been given by a participant. The Trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Payment of Benefits

Upon termination of employment, a participant with a vested accrued benefit of less than \$1,000 would generally receive a distribution in a lump sum. If the vested accrued benefit was \$5,000 or more, payments were made in substantially equal annual amounts over a five-year period. If at the time a participant terminated employment, the value of his or her vested account balance was less than \$5,000, but more than \$1,000 and the participant could elect to receive such vested account balance in a lump sum by the end of the following plan year.

Pursuant to the Plan termination described in Note 7, participants received their vested account balances in one of three ways: paid directly to the participant, rolled over to another qualified retirement account, or rolled over into an existing 401(k) account with Gulf Industries, Inc. All benefits were paid out as of December 31, 2022.

Plan Termination

As of December 31, 2022, the Plan has been liquidated, as further described in Note 7.

Vesting

Participants were automatically vested upon the Plan's termination, and prior to that, upon death, disability, or retirement. If a participant's employment with the Employers ended for any reason other than retirement, permanent disability, death, or the Plan's termination he or she vested in the balances in his or her account based on total years of service with the Employers as follows:

<u>Years of Service Completed</u>	<u>Percent Vested</u>
Less than 2	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the accounting principles generally accepted in the United States of America (GAAP) promulgated by the Financial Accounting Standards Board (FASB). As a result of the Plan's termination as described in Note 7, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

The Plan has evaluated subsequent events through June 16, 2023, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments in mutual funds are recorded at fair value as determined from quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation or depreciation in the fair value of investments is calculated based on the changes in values from the beginning of the period to the end of the period. Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

(3) INCOME TAX STATUS

The Internal Revenue Service ("IRS") had determined and informed the Employers by a letter dated October 28, 2013, that the Plan and related trust was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GULF INDUSTRIES, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

(3) INCOME TAX STATUS (CONTINUED)

Through a letter dated July 8, 2022, the IRS determined the termination of the Plan did not affect the Plan's qualification for federal tax purposes under the IRC.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

(4) ADMINISTRATION

The Plan's assets are held by the Trustee of the Plan. Contributions to the Plan are held and managed by the Trustee, who is responsible for the investment and management of all Plan funds. Certain administrative functions are performed by employees of the Plan Administrator. No employees receive compensation from the Plan for such services. The Plan Administrator has absorbed substantially all of the costs of the Plan's administration.

(5) FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan did not use any Level 2 or 3 inputs in measuring fair value of the Plan's investments at December 31, 2021. The Plan did not hold any investments as of December 31, 2022.

Level 1 Fair Value Measurements

The fair value of the money market account and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

(5) FAIR VALUE MEASUREMENTS (CONTINUED)

	2021			Total

Mutual funds	32,439	-	-	32,439
Investments at fair value	\$ 917,619	\$ -	\$ -	\$ 917,619

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2022 are reported as additions in the Statement of Changes in Net Assets Available for Benefits.

(6) EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has a number of service providers. Such providers are also considered parties-in-interest under ERISA. Payments to service providers for professional fees totaled \$1,651 for the year ended December 31, 2022. These qualify as party-in-interest transactions; however, they are exempted from the prohibited transaction rules of ERISA.

(7) PLAN TERMINATION

On October 30, 2020, the Board of Directors of the Plan Sponsor adopted a resolution to enter into a Stock Purchase Agreement with a third party to sell all of the issued and outstanding shares of Company stock currently held by the Plan in return for a payment of \$2,800,000. The transaction was finalized and effective as of November 2, 2020. In connection with the agreement, the Board adopted a resolution authorizing the Corporation and its officers to take action to terminate the ESOP in accordance with the Employer Retirement Income Security Act of 1974, as amended.

On February 18, 2021, the Board of Directors of the Employers formally adopted the termination amendments to terminate the Plan effective January 1, 2021. As such, the Plan no longer constitutes an Employer Stock Ownership Plan as defined in Section 4975(e)(7) of the Code or Section 407(d)(6) of ERISA and is converted effective such time into, and shall thereafter constitute, solely a profit-sharing plan that is intended to satisfy the requirements of Section 401(a) of the Internal Revenue Code. As of the termination date, no new or rehired employees were permitted to commence or resume participation in the Plan. Each participant in the Plan affected by the termination became fully vested in their account balances as of January 1, 2021.

On March 26, 2021, the Plan paid out the first round of distributions to Plan participants amounting to approximately 80% of plan assets. On October 11, 2022, the Plan distributed the remaining assets.

Upon completion of the termination process, including distribution of any remaining assets held in the Plan, the Trust as defined in the Plan ceased to exist.
